## THE ACADEMY OF MEDICINE FORTNIGHT

The New York Medical College, Flower and Fifth Avenue Hospitals, were well represented in the exhibit at the Academy Fortnight, on the subject of Gastro-Intestinal Diseases. The titled exhibits were as follows:

"Hirschsprung's Disease" Louis R. Kaufman. "Volvulus of Sigmoid Colon" L. R. Kaufman and S. T. Glasser. "Acute Pancreatitis" S. T. Glasser, "Peritoneoscopy" (two charts) L. P. Wershub, "Common Duct Obstruction" John Herrlin, "Pedicle Patch-Graft Pyloroplasty" (three charts) L. G. Beisler, "Diseases of the Liver" (two charts) I. J. Dreker, S. Klotz, D. Schwimmer, and T. H. McGavack. "Study of Appendicitis" H. P. Leis, Jr., H. Mosig, W. L. Mersheimer, J. Herrlin and L. R. Kaufman. "Echinococcus Cyst of the Liver" S. A. Chilian and S. Spiegel.

"Demonstration—A Modification of the Morrison Method for Determining the Concentration of Bile Salts in Bile" E. R. Capps, W. B. Langan, and I. S. Kleiner. "A Method of Estimating Pepsin in Gastric Contents" I. S. Kleiner, "Isolation and Identification of Bacteria causing Typhoid Paratyphoid and Dysentery" Department of Bacteriology. "Laboratory Diagnostic Methods for Amebic and other protozoal infections of the Gastro-Intestinal tract" Department of Bacteriology. "A Gastroscopic Study of the Incidence of Chronic Gastritis in Common Gastric Afflictions" Harry Barowsky. "Comparative absorption, excretion, and toxicity of sulfacetimide, sulfadiazine and sulfanilamide after oral and intraperitoneal administration" (an experimental and clinical study) David Lehr.

"Diverticula of the Duodenum" Twelve 14x17 X-Ray Films. Department of Radiology, J. C. Howard. "Determination of the Viability of Bowel with Fluorescein" (16 transparencies in color) K. Lange and L. J. Boyd. "An exhibit consisting of 100 photo micrographs in color, showing the pathological conditions of the digestive tract from the esophagus through the colon" Andrea Saccone and N. W. Chaikin.

## GRADUATION EXERCISES

Due to the accelerated program of the College, the graduation exercises for the class of December, 1943 will be held on December 20th, at 3:30 p. m., in Hosack Hall, Academy of Medicine. The Alumni Banquet for this class will be held at the Harvard Club, 27 West 44th Street, on Saturday, December 18th.

As the next issue of the Chironian will not appear until January, it was thought advisable to announce these preliminary plans, which have not yet been fully crystalized, and further notice will be sent the Alumni at a later date.

---

## N. Y. MEDICAL COLLEGE SCHOOL OF NURSING

The appointment of Miss Margaret M. Gorey as Director of the Flower Fifth Avenue School of Nursing has been announced by President J. A. W. Hetrick of the New York Medical College Flower and Fifth Avenue Hospitals.

Miss Gorey, who commenced her duties on September 15, is a graduate of the University of Cincinnati and Cincinnati General Hospital. She has pursued post-graduate study at Ohio State University, the University of Michigan, and Vanderbilt University. She has served on the Staff of the Ohio State University Hospital, the University of Michigan Hospital, and the Nursing Faculty of Vanderbilt University.

In 1929 Miss Gorey was appointed to the Faculty of Nursing of Peiking Union Medical College, Peiking, China. She continued there for four years. She has also been Educational Director at the Neurological Institute, Columbia Presbyterian Medical Center, New York City. Miss Gorey comes to the New York Medical College from the Highland Hospital in Rochester, New York, where for the past four years she has been Director of Nursing and Principal of the School of Nursing. Miss Gorey has earned national recognition for contributions to the nursing profession. She was selected by the Rockefeller Foundation to direct a survey of nursing in Caracas, Venezuela. She has for some time been active in State and National nursing organizations.

