## COMMENCEMENT EXERCISES

The Eighty-ninth Commencement of the New York Medical College, Flower and Fifth Avenue Hospitals was held on Wednesday, June 9, 1948 at the New York Academy of Medicine. After the Processional, the Invocation was pronounced by the Right Reverend John Insley Blair Larned, D.D., L.L.D., Bishop-in-charge of the American Episcopal Churches in Europe. The Introductory speech was made by President and Dean J. A. W. Hetrick, M.D.

Brigadier General George E. Armstrong, U. S. Army, the Deputy Surgeon General, made the Address to the Graduating Class. In addressing the class, the General gave them much advice, among which he stated that each graduate must clearly understand that this highly important day in their career is not the completion of their medical education, but one milestone in the preparation for that broader and more comprehensive course which they all will meet in the "career university."

Following General Armstrong's address, the traditional Hippocratic Oath was administered by Dr. Joseph H. Fobes, Professor of Graduate Surgery. The degree of Doctor of Medicine was then conferred to the class of 1948 by Dr. J. A. W. Hetrick, President and Dean, and Mr. Charles D. Halsey, Chairman of the Board of Trustees. The class consisted of 108 men and 11 women, and is the largest class to be graduated from our College in the past twenty-five years. After the conferment of degrees, each of the graduates was invested with the traditional Doctor's Hood. Gold diplomas in honor of fifty years of medical practice was then awarded to the nine surviving members of the class of 1898.

Mr. Chauncey L. Landon, Secretary of the Board of Trustees made the following awards: The William Cullen Bryant Award presented by the Board of Trustees for outstanding achievement in scholarship to Arnold Irvin Turtz. The Conrad Engerud Tharaldsen Award presented by the Faculty to Arnold Walter Pensig.

The Benediction was pronounced by the Right Reverend John Insley Blair Larned.—Recessional.

### ALUMNI DAY ACTIVITIES

Alumni Day was held on Tuesday, June 8, 1948. The attendance was excellent and although there was no accurate method of de-

termining the actual number, it is believed to have been the largest attendance in recent years.

The day's activities were started at 10:30 A.M., in the College Auditorium by the first Annual Alumni Day Lecture given by Dr. John D. Stewart, Professor and Director of Surgery at the Buffalo University School of Medicine, entitled "Massive Hemorrhage from Peptic Ulcer." Dr. Stewart's talk was enthusiastically received, and although there was no open discussion from the floor, many alumni had interesting and intimate discussions with Dr. Stewart on this problem, in an informal and stimulating manner.

The lecture was followed by a luncheon at which we were guests of the Board of Trustees of the College and the Hospital. More than 300 were present at this luncheon which was served in cafeteria style, with excellent food and no limit to the number of courses desired. We would indeed be ungrateful if we did not express our appreciation, first to the Board of Trustees for their generosity, and then to Dr. Beeler, Miss Snyder, and their kind helpers for the wonderful manner in which the luncheon was handled.

Following the luncheon, the annual business meeting was held in the Auditorium.

#### ANNUAL BUSINESS MEETING

Meeting called to order at 1:55 P.M.

Present—about 35 members.

President Wershub opened the meeting by recalling that our former president, Dr. Borrelli, at last year's annual meeting had spoken of the increased operating expenses of the Association, and had asked for a larger paid up membership, which would insure more activity and interest in our Alma Mater. Dr. Wershub said he was pleased to advise that for the year May 1, 1947 to May 1, 1948, we had a paid up membership of 876, which is many more than we had in any other year of our existence.

The Recording Secretary reported that there had been one meeting of the Board of Directors during the year, held on Thursday, March 4, 1948, which was attended by thirteen members of the Board. The object of that meeting was to make arrangements and preparations for Alumni Day Activities to be held on Tuesday, June 8th.

The Necrologist, Dr. Bingham, reported the death of thirty of our graduates during the past year, all appearing in the Chironian.

The Treasurer, Dr. Hayner, reported the following balance in our General Fund at The Corn Exchange Bank. \$1,931.68 together with 2—\$500.00 War Bonds, making a grand total of \$2,931.68.

Dr. Fobes, reporting on the Chironian, advised that the net cost of each issue for the past year had increased to approximately \$235. due to higher costs and larger mailing list. He believed, and all present agreed with him, that the Chironian had become an interesting and newsy organ of our Alumni and Institution, and was very well worth continuing its publication.

Dr. Lindsley F. Cocheu's report, as Chairman of the Elections Committee, was then read. Elected to serve for the following year were:—

|                          |                        |
|--------------------------|------------------------|
| President .....          | Leonard Paul Wershub   |
| 1st Vice-President ..... | John Herrlin, Jr.      |
| 2nd Vice-President ..... | Lawrence B. Slobody    |
| 3rd Vice-President ..... | Jessie Labanowski      |
| Rec. Sec'y. ....         | Alan R. Cantwell       |
| Corr. Sec'y. ....        | Raymond L. Liddell     |
| Treasurer .....          | J. Clifford Hayner     |
| Necrologist .....        | Anson H. Bingham       |
| Exec. Officer .....      | Walter L. Mersheimer   |
| Directors .....          | Fraank J. Borrelli     |
|                          | Milton J. Wilson       |
|                          | Sprague Carleton       |
|                          | Philipp J. R. Schmahl  |
|                          | Joseph H. Fobes        |
|                          | Van Alstyne H. Cornell |

Dr. Borrelli offered a motion which was seconded and passed that a vote of thanks be given to Dr. Fobes for the good work he has done as Editor of the Chironian.

*Doctors Sick Benefit Fund:*—Dr. Gaines arose to ask about this Fund. He was advised that it had been used in several cases, but that the fund had not been added to. Discussion then followed as to how we could add to the Fund, and resulted in the following motion by Dr. Wilson, which was seconded and passed. "When sending out bills for dues to our Alumni, to also make a request for a voluntary donation to be added to the Sick Doctor's Benefit Fund." Suggestion was also made that we might make requests for donations in the Chironian.

