THE CHIRONIAN

A Quarterly Bulletin Published by the
ALUMNI ASSOCIATION
of the New York Medical College,
Flower and Fifth Avenue Hospitals

JULY
1941

Vol. 3
No. 2

Attention is directed to the change in title of this publication. For many years the Alumni Association published the Chironian as a monthly journal. In 1918 during the first World War it was discontinued due to lack of financial support. When the Alumni Association decided to resume the publication of a journal in 1938 the name Quarterly was selected because it was to be published once every three months. At the last Annual meeting of the Alumni Association it was voted to continue this quarterly and to resume the old title of Chironian. The origin of the name, Chironian, has been subject to considerable speculation and the editor suggests that it was taken from the Greek mythological character Chiron. Chiron was the pupil of Apollo and Artemis, and the instructor of Achilles. He was renowned for his wisdom and skill in medicine, hunting, music and prophecy. He dwelt on Mount Pelion, and on his death was placed by Zeus among the stars.

THE CHIRONIAN

ALUMNI ASSOCIATION
OF THE
NEW YORK MEDICAL COLLEGE

Vol. 3

JULY, 1941

No. 2

J. A. W. HETRICK, '18, M.D., F.A.C.S.

Dr. Hetrick was appointed Acting Dean by the Board of Trustees on March 15th 1941. The Chironian congratulates Dr. Hetrick on this appointment and congratulates the College on securing his able services. For many years he has served as Assistant Dean and is not only thoroughly familiar with the duties of this office, but also with the traditions of the College. Since his graduation in 1918 he has continually been connected with our institution and is Professor and Head of the Department of Otolaryngology in addition to his present appointment. He has already demonstrated his ability in this new office. The Alumni Association wishes him success.

ALUMNI DAY

Alumni Day was held at the New York Medical College on Thursday, June 5th, 1941. One hundred and twenty-eight Alumni registered for the exercises, and the meetings were well attended. Dr. John Herrlin; '23, Chairman of the Scientific Sessions, presented an excellent program consisting of eight scientific papers; demonstrations by seven departments of the hospital; three very fine motion pictures; and two round table discussions, one on medical subjects and the other on surgical subjects. This program was held in the morning in different parts of the College and Hospital. Luncheon was then served to the Alumni.

The annual business meeting of the Alumni Association was held at 3:30 p.m. in the College Auditorium. Dr. John E. Tritsch, president, conducted the meeting. Eighty-six members of the Alumni Association were present. The minutes of last year's meeting were read and approved. Dr. Tritsch announced that it had been the custom for many years for the Dean of the College to address the meeting, but due to the untimely death of Dr. Claude A. Burrett, on March 3rd, 1941, Dr. J. A. W. Hetrick, recently appointed Acting Dean, felt that he was too new in office to have anything to offer, and asked to be excused. Dr. Tritsch announced that Dr. Fobes had been elected President of the Alumni Association, and on retiring thanked all those who had served on the different committees for their faithful co-operation. He felt sure that the Alumni Association was headed for greater success.

Dr. Stephen P. Jewett, Recording Secretary, reported that there had been two executive committee meetings held during the year at which routine matters had been acted upon.

Dr. Carl C. Salzman, Treasurer, reported that there was \$3115.29 in the Treasury at the end of the year.

The Necrologist's report was read by Dr. Van Alstyne H. Cornell, giving the names of twenty-nine Alumni who had passed to the great beyond in the last year.

Dr. Frank J. Borrelli, Chairman of the Membership Committee, reported a paid-up membership of five hundred and twenty-five for the year 1940, which nearly doubles that of several years ago. He stated that one hundred new members had been elected during the year, as well as the entire class of 1941. Another drive for membership would be made in the fall. There are about eighteen hundred Alumni of the New York Medical College.

Dr. C. Michael Witzberger, Chairman of the Student Activities Committee, reported on the extra-curricular activities such as Basket-Ball, Swimming, Art Exhibit, Sculpturing Class, etc.