On Tuesday, the 14th of September, President Hetrick held a reception at the Medical College, 20 E. 106th St., in honor of Miss Gorey so that nursing educators could have an opportunity to meet the new Director. Receiving with the President were Miss Gorey, Mr. Charles D. Halsey, Chairman of the Board of Trustees and Miss Dorothy V. Wheeler, retiring Director of the School of Nursing. Miss Wheeler is leaving to become Director of the New York City Nursing Council for War Service.

## THE BLOOD AND PLASMA BANK

The Department of Clinical Pathology has operated a Blood and Plasma Bank since December, 1942. This project was attempted with a minimum of funds and personnel in response to a real need at the Flower and Fifth Avenue Hospitals. At that time it was highly improbable that proper equipment could have been secured, even if sufficient funds had been available. The personnel of the Bank was supplied by the staff of the Department of Clinical Pathology. Thus, despite many deficiencies, the cooperation of the operating room staff, of the technicians and secretaries, and of a few staff physicians enabled the hospital to have the advantage of a Blood and Plasma Bank.

To date, the Bank has supervised the bleeding of over 700 donors, responded to requests for over 450 transfusions, and prepared and dispensed over 90 units of dilute plasma. It has also been demonstrated that such an undertaking may be operated without financial loss.

This record of service established by the Bank does not mean that all the problems of the Transfusion Service are solved. In fact most of the major problems lie ahead. One of these problems is the education of the physician to his responsibility in, and the proper use of the Bank. The physician of any hospital which runs a Blood Bank must realize that it is his responsibility to constantly secure donors for that Bank if his patients are to have the advantages of availability and trading of blood which only a Bank can supply. Furthermore, it should be obvious that blood placed in the Bank before a major operation or a delivery, with the patient typed and cross matched and a container of blood ready for instant use, is a highly desirable thing. Unfortunately, advantage is rarely taken of this procedure. The surgeon, in particular, seems to regard the Blood Bank as a Pharmacy and frequently in the middle of a major operation sends an emergency call for blood, despite the fact that his patient had not been typed.

In brief, it must be realized that Blood Banking techniques, the solutions and procedures used, the costs to the patient, etc., are primarily dependent upon donor supply and intelligent use of the Bank. If the physician sees to it that donor supply is adequate and that the Bank is properly informed, in advance whenever possible, of the qualitative and quantitative needs of the patient, then and only then can banking techniques be improved to keep pace with modern developments.

---

## MANHATTAN CONTROL CENTER

Dr. Edward D. Rudderow, '95, is Commander of the Caduceus Post, No. 818, New York City. He advises that there is need for a few more members on the staff of the Manhattan Control Center. Doctors who are not liable for military service at present, but who have had experience in the Army or Navy in the past, and who would like to help out, are urged to get in touch with him at 30 East 60th Street, N. Y. City, phone Volunteer 5-3800. The Center is located in Hunter College, 117 East 68th Street, N. Y. City, and the duties are not arduous.

## WOMEN'S AUXILIARY OF THE FLOWER AND FIFTH AVE. HOSPITALS

The object of the Auxiliary is two-fold: to raise and distribute funds to aid the hospital in its service to the community, and to give personal service in the institution wherever needed.

I. RAISING OF FUNDS: During the year ending April 12, 1943, \$1,553.73 was raised in the following ways:

- a. Dollar Investment Project—One dollar of auxiliary funds was given to individual members to be increased as much as possible for the benefit of the organization. Many unique and clever ideas were developed.
- b. Victory Bag. A handsome and unusual Victory shopping bag, so-called because of the red insignia on a blue bag, was made and sold by auxiliary members.
- c. Christmas Bazaar. A sale of Christmas gifts, food, etc., was held on December 7th, in the rotunda of the Medical College.
- d. Benefit Dessert Bridge. A dessert bridge was held the afternoon of March 2nd, in the auditorium of the College.