*Lay Secretary.* At this time the lay secretary was asked to leave the room for a while. During his absence the meeting discussed the matter of his salary—the high cost of living—the increased amount of work during the past few years. Upon his return he was advised that the meeting voted him a bonus for the past year, and an increase in salary to begin immediately.

Meeting adjourned at 2:35 P.M.

## ALUMNI BANQUET

The annual Alumni Dinner was held in the evening at the Plaza Hotel. An extremely large attendance enjoyed a delightful evening. President Wershub first called upon the Déan to speak. The Dean's address took up some of the problems connected with the institution, stressing the fact that in over 2,300 applications, for a freshman class of 124, each applicant was interviewed. No favoritism was shown and each one had a fair chance to demonstrate his achievements for admission.

Inauguration of the Alumni Award was then explained by Dr. Borrelli, who on behalf of the Alumni Association presented this year's award to Dr. Murdock of the graduating class. Sliver Senate Key Rings were presented by Dr. Herrick to members of the class who had served as Senators of the Student Association. Those who had served for one year were:—James M. Keegan, Robert L. Sherman, Arnold I. Turtz, Alvin S. Medoff and William R. Thompson. Also—David M. Tormey who was Senator in his sophomore and junior years, and, Charles Lewis Murdock, serving as Senator during his sophomore, junior and senior years, as well as being president of the Senate in his senior year.

The class of 1923, who were celebrating the 25th reunion of their graduation, showed a splendid class spirit in the presentation of \$1,000. to the fund of the College.

As guests on the dais were the three retiring Professors, namely, Dr. Reuel A. Benson, Professor of Pediatrics; Dr. Otis N. Cope, Professor of Physiology; and Dr. Van Alstyne Cornell, Professor of Dermatology.

Dr. Frederick W. Seward, of Goshen, N. Y., was the only fifty year graduate of the nine surviving members of the class of 1898, who was present. Dr. Seward and his wife graced a year table in front of the speakers' table.

During the evening the college quartet sang many fine selections, and added greatly to the pleasure of the occasion.

Dr. Martin Stone, Chairman of the Alumni Banquet, deserves a unanimous vote of thanks for his untiring efforts, great patience and diligence in the work of making an affair of this size so successful. A vote of thanks is extended to Dr. Glasser for his efforts in making the Annual Alumni Lecture a success.

May I take this means of extending my thanks to those who have so enthusiastically and loyally co-operated in solving the many problems that came up during the course of the year.

LEONARD PAUL WERSHUB

*President*

## 103 YEARS OF SERVICE

This June marked the retirement of three department directors whose collective service to the College totals all together one hundred and three years. The retiring directors, in order of the length of their connection with the College, are VanAlstyne H. Cornell, Director of the Department of Dermatology, first appointed to the faculty in 1903; Reuel A. Benson, Director of the Department of Pediatrics appointed in 1906; and Otis M. Cope, Director of Physiology, who has served on the faculty since 1932.

In honor of the occasion, a Committee under the direction of Lindsley F. Cocheu, planned a banquet and program. This Committee consisted of the Dean, the Misses Yohannan, Kempton, and Mac Grady, and Doctors Beeler, Haig, Silberman, and Slobody; the eighty-five guests who represent the Faculty Council, and the members of the departments of the three guests of honor.

An informal reception in the Student Lounge preceded the banquet which was served in the main foyer of the College. Following the dinner, Dean Hetrick spoke with feeling of the long years of valued service to the College given by Doctors Cope, Benson, and Cornell, and of their contribution to the growth of the institution. Each of the retiring professors was then presented with several tokens of the affection and esteem, in which they are held by their colleagues.

Each of the directors received a gold service pin, which in the case of Doctors Benson and Cornell has a small diamond mounted in it, denoting the service beyond 20 years. Dr. Cope's pin has a ruby denoting 15 years of service. Each also received a beautiful hand illuminated scroll prepared by Mr. Tritsch which bore the signatures of the members of the Faculty Council, and the members of the director's own department.

The final surprise of the evening was the presentation of an exquisitely detailed miniature of the College mace. During the dinner, music was provided by members of the graduating class. John Siudmak played several piano compositions and the Quartet consisting of Robert Goldberg, Robert Sherman, Joseph Fratianni, and John Pisanano sang several selections.

## ANNUAL COLLEGE BALL

The Seventh Annual College Ball was held in the Grand Ballroom of the Plaza, on Friday evening, June fourth, under the auspices of the Student Government Association. Jerry Jerome's orchestra provided music for dancing from nine until two. The evening was highlighted by two innovations: the Senior Grand March, led by the Class President, Charles Lewis Murdock and Mrs. Murdock, and the inauguration of Cor et Manus, newly founded honorary society. At 11:30 p.m. Dr. Lawrence Slobody made an introductory address in which he explained the purpose and organization of the society and the 'tapping' ceremony which was to occur at midnight to initiate the new members. From the standpoint of students and faculty alike, the dance was a great success. The Student Association was happy to see such a grand turnout of faculty and alumni.

Members of the Annual College Ball Committee were:

### SENIORS:

Alvin Donnenfeld  
Dorothy English  
Joseph J. Ferrari  
Marjorie Paschke

### SOPHOMORES:

Elmar Bergartt  
Robert L. Samilson  
Alexander G. Vongries

### JUNIORS:

Edward Ferguson  
Katherine L. Gardner  
Eugene Hupalowsky  
Joseph L. Root, III  
Ruth H. Strang

### FRESHMEN:

Allan Ainley  
Norman M. Brust  
Walter M. Chemris  
Rita Girolamo  
Matthew B. Lesser  
Marie Pulda

William H. Keeler, *Chairman*

Miss Kathleen MacGrady,  
*Director of Student Personnel.*

## DEAN'S BIRTHDAY PARTY

April 29th, 1948 witnessed a most gala occasion. Nearly four hundred members of the faculty and students got together to honor Dr. J. A. W. Hetrick on his birthday. Warren Simms, renowned prestidigitator, entertained with an hour of modern magic. A reception followed in the lobby of the college. Proceeds of the evening, amounting to seven hundred dollars, went to the Student Loan Fund. The members of the Student Association wish to take this opportunity to thank Dean Hetrick, faculty members, alumni and friends for their support and generous contributions to the Student Loan Fund.