Dr. Campbell Howard, Editor of the Quarterly, reported that four issues were published last year. He suggested that the name "The Chironian", which was the original title of the Alumni Association Journal, be resumed. Under the order of "new business" a motion was then made, seconded and

carried that the name of the Quarterly be changed back to the original title of the Alumni Association Journal, "The Chironian". Dr. Howard also presented a financial report which showed that the cost of publishing the Quarterly for the past year was \$325. In discussion it was decided that we continue the publication for another year.

Dr. Philipp J. R. Schmahl, member of the College Committee, reported for the committee in the absence of Dr. Milton J. Raisbeck, Chairman. Dr. Schmahl stated that several meetings were held during the year with a committee from the Board of Trustees. These meetings were very amiable, and a co-operative spirit prevailed between the Alumni Association and the Board of Trustees.

Dr. Carl C. Salzman, Banquet Chairman, reported that reservations received for the Banquet were very satisfactory, and that he expected a large attendance.

The Election Committee, Dr. Philipp J. R. Schmahl, Chairman, announced the election of the following officers for the ensuing year:

President	Joseph H. Fobes, '01
First Vice President	William P. Eckes, '20
Second Vice President	Ralph W. Thompson, '08
Third Vice President	Harold L. Pender, '14
Recording Secretary	Stephen P. Jewett, '10
Corresponding Secretary	Jeremiah V. W. Griswold, '22
Treasurer	Carl C. Salzman, '24
Necrologist	Van Alstyne H. Cornell, '00
Executive Officer	John E. Tritsch, '18
Directors	Chester A. Peake, '11
	Milton J. Wilson, '18
	Milton J. Raisbeck, '16
	Anson H. Bingham, '00
	Campbell Howard, '16
	Philipp J. R. Schmahl, '11

The meeting was adjourned at 4:30 p.m.

In the evening the Annual Banquet of the Alumni Association was held in the Colonnades of the Essex House. Two hundred and thirty-five Alumni attended the dinner. Re-unions were well attended and special tables were arranged for the fifty year class (1891), twenty-five year class (1916), twenty year class (1921), and the ten year class (1931). The year book of the class of 1941 — The Fleur o scope — was dedicated to Anson H. Bingham '00, and was presented to him during the evening. Dr. Bingham showed deep emotion in thanking the class for this honor, the second time in twenty years. Also during the evening Dr. Walter Gray Crump, Jr., '28, presented to the College a painting of his father at the bedside of a sick child. Mr. Charles D. Halsey, President of the Board of Trustees, accepted this painting on behalf of the College. Dr. Henry B. Safford, '08, acted as Toastmaster. The following speakers were introduced, Dr. J. A. W. Hetrick,

'18 Acting Dean of the College, Mr. Charles D. Halsey, President of the Board of Trustees, Dr. Jeremiah T. Simonson, responding for the class of 1891, Dr. Campbell Howard, class of 1916, Dr. Joseph H. Fobes, '01, President of the Alumni Association.

CLASS DAY, FRIDAY MORNING, JUNE 6th.

The Class of 1941 held its class day exercises in the College Auditorium on Friday morning, June 6th. Albin W. Swenson, Jr., '41, presided as chairman of the meeting. Stanley H. Shumway, '41, class president, gave a short address. Dr. Joseph H. Fobes, '01, presented awards of subscriptions to various medical journals to the following men for excellence in their special subjects. These awards were given through the courtesy of The C. V. Mosby Company. Richard Allan Gaillard received a years' subscription to "Surgery". Albin William Swenson, Jr., received a years' subscription to "American Journal of Obstetrics and Gynecology". William Harvey Muster received a years' subscription to "American Heart Journal". Milton Kramer received a years' subscription to "American Journal of Syphilis, Gonorrhea and Venereal Diseases". William H. Hewes received a years' subscription to "Journal of Pediatrics".

A Motion Picture in Technicolor of the Medical Education of the Class of 1941 at the New York Medical College, was then shown. John Schlechter, '41, explained the picture as it was shown.