II. DISTRIBUTION OF FUNDS:

- a. The sixth floor waiting room was redecorated; a rug, venetian blinds, draperies, lamps and pictures were selected and purchased.
- b. The nurses' quarters in the apartment on 106th Street were furnished and decorated. Rugs, curtains, draperies, lamps, many pieces of furniture, pictures, etc., were bought.
- c. Slip covers for chairs in the seventh floor waiting room, and draperies for the first floor waiting room were selected and purchased.
- d. Fifteen beds for the intefnes' quarters, a new flag for the hospital, and a Gatch maternity bed for the second floor were paid for by the auxiliary.
- e. Two Hundred Dollars were contributed to the Flower - Fifth Avenue School of Nursing for the furnishing of a room in the students' infirmary.
- f. Eight Hundred Dollars were contributed to the hospital for the purchase of equipment selected from a list of greatest needs submitted to the Auxiliary by the Dean.
- g. Annual contributions were also made: \$100. to the Student Loan Fund; \$50. for the Children's Christmas Party; \$42. for periodicals, graduation prize and year book for the school of nursing; \$150. for sewing room maintenance and layettes for Social Service.

### PERSONAL SERVICE:

During the past year much emphasis was placed upon personal service because of the demands made upon all hospitals by war conditions. Members of the Auxiliary responded to the call for volunteers and gave 793 hours of service as volunteer aides, doing clerical work, acting as office helpers, floor receptionists, etc.

The sewing room, operated and maintained by the Auxiliary, was kept open three days each week throughout the year for hospital sewing and articles for the emergency supply room. 12,467 articles were made. This included 36 layettes for the social service department.

A group of auxiliary members decorated the Christmas trees for the Children's Christmas Party.

The Auxiliary participated again in the United Hospital Fund drive by organizing a team which turned in a splendid record.

Nine auxiliary members were presented the United Hospital Fund Service Award, given in recognition of at least one hundred fifty hours of service to our hospital.

Several new members were added to the organization during the year. The annual luncheon for members and their friends was held in the Cotillion Room of the Hotel Pierre on Monday, May 10th.

The Women's Auxiliary will sponsor a sale of Christmas gifts, Food, Toys, etc., early in December, at the Hospital. Everyone is welcome to both contribute and buy. Proceeds will go to the Hospital.

The Nursing School of the Flower and Fifth Avenue Hospitals received a citation from the Red Cross on May 26th, in recognition of the 100% enrollment of their senior class in the Red Cross Student Reserve.

---

#### PHYSICIANS AS ARTISTS

"From time immemorial, medicine and art have been closely associated. The same skill that makes the surgeon's fingers deft with scalpel and ligature is at work in the beautiful examples of sculpture and carving shown in this book. The eye that so quickly and accurately evaluates the gradations in color and texture between normal and pathologic tissue coordinates the hand that wields the painter's brush. The man who chooses medicine as his life's work is largely motivated by a love for his fellow man, else he would select a vocation offering greater monetary reward. From the beginning, he is trained to exercise his powers of observations, and in time develops imagination, sympathy, understanding, philosophy and reverence, all of which are the very essence of art. Moreover, he deals with that most exquisite form of divine art and beauty, the human body.

"An artist-physician has said: 'The tendency of most persons is to regard the artist with awe as a superman endowed with talents not vouchsafed to the ordinary mortal. Most doctors have a latent artistic sense which may be developed to a remarkable degree by constant practice. When opportunity affords, slip away to the park or country, sit down on a camp-stool and practise sketching from nature. At first the results may not be satisfying, but in course of time you will be gratified to notice a marked improvement. An ample sketching kit may be purchased for a small sum and any local artist will be glad to give you instruction.'

"At the least, every physician is able to develop a sensitiveness to and an appreciation for fine art. He can also cultivate a hobby, which, if not one of the fine arts, is in the class of 'work by the side of work'. Dr. Charles A. Dana, who has always stressed the value of cultural medicine, has advised: 'Be a collector, for example, of stamps or automobiles, or old books, or neckties or pins; or find diversion in some collateral branch of science; the lore of birds, of fishing and shooting. Make a garden or cultivate shrubs and flowers. These kinds of activities will make your life happier and your professional character more attractive and effective.'"—quoted from "*Parergon*," published by Mead Johnson & Company, Evansville, Ind. Free copy available to physicians on request.—Adv.