## SOCIAL SERVICE CHILDREN AND THE CIRCUS

For many years the Madison Square Garden has donated tickets for underprivileged children for the circus and rodeo. Long before the event is scheduled to appear in New York City, the Social Service Department is deluged with children coming in with the request to Miss Cunningham, who has charge of the tickets, "Can I go to the circus, (or the rodeo)?"

On May 3rd sixty children and six adults accompanying them attended the circus, being transported in a Fifth Avenue double decker coach to and from Madison Square Garden. The garden was filled to the rafters with a very appreciative audience. As soon as they were seated the immensity of the Garden and the prospect of seeing what they had never seen before was awing to them. In a few moments, when this mood passed, the vendors of peanuts, popcorn and ice cream, and the souvenir salesmen excited them to the extent that the children called for all these things. The Social Service Department always gives a certain amount of money to satisfy some of these longings, knowing they are underprivileged children. As soon as the circus begins and the well-trained animals appear, the children forget candy and popcorn and their eyes are glued on the opening acts. When the clowns appear, a chorus of uncontrolled laughter is heard throughout the Garden and continues to the end of the circus. The children were greatly mystified at the appearance of a miniature car from which a large group of midgets emerge followed by a huge, oversized man.

This year the special feature was "The Night Before Christmas". The Christmas carols were sung by the entire group of children. They all knew Jingle Bells and their little throats almost burst with their favorite song.

Oftimes mothers are included among the adults. This year two mothers went to the circus with their children. Neither one had ever seen a circus before and it is a question who enjoyed it most, the mothers or the children. The mothers returned to the Social Worker and expressed their pleasure in going, saying that they and the children were still talking over the many acts they saw at the circus. The drab surroundings of their own homes are forgotten in the midst of the magic about which they reminisce. The Fifth Avenue coach returned to the hospital with the sounds of song by all the children from within.

## DEPARTMENT OF PEDIATRICS

The Department of Pediatrics announces the award of the annual pediatric prize for the Case Report as follows:

First Prize—Anthony Vasilas, M.D.

"Congenital Anomalies of the Rectum and Anus"

Second Prize—Dorothy A. English, M.D.

"Tuberous Sclerosis, with Report of a Case".

These two papers were selected with great difficulty from a group of 10 reports, which were of outstanding quality. All of the papers in this group deserve honorable mention and will be submitted for publication when opportunities are available. They are as follows:

"Functional Disorders in Infancy and Early Childhood".—Paul Benedict, M.D.

"A Study of Interventricular Septal Defect with Stokes-Adams Syndrome." — Earl Siegel, M.D.

"Two Factors in the Differentiation of Rheumatic and Non-Rheumatic TYPES OF SYDENHAM'S CHOREA". A Study of 97 Cases—Robert L. Sherman, M.D. and I. Howard Kaiser, M.D.

"A Personality Study of the Children On a Chronic Disease Ward".—Martin E. Silverstein, M.D.

"Celiac Disease and its Relation to Allied Disorders As We Understand It To-day". —Jerome Strachman, M.D.

"The Problem of Hepatitis in Pediatrics". —William Keeler, M.D.

"Hereditary Disease".—E. A. Clerkin, M.D. and V. L. de Ciutiis, M.D.

"Acute Infectious Lymphocytosis".—Mor-ton Connor, M.D. and Arnold W. Pensig, M.D.

REUEL A. BENSON, M.D.

*Director of Pediatrics*

### CORRECTION

William J. Martin, Jr., class of '37 writes: "This is not a 'personal' but a note to keep the record straight. In the April '48 Chironian under the write-up on Dr. Louis Kasman, it refers to his joining the Second Auxiliary Surgical Unit. Dr. Kasman was assigned to and went overseas with the Fourth Auxiliary Surgical Group, Third Army. I know these facts because I was a member of the same group with Dr. Kasman."

## DOCTORS SICK BENEFIT FUND

A little over a year ago your Alumni Association received from the Women's Auxiliary of the Flower and Fifth Avenue Hospitals, a sum of money to be kept in trust for them, this fund to be used only in needy cases of sickness of members of the Alumni Association who may be made more comfortable by a financial lift. A committee from the Women's Auxiliary and one from the Alumni Association are to pass judgment on such cases. At the annual meeting of the Alumni Association held on June 8th, this question came up for discussion. It was discovered that the fund had been used on several occasions—but that no additions had been made to it. Of course we all know that a condition like this cannot long endure,

### THEREFORE

If you have a couple of dollars, or any larger amount that you can spare, won't you kindly write out a check to the Doctors Sick Benefit Fund, and send it to the Alumni Association, New York Medical College, 1 East 105th Street, New York, 29, N. Y.

### DO IT NOW

---

## COR ET MANUS

COR ET MANUS is a newly organized society, founded by a group of interested alumni, who wish to provide recognition to students who, throughout their undergraduate years, have substantially contributed to the ideals of the college.

The members are selected on the basis of outstanding service that has been rendered to the medical college in the furtherance of its community program. These students have demonstrated their loyalty and devotion to the aims and objectives of the college, which embody those qualities that make for the highest type citizen and physician.