COMMENCEMENT

Commencement exercises were held Friday, June 6th at 3:30 p.m. in Hosack Hall, New York Academy of Medicine. The Commencement Address was given by Dr. Herman G. Weiskotten, Dean of the Syracuse University Medical School, whose topic was "The Development of Medical Colleges in the City of New York".

Mr. Charles D. Halsey, President of the Board of Trustees, presented Gold Diplomas to the class of 1891, (fifty year class). Twelve of the twenty members of that class were present.

CLASS OF 1891

Dr. Richard M. Andrew, Dr. William Pitt Baldwin, Dr. Charles E. Birch, Dr. Charles Herbert Church, Dr. Charles W. Crompton, Dr. L. W. Ely, Dr. Herbert West Foster, Dr. William Elliott Foster, Dr. Elmer E. Hinman, Dr. Magnus Tate Hopper, Dr. William H. Leonard, Dr. Maurice F. Linquist, Dr. Charles G. Pease, Dr. Virgil C. Piatti, Dr. Henry Pinney Sage, Dr. Jeremiah T. Simonson, Dr. William L. Smith, Dr. Henry Augustin Spang, Dr. John Hudson Storer, Dr. Harrison Willis.

For highest honors during the four years, Sidney L. Cramer, '41 received the Trustees Prize of \$100.00 and Robert C. Burnham, '41 received the Faculty Prize of \$50.00

Sixty-seven graduates received their diplomas and took the Oath of Hippocrates, which was delivered by Dr. Jeremiah T. Simonson, '91

STUDENT AID FUND

The Board of Trustees is desirous of increasing the scope and usefulness of the Student Aid Fund in the college. In January the Board of Trustees voted to establish, perpetuate and expand the S. A. F. This fund is to be made rotating through repayment by graduates of the loans which have been made to them in the past. Therefore an appeal has been sent to the past recipients for repayment of their loans.

In May, The Board of Trustees passed the following resolutions:

1. The Board of Trustees shall set aside a Fund from which loans may be made to students of the College who have met the following qualifications:
 - a. Evidence must be presented of a real need for financial aid in order to carry on medical studies.
 - b. Preference shall be given to students in the three upper classes of the College.
 - c. Loans may be made to students of the first-year class who show special fitness for the study of medicine. In this connection it may be wise to offer aid to those from selected literary colleges whose scholastic records and background make them exceptional students.
 - d. Students in the three upper classes may only receive aid where financial need is demonstrated, and where their scholastic records have been fully approved by the Faculty Council.
2. Methods for creating a Student Aid Fund and of perpetuating it:
 - a. The nucleus of this Fund shall be created through payments made by students and graduates who have in former years given their personal notes in payment of tuition fees; also through payments received for other unpaid tuition fees.
 - b. The securing of monies through Alumni and friends of the College which shall be designated for the Student Aid Fund.
 - c. Students receiving aid from this Fund shall furnish Demand Notes which have been signed by at least one responsible party. The notes shall bear interest, beginning at graduation, as follows:
 - Two per cent - first year
 - Three per cent - second year
 - Four per cent - thereafter

Payment of the notes shall begin not later than five years following graduation, although, at the option of the borrower, such payments may be made at any time prior to this.

3. A Committee made up of representation from the Board of Trustees, the President and Dean of the College, and the Chairman of the Admissions Committee shall be appointed, whose duty it shall be to designate students who may be permitted to secure a loan from the Student Aid Fund. The maximum loan to a student in a single year shall not exceed the annual tuition fee. Preferably a smaller amount should be allowed so that the Fund may be used by a larger number of needy students.

The Board of Trustees is now not only appealing to the members of the Alumni who have benefited by loans from the institution during the time they were completing their course, but also appealing for additional funds from Alumni and their friends who would make contributions to this Fund and build it into a worthwhile amount. Such Student Aid plans as this are in existence in a good many institutions. In a number, a gift to this Fund is a popular way of memorializing some alumnus or friend of the institution. Such a memorial payment by no means infers that the person in whose name it is given is dead. The person preferably should be vitally alive and interested in the advancement of medical education. A mutual interest is thus stimulated between the person in whose name the fund is given and the student who is the recipient of the money. The student will be especially anxious to be worthy of this assistance, and the contributors will be eager to follow the career of their student.

