## COLLEGE STUDENTS TAKEN OVER BY ARMY AND NAVY

Instruction of Medical students under Army and Navy auspices started at the Medical College on July 6th, 1943. On July first, two hundred Medical students who had resigned their Commissions as Second Lieutenant in the Medical Administrative Corps in favor of the Army Specialist Training Program were activated in the 3214 Service Command Service Unit of the Army Specialist Training Program, Second Service Command.

The Enlisted Reservists reported to Camp Upton on July first for processing, and after being put through the regular routine of men inducted under Selective Service were returned to the College in time to resume their studies on July sixth. So far only those who held Commissions in the Medical Administrative Corps have been activated, but it has been understood that provisions will be made for other students to become members of this program in the near future.

As these men become eligible they will have similar processing. It is the intention of the Army that the Medical education of these students will continue with the least possible interruption. The men who have been activated are members of the Army, attend classes in uniform, and receive the pay appropriate to their grade as enlisted men. Their tuition and other educational expenses are covered by Government contract.

The present Army staff at the College is under the command of Major Alvin B. Roberson, Jr. who was formerly on the staff of the Professor of Military Science and Tactics at the University of Delaware. The other members are: Master Sergeant William M. Bowley, who has just returned from active service with the Armed Forces in the European Theater and who was a former member of the Parachute Battalion stationed at Fort Benning, Ga.; and Corporal Oscar B. Hieber, who has been transferred here from Fort Niagara where he was doing classification work. Other members will probably be added to the staff at a later date.

The general appearance of the students as they attend classes in uniform is excellent. They report an enjoyable experience at Camp Upton, which can be summed up in the words of one of the Student

Government Association Officers who said, "I wouldn't have missed it for a million dollars." Their experiences with First Class Privates and others above the lowly station of the students were most amusing.

The Navy has a similar program, in which 75 of the students are now enrolled. These men reported to Columbia University on July first where they were processed. In two days they were given physical examinations, shots, received their first issue of uniforms and had their first introduction to Military drill. These old salts now refer to the College elevators as "Hoisters" and the various floors as "Decks". Lieutenant Commander J. Robert Hewitt is Liaison Officer for the Commanding Officer in charge of all V-12 Units in this vicinity. Military instruction will be given to Naval Trainees two days a week by Lieutenant (j.g.) Thaddeus Alton. Thaddeus J. Bykewicz, Pharmacist Mate, 2nd Class, has been assigned to the Student Health Office.

Since the Army and Navy Training Programs are so new to the College, there is little more to report at this time other than the bare details presented above.

## **VOLUNTEER SERVICE AT THE FLOWER AND FIFTH AVENUE HOSPITALS**

The calls of the Government for trained personnel, and the competition of defense industries, have taken away from the hospitals many of their highly trained and valuable employees. It is impossible for hospitals to compete with industry in the matter of wages; therefore one of the greatest sources of help for hospitals has been Volunteer Workers.

Thanks to the leadership of the Red Cross and the Office of Civilian Defense, volunteer service in hospitals has reached a high point of efficiency and at the same time has become fashionable and "the thing to do".

In New York City there are approximately 10,000 women who are serving as Volunteer Nurses' Aides, working regular hours on definite assignments and doing an excellent job.

At the Flower and Fifth Avenue Hospital during the past year 201 such Volunteers have been used, and they have given a total of 18,724 hours of free service. The sources of supply of these women are the Junior League, Red Cross Nurses' Aide Service, Red Cross Gray Lady Service, Office of Civilian Defense, United Hospital Fund, Women's Auxiliary, Friends of the Staff.

These Volunteers serve in the wards, on the private floors, in the Out-Patient Department, the Social Service Department, the Patients' Library, the Medical College Library; also in the Department of Medicine, X-ray Department, Clinical Pathology Laboratory, Record Room, Operating Room Office and School of Nursing.

Steps are now underway in New York to enlist a large number of men workers who will perform orderly duty and other tasks that require a man, particularly at night. It is reported that in New Haven and other cities the number of men workers enrolled for such service is in the thousands. They include bank directors, business executives,

and other types of business men. Volunteer workers report great satisfaction in carrying out the duties which are assigned to them.