Scrolls signifying membership are awarded at the last student function of the academic year. The following men and women from the class of 1948 were initiated at the Annual College Ball, on June fourth:

|                         |                         |
|-------------------------|-------------------------|
| Edward J. Bowen, Jr.    | Miss Dorothy A. English |
| Arthur L. Chambers, 2nd | Robert Hidey            |
| Harold R. Cottle        | William H. Keeler       |
| Alvin M. Donnenfeld     | Charles Lewis Murdock   |
| John Siudmak            |                         |

## DEPARTMENT OF GRADUATE SURGERY

In Graduate Surgery starting in October 1947, and finishing June 15, 1948, the following men satisfactorily completed the course:—

Cavanagh, Michael Joseph  
Ferguson, Maurice L.  
Gormley, James  
Honig, Charles  
Kauder, Warren G.  
Kuhn, Richard E.  
Lanfranchi, Geo. P. B.  
Pickett, Elizabeth P.  
Marchese, Vincent  
Slater, Gregory Santos  
Smith, Charles A.  
Theis, Alfred J.

The new group will start on October 4, 1948, with a Graduate Fortnight in the Academy of Medicine followed by the usual work throughout the year. A class of twenty-two has already been selected. There have been over seventy applications in all.

In the early part of June, the graduate surgery students were hosts at a cocktail party at the Phi Gamma Delta club in New York City. Many of the faculty members were present and it was a thoroughly delightful occasion. The class honored the Director by presenting him with a beautiful Ronson lighter, suitably engraved. Most of the class has obtained residencies:—

Michael Joseph Cavanagh,  
Coney Island Hospital, Brooklyn  
James Gormley,  
St. Catherine's Hospital, Brooklyn  
Charles Honig,  
Paterson General Hospital  
Richard E. Kuhn,  
Hackensack Hospital, Hackensack, N. J.  
George P. B. Lanfranchi,  
St. Thomas Hospital, Akron, Ohio  
Elizabeth Pauline Pickett,  
N. Y. Infirmary for Women and Children  
Vincent Marchese,  
Gouverneur Hospital, New York City  
George Santos Slater,  
Wyckoff Heights Hospital, Brooklyn  
Charles A. Smith,  
Paterson General Hospital

Alfred J. Theis,  
Wyckoff Heights Hospital, Brooklyn

The following poem was read at the cocktail party:—

In early October, there came upon the scene,  
A full dozen fellows, wide, awake, and keen.

Cavanagh, the Irishman, a good-looking mick,  
His answers are ready, his reaction quick.

Long, lanky Fergeson, husky Texas steer,  
His drawl we got used to, at first it seemed queer.

Gormley hails from Pennsylvania State,  
When answering questions, he never is late.

Charles Honig, with knowledge extensive,  
All things to him are quite comprehensive.

Kauder from Jersey—thyroid is no question,  
His keen scalpel completes the dissection.

Kuhn, the giant—his honors are worn,  
His intellect great is matched by his braun.

Lanfranchi, a studious retiring gent,  
However, his mind on great things is bent.

Marchese, a man with knowledge keen,  
You only must ask him, and it will be seen.

Betty Pickett you seemed very sad,  
Anatomy is passed, I'll bet you are glad.

Slater, my boy, you seem very sober,  
I'm sure you are happy that Basic is over.

Fate sought to conceal him by naming him  
Smith,  
But time will disprove this, and that is no myth.

Theis is the name at the end of the class,  
Maybe in years he'll be first—not the last.

The year is done, I'm sad it is so,  
So long and Good Luck,  
from "Uncle Joe".

#### TRY PABENA ON YOUR VACATION

Vacations are too often a vacation from protective foods. For optimum benefits a vacation should furnish optimum nutrition as well as relaxation, yet actually this is the time when many persons go on a spree of refined carbohydrates. Pabena is a food that "goes good" on camping trips and at the same time supplies an abundance of calcium, phosphorus, iron and vitamin B complex. Pabena can be prepared in a minute, *without cooking*, as a breakfast dish or used as a flour to increase the mineral and vitamin values of staple recipes. Packed dry, Pabena is light to carry, requires no refrigeration. Easy-to-fix Pabena recipes and samples are available to physicians who request them from Mead Johnson & Company, Evansville, Indiana.

## SOCIETY OF THE NEW YORK MEDICAL COLLEGE

It may be of interest to the Alumni Association to note that the Society of the New York Medical College had its first meeting in March when a constitution and by-laws were accepted. There have been two meetings since on the third Tuesday of April and May. The Society memberships approach nearly 600 taking in Metropolitan Hospital, Queens General Hospital, City Hospital, Morrisania Hospital, Flower and Fifth Avenue Hospitals and other affiliated institutions. The requisite for membership to the Society is membership on the faculty.

At the first meeting on March 16, Dr. Borrelli presented an interesting paper on the aspects of the atomic bomb together with a very good motion picture. At the April meeting, the Dean reported on the method of examining applicants for the college, pointing out that each man interviewed, of which there was over 2,300, had a fair examination as to his fitness. About 120 will be accepted for the freshman class. We also had reports from the Hospital administrator, Dr. J. Moss Beeler, and the chairman of the Hospital Committee, Dr. Lindsley F. Cocheu. Dr. William J. Wheeler, Jr. reported on City Hospital, and Dr. Chester Davidson reported on the Queens General Hospital. Dr. James W. Benjamin, chairman of the Research Committee of the Faculty gave an interesting talk on the methods of accepting research problems. Dr. Linn J. Boyd, Chairman of the Nominating Committee reported that the new officers were:

President ..... Dr. Joseph H. Fobes  
Vice-President .... Dr. Leon S. Loizeaux  
Rec.-Sec'y. .... Dr. Henry J. Caes  
Corr.-Sec'y. .... Dr. James Benjamin  
Treasurer ..... Dr. Laurence Slobody

Dr. Alfred Angrist, Associate Professor of Pathology and Pathologist to Queens General Hospital presented the scientific paper of the evening on "The Significance of Thrombotic Non-bacterial Endocarditis in Clinical Heart Disease". This was further discussed by Dr. David Scherf, Dr. Francis Speer from Flower and Fifth Avenue Hospital and Dr. James R. Lisa.