Therefore, the Quarterly takes this means of appealing to our Alumni for subscriptions. Any amount will be welcomed to start a Memorial Fund. Subsequent amounts can be added at any desired intervals so as to eventually build up a large amount. The names of these different funds will be published in the Quarterly as a permanent column, with the amounts and contributors. Contributors, of course, may remain anonymous if they wish.

Any Physician May Exhibit "WHEN BOBBY GOES TO SCHOOL" To The Public

Under the rules laid down by the American Academy of Pediatrics, their new educational-to-the-public film, "When Bobby Goes to School", may be exhibited to the public by any licensed physician in the United States. All that is required is that he obtain the endorsement by any officer of his county medical society. Endorsement blanks for this purpose may be obtained on application to the distributor, Mead Johnson & Company, Evansville, Indiana. Such endorsement, however, is not required for showings by licensed physicians to medical groups for the purpose of familiarizing them with the message of the film. "When Bobby Goes to School" is a 16-mm. sound film free from advertising, dealing with the health appraisal of the school child, and may be borrowed without charge or obligation on application to the distributor, Mead Johnson & Company, Evansville, Indiana. (ADV.)

DEXTRI-MALTOSE

True Economy

IT is interesting to note that a fair average of the length of time an infant receives Dextri-Maltose is five months: That these five months are the most critical of the baby's life: That the difference in cost to the mother between Dextri-Maltose and common sugars is about \$7 for this entire period—a few cents a day: That, in the end, it costs the mother less to employ regular medical attendance for her baby than to attempt to do her own feeding, which in numerous cases leads to a seriously sick baby eventually requiring the most costly medical attendance.

*"The Measure of Economy
Is Value, Not Price."*

In Memoriam

BALL, Halsey Jay, '90, Cape May, N. J., was born at Cortland, N. Y. He graduated from the New York State Normal School in 1886 and from the New York Homeopathic Medical College in 1890. For 27 years he served in the New York State Health Department. He retired three years ago and came to Cape May, N. J. to live after residing at Utica, N. Y. for 20 years. He and his wife, Mrs. Jennie Ball, observed their golden wedding anniversary on May 12, 1941. He died on June 1, 1941 of a heart attack. His age was 73.

DUNLEVY, George Calder, '90, Evansville, Indiana, died on March 19, 1941 of carcinoma of the larynx. Aged 72.

HUTCHINSON, John, '98, Manchester, Conn. Dr. Hutchinson was born at Hebron, Conn., the son of John Calvin Hutchinson and the former Maryette Keeney. His early education was received in preparatory schools and private tutors. He graduated from the New York Homeopathic Medical College in 1898 and started practice at Manchester, Conn. He also had a New York office at the Murray Hill Hotel. He founded the Council for Homeopathy and formerly was president of the International Hahnemannian. He was the author of many monographs. He died on May 29, 1941 of a heart attack. His age was 81.

WITHINGTON, Irving Platt, '06, East Stroudsburg, Penna, died on December 29, 1940 of cardiovascular renal disease at the age of 82.

BERGEN, Pierron Willets, '12, Astoria, N. Y., died on May 1, 1941 of a heart attack. His age was 50.

HOROWITZ, Harry, '14, Brooklyn, N. Y., died on February 21, 1941 of acute coronary thrombosis.

JOUARD, Farel, '18, New Rochelle, N. Y. Dr. Jouard was born in New York City. He received a Bachelor of Arts Degree from Columbia University in 1904 and a Doctor of Philosophy Degree in 1908. He received his M.D. from the New York Homeopathic Medical College in 1918. He was a specialist in Ear, Nose and Throat. He died on April 27, 1941, after a long illness at the age of 57. Surviving are his wife, Mrs. Minnie Gessford Jouard; his mother, Mrs. Calvin Jouard; two sons, Robert and Edward; two daughters, the Misses Elsie and Marguerite; a brother, Dr. Paul Jouard of Mount Vernon, and five sisters.

PERSONALS

Please send personal items to the News Editor, 1 East 105th Street, N. Y. C.

