OUR YEARBOOK DEDICATION

A few years ago the Touro College Physical Therapy program was nothing more than a dream scattered throughout the minds of a determined and enthusiastic few. In 1985, Dr. Joseph Weisberg became curator of that dream and cultivated a program in Physical Therapy of which we can all be proud. His highly regarded expertise and professionalism is reflected by the staff of academicians and clinicians he has assembled at Touro, as well as by the caliber of therapists this program is producing. Without a doubt, it was his unselfishness and commitment to excellence that has provided the spark for our ever increasing interest in the field of Physical Therapy, for this, we are eternally grateful.

The Class of 1988 dedicates the first yearbook of The Touro College Physical Therapy Program to Dr. Joseph Weisberg whose door remains open to all, and whose personal commitment, vision and inspiration helped us to realize and fulfill a dream.

Thanks for giving us the opportunity to be part of your dream.

May 1988

Dear Graduates:

Although you are leaving us, your presence will be felt for many years to come. Your enthusiasm and ability to adapt have been infectious and have helped to shape this Program and insure its success.

We, the faculty and administration of the Program, feel that we have provided you with a strong and sound educational background that should enable you to grow and assume leadership positions within the field of physical therapy. In return, we have received your dedication and friendship that we are confident will last for years to come.

I look back over the past three years with appreciation for the commitment you have shown, the leadership you have assumed and the skills you have mastered. It leaves no doubt in my mind that you will live up to our high expectations. I sincerely hope that the relationship we have shared will continue and as you look back on your years at Touro College it will be with fondness, pride and a strong sense of accomplishment.

Therefore, this is not good-bye. My door has always been open to you and will remain so with the expectation that we can maintain and nurture the relationship we started at Touro.

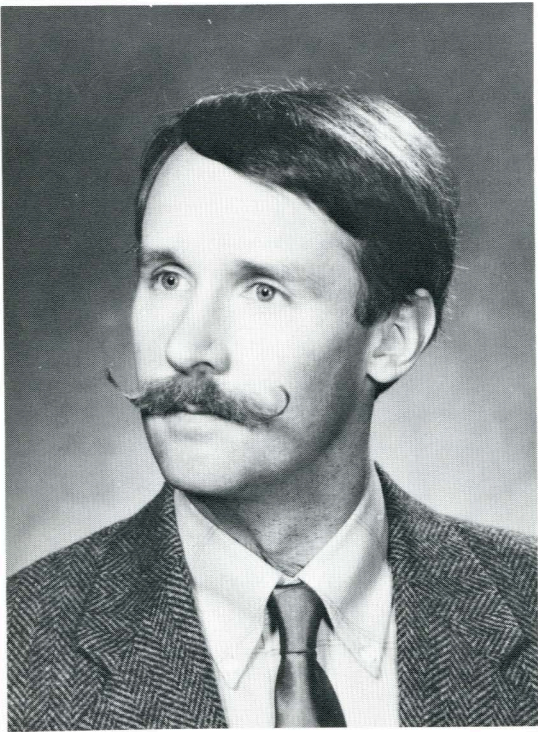

My best wishes to all of you.

 Please don't get us wrong... we're all happy to know
 All the things that we learned... we only hope to know
 But the student life... has taken its toll
 We were once very young... now we're extremely old
 We are Touro (2x)