At the May meeting we again listened to a report of the Dean and it was noted that the New York Medical College, for the first time,

will participate in the National Board Examination Part three. He also announced that the Morrisania Hospital will become affiliated with the College for both undergraduate and graduate teaching. The Hospital administrator, Dr. J. Moss Beeler then gave his report. Dr. James Benjamin noted the following projects:

1. Nutrition studies—Drs. McGavack and Schwimmer
2. Frost-bite—Drs. Boyd and Lange
3. Peripheral nerve repair—Dr. Hoen
4. Sulfa compounds—Dr. Lehr
5. A series of projects sponsored by commercial houses
6. Many academic studies—from the College research fund.

Dr. Davidson reported on some interesting cases at the Queens General Hospital. Dr. John Vieta of the Cancer Prevention Clinic reported that 500 patients had been examined of which  $\frac{1}{2}$  of 1% had been cancerous.

Dr. S. Thomas Glasser reported on the election of officers. It was declared that the new officers had been elected unanimously. The scientific paper of the evening was presented by Dr. Wilfred Ruggierro on "Protein Hyper-alimentation". This was ably discussed by several members from the floor.

The first Fall meeting of the Society will be held on September 30, 1948 at the Biltmore Hotel. It will be an informal dinner. Tickets may be obtained from the superintendents of the various hospitals. The committee to arrange dinner meetings for the Society of the New York Medical College for the fall of 1948 are:

Chairman:

Dr. Thomas H. McGavack

Representing Flower and Fifth Avenue Hospitals:

Dr. J. Moss Beeler, Superintendent

Dr. Frank J. Borrelli

Representing Metropolitan Hospital:

Dr. I. Herbert Scheffer, Superintendent

Dr. Abraham P. Matusow

Representing City Hospital:

Dr. Randolph A. Wyman, Superintendent

Dr. W. L. Whittemore

Representing Queens General Hospital:

Dr. Henry Fineberg, Superintendent

Dr. J. R. Reuling

Representing Morrisania Hospital:

Dr. Nathan Smith, Superintendent

Dr. John Duff

Ex-officio:

Dr. J. A. W. Hetrick, Dean

New York Medical College

Dr. Joseph H. Fobes, President

Society of the New York Medical College.

## IN MEMORIAM

HINMAN, ELMER L., New York, N. Y., was born in Kendall, N. Y. on January 16, 1868. He received his early education at Kendall Union School and Brockfort State Normal School. He graduated from the New York Homeopathic Medical College in 1891. He served a residency at Oswego City Hospital, and was in charge of the hospital at Fort Ontario. He also served in Commissioner Copeland's office, New York City Department of Hospitals. He was a specialist in Gastro-Enteric Diseases. He discovered "Enteronol" for stomach and bowel diseases. He had connections in a number of New York hospitals. He spent five years in Bombay, India, where he had a staff of 26 assistants. During his five year stay in India, he and his group treated millions of the inhabitants during a number of cholera epidemics, and with great success. Dr. Hinman died at Metropolitan Hospital, Welfare Island, N. Y. C. on April 14, 1948, of Diabetes and Anemia. Aged 80.

ALLEN, DR. J. WILFORD, White Plains, N. Y., was graduated from the New York Homeopathic Medical College in 1895, and in 1945 received his Gold Diploma in recognition of fifty years of service. He was a former professor of Materia Medica at our College, and a visiting physician at the hospital, specializing in chronic diseases. He was a former president of the National Association of Directors of Girls Camps, and a former teacher of camp leadership at Teachers College of Columbia University. In 1914 he founded the Po-Ne-Mah summer camp in New York State. Dr. Allen died in the Torrington Hospital on July 17, 1948, at the age of eighty-four. He is survived by his widow, the former Bertha Brush; a daughter, Mrs. Gilman Williams, and a brother, Arthur F. Allen.

BOIES, WILLIAM A., Knoxville, Tenn., was born in Long Meadow, Mass. on April 10, 1871. His early education was received at the Springfield, Mass. Collegiate Institute and at the Homeopathic Hospital in Louisville, Ky. He

graduated from the New York Homeopathic Medical College in 1896, and interned at the Flower Hospital, New York City. He was a specialist in Surgery and Gynecology. He was connected with St. Mary's, Knoxville General and Fort Sanders Hospitals, all in Knoxville, Tenn. He was a member of the Knox County Medical Society and the American Institute of Homeopathy. Dr. Boies died at his home on June 5, 1948. Aged seventy-seven.

AUSTIN, DR. ALONZO EUGENE was born in New York City in 1868, the son of Rev. A. Eugene Austin and Mrs. Isabelle J. Camp Austin. Dr. Austin was related to the Austin family which played a part in the founding of Texas. He received his early education in private schools in New York and Connecticut, and graduated from Tilton, (N.H.) Seminary in 1892, and later from Columbia College. He received his M.D. from the N. Y. College of Physicians and Surgeons in 1896, and in 1897 the N. Y. Homeopathic Medical College conferred upon him a diploma in medicine. In 1897 he received his Gold Diploma from our College in recognition of fifty years service in the medical profession. He practiced in N. Y. City for forty-nine years. He was a former professor of *Materia Medica* at the N. Y. Homeopathic Medical College and Hospital. He was on the staff of the Roosevelt and the Sloane Maternity Hospitals. For many years he was physician to the late John D. Rockefeller, Sr. He also did medical work among the Alaska Indians. He was a member of the Homeopathic Medical Society of the County of New York; the American Institute of Homeopathy; Alpha Sigma Fraternity; Guild Club; National Institute of Social Science; Kane Lodge, F. and A. M.; and since 1901, a member of Coeur de Leon Community, Knights Templar. Dr. Austin died at the Flower and Fifth Avenue Hospitals on June 30, 1948, aged eighty. His widow, Mrs. Sara Frances Hall Austin, survives.

EDGEETT, FRANK JUDSON, Amityville, L. I., N. Y., graduated from the New York Homeopathic Medical College in 1916. Dr. Edgett died on February 26, 1948, aged sixty.