ATWELL, David R. '85 is still in practice in Hoboken, N. J.

HALLOCK, J. H. '86, of Saranac Lake, N. Y., returned home recently after spending five months in St. Petersburg, Florida.

VAN LOON, Arthur B. '92, Albany, N. Y. has been appointed Chairman of the Medical Grievance Committee of the State of New York.

LEMMERZ, Theodore H. '96, has resumed his practice after five months illness in Christ Hospital, Jersey City, N. J.

FOBES, Joseph H. '01. Dr. and Mrs. Joseph H. Fobes of Montclair, N. J. announce another grandchild, a daughter.

FOBES, Joseph H. '01, advises that on May 17, 1941 he attended the 88th annual convention of the New Jersey State Homeopathic Medical Society, held at Atlantic City, N. J., and was Proctor at a Round Table discussion on "Tissue Surgery of the Extremities". At the banquet, on the same evening, he spoke before an audience of 170 on Graduate Surgery, and obtained three applications for the course at our institution.

BENSON, Reuel A. '03. On April 21st, Dr. Benson gave an address, illustrated with slides, before the police-women of New York on "Gonorrheal Infections in Children". Dr. Benson was one of the discussors of Health Commissioner Rice's paper on "Gonorrheal Vaginitis", which was presented before the public health section of the A.M.A. meeting in Cleveland, in June.

CUSTIS, J. B. Gregg, '07. Dr. and Mrs. J. B. Gregg Custis of Washington, D. C. announce the marriage of their daughter, Miss Marjorie Elaine Custis and Joseph Hicks Watson. They were married at All Souls Unitarian Church, Washington, D. C. on June 12th, 1941.

SCHMAHL, Philipp J. R. '11. Dr. and Mrs. Philipp J. R. Schmahl of N. Y. City announce that their daughter, Miss Doris Thelma Schmahl, was married to Thomas Humes Jay on May 24, 1941, at the West End Collegiate Church, New York City.

CLUNE, Francis J. '15, Lieut. Col. Regular Army Medical Corps has been transferred from Fitzsimons General Hospital, Denver, Colo., to Fort Custer, Battle Creek, Michigan. Col. Clune has taken over command of the Eleventh Station Hospital, now in process of organization at that post.

YERBURY, Charles C. '16. Dr. and Mrs. Charles C. Yerbury of New Canaan, Conn., announce the birth of a daughter, Priscilla Ann Yerbury, on June 7th at Stamford Hospital, Mrs. Yerbury is the former Miss Emily Stephenson.

BECK, Marcus Carl, '16. For the past year Dr. Beck has been Camp Surgeon of the 3889th Company, Civilian Conservation Corps, Camp G-113W, Baggs, Wyoming. Dr. Beck expects to take the Wyoming state boards so as to qualify for civilian practice in that state.

de CASTRO, Carlos M., '18 who for the past four years has been alcalde (mayor) of the city of San Juan, Puerto Rico, has recently been appointed medical officer for the United States Selective Service at the Territorial Headquarters in San Juan.

WERSHUB, Leonard Paul, '27, advises that: - although there are only approximately 150 peritoneoscopes throughout the United States, it is interesting to know that this work is being carried on at our institution. To facilitate the various problems associated with this new field of work, a peritoneoscopy service was organized about 18 months ago. This service consists of Leonard Paul Wershup, '27 from the department of surgery, and Harry Barowsky, '31, from the department of gastro-enterology. A preliminary report of this work was recently published in the Bulletin of the College, and is to be followed by a report of cases examined.

KOGEL, Marcus D. '27, Superintendent of the Queens General Hospital and a Major in the 48th General Hospital of the Medical Reserve, has been ordered into active service and expects to be away at least one year.

SCHWARTZ, Saul A. '30, has presented a paper to the Bronx Hospital Clinical Society on April 7, 1941 entitled "Spontaneous Pneumothorax of the New-born". He is at present assistant attending pediatrician at the Bronx and Metropolitan hospitals.