## STUDENT ACTIVITIES

The Medical College and Nursing School students held a Summer Roof Dance in July, on the hospital roof. The dance was from nine to one, and Alfred Mamelok's orchestra furnished the music. Mr. Mamelok is a freshman medical student. The dance was well attended. Dr. and Mrs. Benjamin, Dr. Hotchkiss, Miss Whitman, Major Robertson and Dr. and Mrs. Speer were patrons. This was the first time the College has held an outdoor dance.

Badminton has been a popular sport on the student lounge roof during the summer. A new court has been added, and additional equipment secured to meet the student demand.

Swimming facilities for the Medical College and Nursing School were arranged in Heckscher foundation for daily plunges. The pool was crowded throughout the summer.

An End of Summer Dance was held in the college auditorium on September 24th, for the medical and nursing students. This was very well attended by both schools. The entering pre-clinical students in the nursing school attended their first all-school dance. Walter Leege and his orchestra furnished the dance music.

Plans are going forward to begin the Glee Club rehearsals for the Christmas Step Singing Concert. Both schools will be represented in the Glee Club project.

A Hallowe'en Dance will be given by both schools at the end of October. Square dancing and special dances are being arranged for.

Orientation Week during September was very successful in the Nursing School. The students attended "Blossom Time," Stars on Ice, Radio City, roller skating, The Philharmonic Symphony, an N.B.C. broadcast, and a Student Government Tea to welcome the new students into the school.

An open seminar meeting by the Contin Society was held in the student lounge on October 5th. Miss Elizabeth Brown, a senior medical student, read her prize winning thesis. Dr. Thomas H. McGavack discussed Miss Brown's paper.

Many tickets were purchased by students for the Stadium Concerts, musicals, and plays, during the summer season, through the student lounge.

The Medical Psychology Club has met for two discussion groups in the student lounge. Election of officers will take place at the next meeting.

## HONOR ROLL

The following are the names of our graduates in the armed forces of our Country received since the last issue (July 15, 1943) of the Chironian. The total now is 470.

- Angioletti, Louis V., '38. Rank and station unknown.  
Baldwin, Howard, '41, 1st Lieut. M.C., U.S.A., 378th Eng. Bn.  
(Somewhere in North Africa.)  
Berliant, Meyer, '34, 1st Lieut. M.C., U.S.A., 303rd Station Hospital, Camp Mackall, No. Car.  
Bloom, David, '28. Rank and station unknown.  
Calabrese, Savin D., '36, 1st Lieut. M.C., U.S.A., Fort Sam Houston, Texas, First Auxiliary Surgical Group.  
Colonnell, William J., '29, Lieut. Comm. M.C., U.S.N.R., Pearl Harbor Hospital, Terr. Hawaii.  
Eichner, D. H., '30, Major, M.C., U.S.A. Station unknown.  
Feinstein, Marcus A., '30, Captain M.C., U.S.A., Camp Patrick Henry, Newport News, Va.  
Glick, Jacob J., '31, Major, M.C., U.S.A., 1st Convalescent Hospital, A.P.O. 402, Nashville, Tenn.  
Hartstein, Alexander S., '25, Captain, M.C., U.S.A. Overseas.  
Lebowitz, Harry M., '26, Captain, M.C., U.S.A., 303rd Station Hospital, Camp Mackall, No. Car.  
Leon, Jerome Louis, '34, Captain, M.C., U.S.A., Lakeland Air Field, Lakeland, Florida.  
Malgieri, John M., '42, 1st Lieut. M.C., U.S.A., Sheppard Field, Wichita Falls, Texas.  
Manocchio, Angelo, '37, U.S.A. Rank and station unknown.  
Mascara, Gaetano A., '37, 1st Lieut. M.C., U.S.A. (Somewhere in No. Africa). A.P.O. 36, 111th Med. Bn., c/o Postmaster, N. Y. C.  
Morris, William A., '21, Lieut. Comm. M.C., U.S.N., Naval Air Tech. Training Center, Chicago, Ill.  
Ouligian, Charles, '42, 1st Lieut. M.C., U.S.A., Camp Gruber, Okla.  
Pers, Benjamin, '30. Rank and station unknown.  
Prisco, Frank, '37, U.S.A. Rank and station unknown.  
Rubin, Myron M., '38, Major, M.C., U.S.A., North Sector General Hospital, A.P.O. 957, c/o Postmaster, San Francisco, Calif.  
Silver, Albert M., '42, 1st Lieut. M.C., U.S.A., Carlisle Barracks, Pa.  
Silver, Irving, '31, 1st Lieut. M.C., U.S.A., Camp Lee, Va. 1326th Service Unit, Med. Section 1, Station Hospital.  
Solomon, Nathan, '25, Captain, M.C., U.S.A., Camp Pickett, Va. Hdqs. M.R.T.C.  
Tarter, Solomon S., '28, Captain, M.C., U.S.A. Station unknown.  
Tokar, V. Raymond, '42, 1st Lieut. M.C., U.S.A., Tournay General Hospital, Palm Springs, Calif.  
Tornambe, Paul R., '37, Capt. M.C., U.S.A. Somewhere in Australia.  
Turner, Hyman, '34. Rank and station unknown.  
Tyburczy, Joseph A., '40, Lieut. M.C., U.S.N. Overseas, South Pacific.  
Veneruso, Leonard C., '42, 1st Lieut. M.C., U.S.A., Jefferson Barracks, Mo.