The importance to the hospital of understanding of hospital work by so large a group of community leaders should prove to be an asset of greatest value. No doubt many of them will wish to continue their interest either in active work or on committees after the war.

Any of the Alumni of the medical college who have friends who would like to undertake such work would do the hospital a great service by urging them to come in to register.

Homer Wickenden,  
Hospital Administrator.

## STUDENT ACTIVITIES

Badminton Courts have been set up on the roof of the student lounge. All members of the student body in the College are welcome to use the courts.

A May Tea Dance was held in the College for the Medical students and Nursing School students. Alfred Mamelok, a freshman student, and his orchestra supplied the dance music. Doctor Lois Lillick and Doctor Margaret Hotchkiss poured.

A circus party was held in April for the students of the College. One hundred and forty attended. The group met in Madison Square Garden and sat together in three sections.

A softball league has been formed in the College, each class being represented. Scheduled games will be played in Central Park. The Freshman class has two teams; Kennedy is manager of both teams and captain of Team A, and Miele is captain of Team B. The Sophomore class has only one team, Primich being the manager and captain. The Junior class, like the Freshman class, has two teams, Mottola being manager of both teams and captain of Team A, and Schraft captain of Team B. Altogether there are 86 students playing on the league teams.

Four games have been played to date:

Junior A. -----	5	Sophomore -----	17
Junior B. -----	13	Freshman A. -----	8
Junior A. -----	2	Freshman B. -----	13
Junior B. -----	9	Sophomore -----	1

The Faculty in the College is forming a team to play the losing class team. An Army and Navy team is to be organized to play a short series following the class games.

Delegates to the Student Senate have been elected, and the following were at the first meeting in the Dean's office:

Freshman Class: James Thorpe, Forris Chick, Robert Coith.

Sophomore Class: John Leutters, John Casale, George Simihti.

Junior Class: Francis Williams, Chester Svigals, Peter Pellegrino.

Senior Class: William Lindsay, James Mulcahy, Elias Stoller.

Elias Stoller was elected President of the Senate at the first meeting, Francis Williams, Vice-President; and John Leutters, Secretary.

The college yearbook Fleur-o-scope is to be edited by Walter Lehman. Dr. James Benjamin has become the faculty advisor.

The Psychology Club met for the first time in the new school year, in the Student Lounge. Dr. Jewett spoke to the group, and a discussion followed his talk.

A Roof Dance was given on July 16th, on the hospital roof for the students and nurses. Alfred Mame'ok's orchestra played for the dance.

Dr. Joseph H. Fobes has been appointed Lieutenant Colonel and Director of the Affiliated Hospital Unit for the New York Medical College, Flower and Fifth Avenue Hospitals, and the Metropolitan Hospital, under the direction of the U. S. Public Hospital Service, the Office of Civilian Defense, and the United States Army.

The Director would welcome applicants for a commission in this unit. They must be over forty-five years of age, not eligible for the armed forces, and not essential in the Faculty. Alumni are earnestly requested to give this thought. For full particulars see Lieut. Col. Fobes at the College.

#### ANY PHYSICIAN MAY EXHIBIT "WHEN BOBBY GOES TO SCHOOL" TO THE PUBLIC

Under the rules laid down by the American Academy of Pediatrics, their educational-to-the public film, "When Bobby Goes to School," may be exhibited to the public by any licensed physician in the United States. All that is required is that he obtain the endorsement by any officer of his county medical society. Endorsement blanks for this purpose may be obtained on application to the distributor, Mead Johnson and Company, Evansville, Indiana. Such endorsement, however, is not required for showings by licensed physicians to medical groups for the purpose of familiarizing them with the message of the film in advance of public showings in the community. "When Bobby Goes to School" is a 16-mm. sound film, free from advertising, dealing with the health appraisal of the school child, and may be borrowed without charge or obligation on application to the distributor, Mead Johnson and Company, Evansville, Indiana.—(Adv.)

## PERSONALS

Please send personal items to the News  
Editor, 1 East 105th Street, N. Y. C.