GABE, MORRIS, Bronx, N. Y., was born in New York City on October 23, 1906. He graduated from New York University, and in 1931 received his Medical Degree from our College. He interned at the Jewish Memorial Hospital. He took a post-graduate course in Proctology, which later became his specialty. He was a member of the American Medical Association;

Bronx County Medical Society and the New York Proctological Society. Dr. Gabe died on May 10, 1948 at the age of 41. He is survived by his widow and two daughters, Diane and Evelyn.

## NOTICE TO ALUMNI

At the present time there are approximately 2,400 living graduates of the New York Medical College, including the class which graduated this past June. About 1,100 of the above took part in the armed forces of our Country. It is understandable that among this number of graduates, especially among the men coming back from the armed services, there could be many changes in addresses. Therefore, we are listing below the names of about 150 of our graduates, with year of graduation, for whom we have no address. Will you kindly go over this list, and if you know any of the present addresses, or can give any clue, please let us know. Your cooperation will be greatly appreciated. Address:—Alumni Association, New York Medical College, 1 East 105th Street, New York 29, New York.

## PERSONALS

Please send personal items to the News  
 Editor, 1 East 105th St., N.Y.C. 29.

1894

Frederick W. Bentley of North Tonawanda, N. Y., has recently returned from spending winter in Florida, at Miramar Inn, West Palm Beach, where he has spent a number of winters.

1895

Carl H. Wintsch, Newark, N.J., recently retired as president of the New Jersey Proctologic Society. Other of our graduates who are members of that society are Lloyd B. Whitman, '16 and Benjamin A. Treiber, '15. One of the main objectives of this society is "To see maintained in the medical profession high standards in scientific proctologic diagnosis and treatment, and the advancement of proctologic knowledge in all its phases."

1896

Dr. Herbert C. Allen and Dr. Ralph I. Lloyd, both of the class of 1896, were recently honored at the Brooklyn Nursery & Infants Hospital for fifty years of service at the hospital connected with this Salvation Army activity. A silver vase and an illuminated scroll was presented to each. Dr. Allen retired on June 29th and will remove to Yarnell, Arizona. These men graduated in the same class, served together in the old Cumberland Hospital, were inducted into the American College of Surgeons at the same time and worked at this Children's Hospital for the half century and retired at the same time.

1907

W. Leslie Harrington was appointed Chief of Staff of the East Orange General Hospital, East Orange, N.J. He has for many years been Head of the Obstetrical Department in the East Orange Hospital.

Chester R. Brown was appointed Medical Director of the Babies Hospital, Newark, N.J. He has been for many years Head of the Pediatric Department in the East Orange Hospital. Drs. Harrington and Brown roomed together in College, and as Internes at Metropolitan Hospital.

#### 1910

Clyde Overton advises that on June 1st he returned to White Plains, N.Y., with his office and residence at 68 Greenridge Avenue. The office he had in Georgetown, Conn. is closed.

Archibald C. Worth, Albany, N.Y.—When Dr. Worth retires as an oculist, he will have plenty of hobbies to keep him occupied. They are an impressive list—minerals, astronomy, navigation and wild flowers. Dr. Worth believes that it is important for everyone to have an interest which has nothing to do with his business or profession. He says, "It is a relaxation while you are still working, and a salvation when you retire. My hobbies have one thing in common,—they all keep me outdoors. They are also fine excuses for long and short automobile trips." The hobby that occupies the most house space is his mineral collection, which he began in 1940. He visited Georgia, North Carolina, Virginia and other states in quest of specimens and brought home many rock samples. His collection includes "Herkimer diamonds"; the beautiful quartz crystals from Mohawk Valley; pink quartz from Connecticut; lavender hexagonite from Edwards, St. Lawrence County; limestone from the Callahan quarry at South Bethlehem and hundreds of other specimens.

#### 1917

Earl LeRoy Wood was appointed to the Executive Committee of the Babies Hospital, Newark, N.J., representing the specialties.

#### 1932

Leon Greenberg says that he is still doing E.E.N.T. and is now located at 235 East 22nd St., N.Y.C.

Alfred D. Klein was recently promoted to Assistant Visiting Surgeon at Coney Island Hospital. At present he has similar positions at the Victory Memorial and Harbor Hospitals, both in the same borough namely Brooklyn. Dr. Klein continues his offices at the original site, but now has taken residence with his charming wife and his son (possibly Dr. Robert Alan Klein, Class of 1971) high atop 150—74th Street, Brooklyn, overlooking the harbor of our beautiful city.

Theodore Rothman is a diplomate of the American Board of Psychiatry and Neurology in both fields. He recently received his Fellowship from the American College of Physicians. He is an Adjunct in Neuropsychiatry, Cedars of Lebanon Hospital in Los Angeles, Calif. His practice is limited to Neuropsychiatry and Electroencephalography. His office is at Westwood-Wilshire Professional Bldg., 1245 Glendon Ave., Los Angeles 24, Calif.

#### 1933

Harold Eidinoff writes:—"I came out to El Paso, Texas in order to get rid of a severe generalized allergic dermatitis. I am now engaged in the practice of general medicine and allergic diseases. I am anxious to communicate with cases of intractable generalized dermatitis, as I can advise them as to

how to get rid of this disease." Address:—Harold Eidinoff, M.D. 2701 N. Kansas - El Paso, Tex.

#### 1934

Dr. Benedict V. Maniscalco, Class of 1934, wishes to announce the shortening of his family name; Maniscalco, to Manis, this change having been officially effected as of February 25, 1947. Dr. Manis is located in Coatesville, Penna. He is practicing General Medicine and Surgery, and Ophthalmology.

#### 1935

Vincent T. Laquidara was recently elected vice-president of the Leonard Hospital, Troy, N.Y.

Arthur A. Michele has been appointed Consultant Orthopedic Surgeon, United States Marine Hospital, Ellis Island, N.Y. He has also written the chapters on "Low Back Pain" and "Sciatica" for the new edition of The Merck Manual.

#### 1936

Anthony L. Lombardi is the Medical Director of the Bayamon District Hospital, Bayamon, Puerto Rico.