## NAVY AND MARINE CORPS MEDAL AWARDED TO DR. NAPP

The Navy and Marine Corps Medal has been awarded Dr. Emil E. Napp, Lieutenant Commander, Medical Corps., U.S.N.R., for heroic conduct as a regimental surgeon during the Marine Corps' Guadalcanal fight August 7 to December 22, 1942, the Navy Department announced. The citation accompanying the award was signed in behalf of the President by Frank Knox, Secretary of the Navy, and reads:

"For heroic conduct as regimental surgeon during operations of the First Marines, First Marine Division, against enemy Japanese forces on Guadalcanal, Solomon Islands, from August 7 to December 22, 1942. Displaying exceptional courage and loyalty in attending wounded personnel on numerous occasions, Lieutenant Commander Napp, at the battle of Tenaru, repeatedly exposed himself to terrific hostile fire in order to evacuate his injured comrades. On the night of October 13-14, when Japanese warships shelled the regimental command post and struck a dugout in the area, he voluntarily abandoned his shelter at the height of the bombardment and gallantly worked his way through an intense barrage of enemy fire in order to administer prompt medical attention and first aid. His inspiring devotion to duty, maintained at great personal risk in the face of grave danger, was in keeping with the highest traditions of the United States Naval Service."

Commander Napp was born in New York City and graduated from De Witt Clinton High School, Columbia University, and from the New York Medical College in 1933. After serving as interne at Flower Hospital, 1932-34, he became a member of the faculty of the New York Medical College, Flower and Fifth Avenue Hospitals, and the Metropolitan Hospital. Dr. Napp held a Naval Reserve commission for nearly ten years before being called to active duty on June 9, 1941. He was assigned to the South Pacific area in June, 1942 and continues to serve there at the present time.

---

The Chironian is published by the Alumni Association of the New York Medical College. Campbell Howard, '16, Editor. Office, 1 East 105th Street, New York, N. Y.