LANE, Charles E., '83, of Poughkeepsie, N.Y. On April 7th, 1943 the Dutchess County Medical Society gave a complimentary banquet for Dr. Charles E. Lane, to commemorate his sixty years of active practice of medicine in Dutchess County. Dr. Ralph I. Lloyd, '96, of Brooklyn, N.Y., and a student of Dr. Lane's before he entered Medical College, was one of the speakers. About 200 attended the banquet. Dr. Lane's son, Dr. George E. Lane, also of Poughkeepsie, N.Y., is one of our graduates, class of 1908.

DREYER, Francis Helmuth, '94, Thompson Ridge, N.Y., writes as follows: "Leave hope behind all ye who enter here" was inscribed on a board over the door leading into the dissecting room of the old college on 23rd Street. One student, name and class unknown, dissected all night here. "This Building was erected by Warren Delano in memory of his niece, Miss Emma Keep." Warren Delano was President Franklin Delano Roosevelt's grandfather on his mother's side. I do not know who Miss Emma Keep was. These words were carved on a large stone over the main entrance to the College on 23rd Street."

CROISSANT, Charles A., '05, Worcester, Mass., advises that his son, Dr. Raymond B. Croissant has recently received his commission of Major in the Medical Corps, U.S. Army, at Fort Leavenworth, Kansas.

MAPS, Howard L., '09, Passaic, N.J., has retired from the practice of Gynecology and is residing in the Country Club Estates, Budd Lake, N.J. He suffered an attack of hypertensive angina last January.

BREWSTER, David Truman, Jr., '11, writes that he has been in the U.S. Army, with the rank of Major, since October 16th, 1942, and is stationed at Tilton General Hospital, Fort Dix, N.J. He also states that he was a 1st Lieutenant in the Medical Corps of the Army from March 20th, 1918 to August 29th, 1919, and went overseas as far as England, four round trips as Transport Surgeon, saw one ship

torpedoed and one submarine destroyed. He has been a Reserve Officer ever since that time.

EATON, Ernest Risley, '19, New York, N. Y. Captain Ernest R. Eaton, M.C., U. S. N. R., who recently returned from a duty in the South Western Pacific, where he was stationed with a Mobile Base Hospital Unit, is now on duty at the Naval Medical Supply Depot, New York, N. Y. Captain Eaton's duty is that of Special Assistant to the Medical Officer in Command, Admiral Kent C. Melhorn, M. C., U. S. N.

BLUM, Morris, '23. Captain Blum writes that he is doing chest work at the Hammond General Hospital, Modesta, Calif. He says the country here is beautiful, but with temperatures ranging from 105 to 110 degrees, it is just a little too hot; however, the work is very interesting and the staff very good and congenial. He sends best wishes to the College and the Alumni.

GOLDBERG, Leon H., '25, Major, M.C., U. S. A. Mrs Goldberg writes Major Goldberg is in North Africa with the 8th A.A.F. Headquarters. He enlisted immediately after Pearl Harbor. He was located at four different stations in the United States before being sent overseas to Northern Ireland, on September 1st, 1942. He then took a concentrated course in Aviation Medicine in London, after which he participated in active-field work. He is now with the 1st Anti-Sub. Squadron in North Africa, and would like to hear from the men he knows. Letters mean a lot overseas. His address is: Major, Leon H. Goldberg, M.C. Serial No. 0469540, 1st Anti-Sub. Squadron, A.A.F. A.P.O. No. 3342, % Postmaster, New York, N.Y.

BERKOVSKY, Max, '26, advises that besides himself, Morris Blum, '23, and George Nenner, '27 completed their course at Carlisle Barracks, and were sent to their respective stations. (Listed under Honor Roll). While at Carlisle Barracks they met a host of Flower boys among them were Captain Joel Ziprin, Captain Steinholtz, Major Salzman and many others.

CALVERT, William C., '29. Early in May, Captain Calvert was transferred to the Walter Reid Hospital in Washington, D.C., for a two months course in tropical medicine. He writes that the course is excellent.