BOBROFF, Henry K. '30, was recently promoted to Captain in the Medical Reserve Corps of the U. S. Army. He was transferred by the U. S. Indian Service from Elbowoods, No. Dak. to position of Senior Physician in charge of all Health Activities of the Great Lake Indian Agency at Hayward, Wisconsin.

KOCH, Jules M. '32, announces that he is the father of an 8 lb. 2 oz. boy, born on April 25, 1941. Dr. Koch was appointed ass't visiting physician on 2nd division Medicine at Fordham Hospital. He is also ass't visiting physician for joint diseases at the same hospital.

WEISMAN, Abner, '32 exhibited a "Frog" test for pregnancy which is as accurate as the Friedman test for pregnancy and which is diagnostic for pregnancy in the exceedingly rapid time of 6 to 12 hours after injection of the urine. This test was shown at the recent meeting of the State of New York Medical Society at Buffalo. Dr. Weisman won first prize in clinical research for his "Frog" test for pregnancy.

ROSENTHAL, Edward, '34, has been promoted from Assistant Visiting Surgeon to Associate Visiting Surgeon at Cumberland Hospital, Brooklyn.

MICHELE, Arthur A. '35, recently completed graduate studies in Amputations and Cineplastic Surgery under Dr. Henry Kessler of Newark, N. J. At the present time he is in attendance on the Orthopedic Service of Dr. Henderson at the Mayo Clinic at Rochester, Minn.

GAILLARD, George E. '36, gave a radio talk on the treatment of Hay Fever over Station WMCA on June 24th. He also gave a paper on Recent Advances in Allergy at the Round Table Discussion on Alumni Day, June 5th at the New York Medical College.

LEMMERZ, Theodore H. '36, of Wood Ridge, N. J. has been put on the deferred list. Dr. Lemmerz is in the U. S. Army Medical as well as the Infantry Reserve.

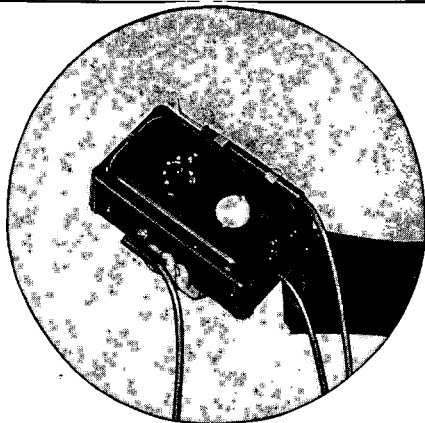

ROHMER, Edward F. '37, Dr. and Mrs. Rohmer announce the birth of a son, Edward F. Jr., on February 7th, 1941.

REINSTEIN, Herman, '37, a resident at the Metropolitan Hospital for the past two years, and a 1st Lieutenant, Med-Res., attached to the 48th General Hospital Medical Reserve, was ordered on May first for a months duty at the Medical Field Service School, Carlisle Barracks, Penna. and then to the 15th Medical Regiment at Ft. Ogelthorpe, Ga. until April 30th, 1942.

FLAQUE, Albert Verges, '38, has been appointed Clinical Assistant Urologist on the service of Dr. Morrissey of City Hospital.

MOORE, Samuel B. Jr., '40. On May 17th, 1941, Miss Genivieve Travers and Samuel B. Moore, Jr., were married at St. Patrick's Cathedral, New York City. Dr. Moore is the son of Dr. and Mrs. Samuel B. Moore of New York City.

SPIER, Patricia Evelyn, '42. - Dr. and Mrs. Oscar A. Spier, of 1200 Fifth Avenue, N. Y. C., announce the engagement of their daughter, Miss Patricia Evelyn Spier, to Mr. Roy Watson, son of Mr. William Watson and the late Mrs. Watson, of Yonkers. Miss Spier is a graduate of the Horace Mann School for Girls and for two years attended Barnard College. She received the B. S. degree from Wheaton College, Wheaton, Ill. in 1938, and is completing her third year as a student of the New York Medical College. Mr. Watson was also graduated from Wheaton College, and the Eastern Baptist Seminary, in Philadelphia.