Dr. and Mrs. John A. Swartwout, of Washington, D.C., on the 18th day of May, had entrusted to their care a third youngster, this, the second girl. All five of us are doing well.

How about a class reunion (15 year) in 1951—Alumni Day. Ed. Calhoun would be a good one to make arrangements.

#### 1937

Edmund F. Longworth has recently been made Diplomate in Obstetrics and Gynecology. He has also been appointed to the Medical Advisory Board of the New York State League for Planned Parenthood.

Franklin J. Mascia advises that he has just finished a residency in Urology at the Queens General Hospital, after five years service in the Army. He is now practicing at 162-20 89th Avenue, Jamaica, New York.

Irving S. Shiner.—After successful completion of written and oral examination last year, Dr. Shiner was made a "Fellow of American College of Chest Physicians." He was also guest speaker at the Tuberculosis Sanatorium Conference of Metropolitan New York, where he delivered the paper of the evening on April 14, 1948, at Cornell University Medical College. Subject was "The Value of Cavernostomy in the Treatment of Pulmonary Tuberculosis".

#### 1938

Albert V. Flague gave a conference on "Urinary Incontinence following Prostatectomy. Its Treatment by Nonoperative Methods" at the annual meeting of the American Urological Association, in Boston, in May, 1948. This was illustrated by colored movies.

Dr. and Mrs. Edward Gendel are the happy parents of a baby girl, Cara Emily, born April 23rd.

Dr. and Mrs. Sydney H. Gurian, of Newark, N.J., announce the birth of their son, Samuel Bruce, on March 5, 1948. Samuel's sister, Joyce Ann, shares in her parents happiness.

1939

Dominick J. Carlisi recently opened his office for the practice of Psychiatry and Neurology in the Chamber of Commerce Building, Main Street, Flushing, N.Y. He received his training at Pilgrim State Hospital, where he had been for seven years, the last three years as Supervising Psychiatrist, and at the Psychiatric and Neurological Institute at the Medical Center, N.Y.C. He is Assistant Neurologist at the Vanderbilt Neurological Clinic at Medical Center, Clinical Assistant Neuropsychiatrist at Queens General Hospital, Flushing, and was recently appointed on the Neuropsychiatric staff of Jamaica Hospital. During the war he served as civilian Neuropsychiatrist for the Armed Forces Induction Center for the Greater New York area for four years, the latter two years as consultant. He is a Diplomate of the American Board of Psychiatry.

Eric George Norrington has recently been made Diplomate in Obstetrics and Gynecology.

Harold J. Walder writes that he is now doing Urology at the Duluth Clinic, Duluth, Minn. "Sure is nice to read the Chironian and learn a little about some of the fellows."

Robert V. Martin has opened his office at 7201 Fourth Avenue, Brooklyn, 9, N.Y., limiting his practice to Orthopedics.

1940

Walter Berlin was married during December, 1947, to Miss Norma Rosenberg, of New York City. Dr. Berlin has opened his office at 215 East 79th St., N.Y.C. for the practice of Urology.

Howard Hoffman writes: "I finally terminated my lease on the ivory tower at the Massachusetts General, and settled down to the private practice of Urology in New Bedford, Mass. A little trip to Chicago last February resulted in certification by the American Board. I believe Ernie Khoury is the only other '40er in this field. If wrong, please correct me. My wife (nee Diana Coleman) and I have one child, Robert Steven, age circa de one and three quarters. We wish you classmates would put a quib in the Chironian now and then so that we'd all know what's happening to whom. Meanwhile, it would be a great pleasure to be host to any fellow-Flower getting within highball distance of this gateway to Cape Cod."

Charles Wallace Marsh announces the opening of offices in affiliation with E. J. Keefe, M.D. at 15457 Euclid Avenue, East Cleveland, Ohio. Special attention to Obs. and Gyn.

1941

Joseph Padalino writes:—"Through some error I did not receive the last issue of the Chironian, and I would appreciate it if you would send it to me. It is always something which I enjoy so much that I hate to miss even one copy. Your kindness in this matter will be greatly appreciated."

Leo H. Schwartz advises that he has just begun a residency in Ophthalmology at the Illinois Eye and Ear Infirmary, Chicago, after completing the Basic Science course in Ophthalmology at Harvard Medical School during the past year. Joe Cavaliere '41 and Ray Tokar, '42, took the course with him. It is good to be a civilian physician again, after five years in the Army, he says.

Edward M. Wurzel.—Dr. and Mrs. Wurzel are happy to announce the birth of a second son, David Lawrence, at Naval Medical Center, Bethesda, Md., on February 28, 1948—Billy is one and one-half years old. Dr. Wurzel is Lieut. Commander in the Navy.

1942

Marguerite M. Neylan, (since July, 1946, Mrs. William J. Kelley) became a member of the American Board of Pediatrics in January, 1948.

MARCH, 1943

John David Angelides announces the opening of his office for the practice of Obstetrics and Gynecology at 35—63 78th St., Jackson Heights, N.Y. He is eligible for the American Boards of Obs. and Gyn., having just completed the required specialized training at Bellevue and Methodist Hospitals, N.Y., in conjunction with the post-graduate course in Obs. and Gyn., given at New York Medical College. He recently received an appointment on the Obs. and Gyn. Service at Flower and Fifth Avenue Hospitals.

John L. Tyler writes:—"We are now settled here after considerable travel, through the courtesy of the Army of the U.S. Have been back in the States a little over eight months, and am now with the Procter and Gamble Co. We now have two children, Patricia Anne, four years, 10 months, and Thomas Welch, who was born on April 7th this year. Would like very much to be present for Alumni Day, but find it impossible this year. Regards to the class of March, 1943, and would like to hear from some of the old gang. Address:—R.R. No. 10—Box 455B, Kenwood Road, Cincinnati, Ohio.