HERLITZ, George W., '30, was inducted into the army last July. He has a Captain's rank. His first assignment was to report to the Fitzsimons General Hospital at Denver, where he was placed on orthopedics and fractures. After six weeks he was sent to the University of Penna. for a course in maxillo-facial plastic surgery under Dr. Ivy. He returned to Denver until February, 1943, when new orders sent him to Fort Niagara, N. Y. Captain and Mrs. Herlitz appreciate his being nearer home, especially since they have had a recent addition to the family. Their first child was a daughter, Barbara Ellen, now three years of age.

SMITH, Joseph L., '30, has been appointed to the surgical staff of Dr. Joseph Tenopyr at Kings County Hospital, Brooklyn, N.Y.

ADLER, Gustave H., '31, was promoted to the rank of Captain on April 11th, 1943. He is stationed at the Army Air Base, Northern Field, Tullahoma, Tenn., where he is on duty as the Air Base Surgeon and Commanding Officer of the Medical Base Detachment. Captain and Mrs. Adler maintain a residence several miles from here in Shelbyville, Tenn. With them are their two daughters, Ida May 5, and Heather, 3.

ROSENBLUM, Marcus P., '32, has been promoted to Major. He is chief of the Neuropsychiatric section at the Station Hospital, Camp Butner, No. Car. He is Diplomate of the American Board of Psychiatry and Neurology, December, '41; member of the American Psychiatric Association, etc.

ROTHMAN, Theodore, '32, was made an Associate of the American College of Physicians during April, 1943.

WEISMAN, Abner I., '32. At the recent meeting of the New York State Medical Society held at Buffalo, N.Y., Dr. Weisman was elected the Representative Delegate from the Section of Obstetrics and Gynecology to the House of Delegates of the New York State Medical Society.

MEISEL, David B., '34, writes as follows: "After serving eight months in the armed forces, have been retired as of April 1st, 1943 due to physical disqualification. Have resumed active practice again at 818 So. 12th Street, Newark, N.J. I met Captain Lipnick, '33, in Arkansas, and he is enjoying his work very much."

SMOKLER, Jack, D.D.S., Univ. of Penna., '34, and a special research student in the New York Medical College, 1940 to date, left for Carlisle Barracks to assume duties as 1st Lieut.

D.C., in the U.S. Army. His work in the New York Medical College was connected with his graduate studies in orthodontia at N.Y. Univ., and with research in the American Museum of Natural History under Dr. William King Gregory. Lieut. Smokler has published articles in dental journals on speech defects. (Annual Review of Dentistry, 1942, etc.) He demonstrated his researches made in the N.Y. Medical College at the 1942 meeting of the American Association of Anatomists. (Abstract. Anatomical Record, March 27th, 1942.) His work covers Human, Orang, Gorilla, Chimpanzee, Sheep, etc., and has to do with the nutrition of dental structures.

LAQUIDARA, Aurelius A., '34, writes: Please include me in the "FOUR HUNDRED." Captain A. A. Laquidara, 358 A.A.A. Searchlight Bn. Camp Stewart, Ga.

BARR, Henry R., '36, writes as follows: "I have been with the parachute troops at the San Diego, Calif., area for the past two years. Am always pleased to get a copy of the Chironian, but have been in and out of the area so often, that I've missed several issues. Best to all. H. R. Barr, Lt. Comdr., U.S.N.R., Camp Gillespie, Santee, Calif.

BRETT, Wilbur B., '37, who was formerly on board the U.S.S. J. T. Dickman, has been transferred. His present address is Lieut. W. B. Brett, M.C., U.S.N.R., U. S. Navy Air Station, Norfolk, Va. He requested that his copy of the Chironian be sent to the new address.

LYNCH, Thomas F., '37, writes that since he graduated he interned at the Flower and Fifth Ave. Hospitals for two years; Resident Surgeon, St. Elizabeth's Hospital, N.Y.C. for one year; private practice for one year; on Dr. Loizeaux's staff in Obstetrics and Gynecology; medical examiner on local draft board until ordered for active duty to Camp Upton, L.I., on July 3, 1941; departed from Camp Upton for foreign duty on September 5th, 1941; promoted to Captaincy, February, 1942 and to Major during October, 1942; returned to the United States on duty, November, 1942, granted ten days leave; married Miss Miriam T. Conway, New York City; returned to foreign duty. Principal duty is Assistant Chief of Surgical Service, 41st General Hospital, A.P.O., No. 869, % Postmaster, New York City. Have been in foreign duty about twenty months.

ROSENBERG, Carl C., '37. Lieut and Mrs. Carl C. Rosenberg and fifteen months old Frederic Alan are now in San Antonio, Texas, where the Lieut. is becoming a flight surgeon at the school of Aviation Medicine, Randolph Field.

GODWIN, Andrew C., '38, also D.D.S. (Angle School of Dentistry, Chicago). Dr. Godwin was commissioned 1st Lieut., M.C., U.S.A., and assigned to active duty on May 18th, 1943. His first destination was Westover, Mass. In addition to Dr. Godwin's research in orthodontia, he was a special student in the department of anatomy at the New York Medical College for two years. In April, 1942, he demonstrated at a meeting of the American Association of Anatomists that changes in the mandibular angle occur in relation to muscle action, especially when the teeth do not occlude normally. This work and research will continue to attract attention.

HAMLEY, John J., '38, has been promoted to the rank of Captain. He writes that he has been transferred overseas, and his present position is that of Surgeon for a Caribbean Wing Air Base Hospital which has a capacity of sixty patients. Equipment is very good and modern. His address is A.P.O., 618, % Postmaster, Miami, Florida.

PLASS, John Brice, '38, who is stationed at the Desert Center in California, after a leave back home to New York, writes as follows: "The trip back home was a struggle. We were taken off the plane at Pittsburgh. Train to Chicago, two long bus trips, finally arriving at the Desert Center at 4:30 a.m. with six miles of walking to the base. The desert is still the same. It's running well over 100 in the shade and well over 130 in the sun. This is my ninth month and second summer in the desert. Still am not doing any medicine but I can field-strip and rebuild a Garand rifle in the dark. This plus a bottle of quinine and a little iodine ought to make me a triple threat in a fox-hole. That reminds me. About every time you turn around here you have to dig a fox-hole. The other day we had a work-out. They put on a "simulated" conditioner. The siren rang and we hit the holes. The lachrymator gas was freely dispensed by planes. Then came the bombers and dropped 100 lb. bombs just close enough so the concussion was well (too well) felt. Figuring I might be miss-

ing something, I stuck my head out to make a survey. At that moment a flight of P-43's came over with all guns blasting away with live ammunition. I heard ping-ping and felt the jar in my helmet. I hit the bottom of that hole like you would hit a feather mattress. I felt a little foolish when I found it was just the empty cartridges that hit me, but at the rate of speed the planes travel, they could do some harm to certain areas." Desert John.

LEWIS, Alfred, '39, is in the Public Health Reserve, detached to the Navy as a Lieut. (j.g.) and is stationed at the Maritime Training Station at Catalina Island, Calif. He writes that he was most pleased to receive the Chironian, and that he will be sincerely grateful for future copies.

ALLYN, Wilfred Earl, Jr., '40. Dr. and Mrs. W. E. Allyn, Jr., announce the birth of a daughter, Sherry Dianne, on April 4th, 1943.

MOORE, Samuel B., Jr., '40. 1st Lieut. Moore is in station hospital No. 15 in one of the larger cities of Iceland, after spending four months at a remote post, probably anti-aircraft, on the eastern coast. He is very active in the medical service of the hospital, and is associated with a fine group of men.

TICHENOR, Clifford, '40, writes: "Cheerio to all." His address is Captain Clifford Tichenor, M.C., 62" F., - 56" F.G., A.P.O., No. 637, % Postmaster, N. Y. City.

ANDRONACO, Joseph, '42, was married to Miss Virginia Byrne on March 6th, 1943 at Holy Trinity Church, New York, N.Y.

CIARAMELLI, Letizia C., '42, has received a Fellowship in Medicine at the Mayo Foundation beginning October, 1943. In the meantime for the next three months, she will be Resident in Obstetrics at the New York Infirmary for Women and Children.

MENICK, Frederick, '42. Lieut. (j.g.) Menick and Mrs. Menick announce the birth of a daughter, Kathe Joyce, on May 18th, 1943, at the United States Naval Hospital, Brooklyn, where Dr. Menick is stationed.