Dr. and Mrs. Albert Willner announce the birth of a daughter, Jane Patricia, on May 28th, 1948, at Beth Israel Hospital, Newark, N.J., who will be a playmate for their son, Joseph Harrison Willner, who is now three and one-half years of age. Dr. Willner has just completed Basic Sciences in Orthopedic Surgery at the N.Y.U. Graduate Medical School. He has a residency in Orthopedic Surgery at Monmouth Memorial Hospital, Long Branch, N. J., for next two years, which will qualify him for the Boards. He asks us to be sure to send him the Chironian, and sends his best regards to all.

Dr. and Mrs. John MacGuigan announce the birth of their first child, a daughter, Candace Cole, on June 9th 1948. Mrs. MacGuigan was the former Virginia Duncan, Dean Hetrick's secretary for several years.

DECEMBER, 1943

Howard A. Winkler of Pardeeville, Wisc. advises that they have had their second son, Thomas Robin, born at Wisconsin General Hospital in December, 1947. Their first boy, John Howard is now three years old.

1944

Dr. and Mrs. Robert P. Brezing of 20 Copley Road, Larchmont, N.Y., announce the arrival of a second son, Richard Alan, born on February 14th. Robert Brezing, Jr., is now three years old. Dr. Brezing is Assistant Resident in Surgery at Flower and Fifth Avenue Hospitals, New York.

Thomas Lenihan at present is resident at Willard Parker Hospital, and commencing January, 1949, will be resident in Pediatrics at the New York Post Graduate Hospital.

Consuelo Ives writes "On January 31st of this year, I was married to Mr. Frank Brace Ashley, Jr., and between my practice and housekeeping contrive to keep fairly well occupied. Other interests include an industrial job, O.P.D. work at St. Luke's Medical Clinic and at Strang Clinic, Memorial Hospital."

Dr. and Mrs. Martin Nissel are happy to announce the arrival of Philippa Lyn, on June 12, 1948.

#### 1945

Emmet N. McCusker is just beginning a Residency in Radiology at Highland Alameda County Hospital in Oakland, California. He has completed two years army service at the Veterans Administration, Fargo, No. Dak. The McCuskers now have three children, two boys and a girl. Family are all well and enjoying California.

Felix Wimpfheimer advises that on June 8th, 1947 he was married to Miss Gaeta Freudenstein. Since 1946 he has been training at the Montefiore Hospital for Chronic Diseases, where he spent nine months in the pulmonary division, one year in the x-ray department, and six months in a basic science course at P. & S. Beginning July, 1948, he will be on the medical division of that very good institution for one year. He also stated that he reads the Chironian with great interest, and sends kindest regards to all classmates.

Eleanor Perla Sherwood writes: "I certainly enjoyed reading the "Chironian" and hope you will continue to send it. I'm in pediatric practice in an office with my husband who is doing straight general surgery, and my brother-in-law, who is a medical man. We have a house in Beverly Hills which we recently purchased, and Hal and I are always ready to welcome our friends who visit California. I hope we shall have the opportunity soon." Am practicing at 9901 Venice Blvd., Los Angeles 34, Calif.—Home Address: 233 South Linden Drive, Beverly Hills, Calif.

Robert E. Kahn at present is on the resident staff of the Willard Parker Hospital, New York City.

#### 1946

Lesley M. Warshaw, 1st Lieut. M.C. writes:—"I have been a member of the U.S. Army Medical Department for the past ten months. I am now stationed at Fort Lewis and run the station X-Ray Department, a forty bed ward, and the civilian dependent's outpatient department. We are near to Madighan General Hospital (Col. M. G. Keeler, Commanding—Old Flower graduate, '16.) Address—Post Surgeon's Office, Fort Lewis, Wash.

Solomon D. Sternberg at present is on the resident staff of the Willard Parker Hospital, New York City.

#### 1947

Jon M. Wilson.—After August 10th, 1948, Dr. Wilson and Dr. Virginia Van Dyke will be in general practice at 125 Hamilton Street, Bound Brook, N. J.

#### 1948

Walter M. Kovach was married on Saturday, June 12, 1948, to Miss Virginia Lee Hoyt, who is a graduate of the Flower and Fifth Avenue Hospitals School of Nursing, class of March, 1948. Both are graduates of the Andrew Jackson High School, St. Albans, N. Y. Dr. Kovach will begin his internship at Mary Immaculate Hospital, Jamaica, on July 1st.

Dr. David Scherf has been invited to lecture at the Miami Heart Association and the National Children's Home in Miami, Florida. In October, Dr. Scherf will conduct a post-graduate course for cardiologists of Kansas, in Kansas.

Dr. Kurt Lange of the Department of Medicine, was invited to read a paper on Measures to Prolong Survival in Cold Environments before the Medical Section of the National Research Council, and the joint medical staffs of Army, Navy, Air Force and Coast Guard.

Dr. David Lehr, Assistant Professor at the Dept. of Medicine and Pharmacology, and the former Helen Salzberg were married on March 21, 1948.

#### NOTICE

There is an unusual position in Hudson County, N. Y. Further particulars can be obtained from Dr. McGavack, (Room 153, Flower and Fifth Avenue Hospitals) or from Mr. James Darrah, Hillsdale, N. Y.

#### NOTICE — MUSICIANS

Richard L. Gorbea, class of '32, who plays the first oboe with the Doctors Orchestral Society, advises that there are several vacancies in both the string and woodwind sections. Any physicians, nurses, medical students or student nurses who may be interested, please contact Professor Gorbea at the Flower and Fifth Avenue Hospitals. Rehearsals will start early in September, and are held in the Stuyvesant High School Auditorium, 15th Street, between First and Second Avenues. Rehearsals are held weekly, on Thursday Nights. Dr. Gorbea says that besides deriving a great deal of pleasure, it gives you a good opportunity to meet some very fine people.

# BACKGROUND

The use of cow's milk, water and carbohydrate mixtures represents the one system of

infant feeding that consistently, for over three decades, has received universal pediatric

recognition. No carbohydrate employed in this system of infant feeding enjoys so rich and enduring a background of authoritative clinical experience as Dextri-Maltose.