## In Memoriam

HRDLIČKA, Aleš, '94, Washington, D.C., was born of worthy middle-class parents at Humpoletz, Bohemia, on March 29, 1869. In 1882 the family moved to New York. He attended evening classes, studying the new language. Being quick to learn, and with the aid of a family physician, he entered the N. Y. Eclectic Medical College. He graduated from there in 1892, and two years later, in 1894, he graduated from the N. Y. Homeopathic Medical College. He practiced medicine for a short time, but his interest in anthropology turned him to a study of the insane, and he became an interne in the N. Y. State Hospital for the insane at Middletown. Two years later he was named associate in anthropology in the N. Y. State Pathological Institute, and later spent a year of study in anthropology in Paris (Sorbonne). His early years with the mentally and physically abnormal convinced him of the need for knowing the normal, and this became the guiding principle of his entire scientific life. Dr. Hrdlička was truly a prodigious worker both in the laboratory and in the field. In 1898 he took his first field trip, to Mexico. These trips were continued in 1899-1902 to the southwestern United States and Northern Mexico, under the auspices of the Hyde Expeditions of the American Museum. He had an unusual ability to "get along" with natives, and these field trips were very fruitful. They were the first of many that took him all over the world: to Egypt and the Near East in 1909, to Siberia and Mongolia in 1912, to Peru in 1913, to the Far East in 1920, to Africa, Asia and Oceania in 1925, to Alaska and the Aleutians in 1926 to 1938, to Russia and Siberia in 1939, besides numerous trips to Europe and expeditions within the United States. In 1903, having greatly increased his knowledge in the then little known field of anthropology, he was appointed assistant curator of physical anthropology at the National Museum of the Smithsonian Institution in Washington. In 1910 he was made curator of that division, a position he held until his retirement in 1941. In that capacity he published countless articles and many books. About one year ago, wishing to continue his work in war time, the institution restored him to active status. In 1896 Dr. Hrdlička married Marie Dieudonné of New York City. Her death in 1918 was greatly mourned. In her honor there was established the "Aleš and Marie Hrdlička Foundation" in Czechoslovakia, which subsidized, in part at least, a chair of anthropology at the Charles University in Prague and the Czech Journal of Anthropologie, in publication since 1923. His greatest contributions were in founding the American Journal of Physical Anthropology, of which he was editor from 1918 to 1942, and in establishing in 1929 the American Association of Physical Anthropologists, of which he was president from 1929 to 1932. Many honors came to Dr. Hrdlička: the

chairmanship of the Anthropological Society of Washington, (1907), Section H of the A.A.A.S. (1918), of the American Anthropological Ass'n. (1925-1926) and of the Washington Academy of Sciences (1929). He had an honorary Sc. D. from Prague (1922) and Brno (1926). He was a member of the National Academy of Sciences and of the American Philosophical Society. In the epilogue of his latest book "Alaska Diary," Dr. Hrdlička speaks of the volume as the views of "a medical man, an anthropological explorer, and a human human . . . a story of sustained, systematic assiduous search for evidence that might aid in clearing the aboriginal history of (Alaska)". Dr. Hrdlička died of a heart attack on September 5, 1943, at his home in Washington, D. C. His age was seventy-four. He is survived by his widow; a nephew, Dr. Joseph Zelenka, of Washington; and three brothers, Henry; Maximilian and Joseph Hrdlička, of New York.

DALY, Warren C., '02, Rochester, N. Y. Dr. Daly was a member of the Medical Society of the State of New York; was on the Honorary Staff of the Genesee Hospital of Rochester. He died on May 2, 1943 of arteriosclerotic and hypertensive heart disease. He was sixty-eight years old.

WALSH, James, '03, Cortland, New York. Dr. Walsh died on July 31, 1943.

TAYLOR, George Herbert, '04, Maplewood, N. J. Dr. Taylor was born in Bloomfield, N. J. He was educated at St. Paul's School, Concord, N. H., and graduated from the New York Homeopathic Medical College in 1904. After graduation he went abroad for one year to study in Berlin. He was the attending orthopedic surgeon at the Orange Memorial Hospital and the Morristown Memorial Hospital, and a consulting surgeon at the East Orange General Hospital. Dr. Taylor practiced medicine in Maplewood and the Oranges for more than thirty-five years. He served as attending surgeon, for several years, at the New Jersey Orthopedic Hospital in Orange, of which he was a founder. He was also active in civil affairs. He was a member of the Maplewood Defense Council and the Maplewood Improvement Ass'n., and director and secretary of the Professional Building at 144 Harrison St., East Orange. Dr. Taylor was a fellow of the American College of Surgeons; a member of the American Board of Orthopedic Surgeons; the Essex County Medical Society; the New Jersey State Medical Society; the New Jersey State Surgical Society and the Orange Mountain Medical Society. Dr. Taylor died of a heart attack on August 25, 1943 in his office in the professional building, East Orange, N. J. His age was sixty-one. Surviving are his wife, Mrs. Ruth Jones Taylor; three daughters, Mrs. Kenneth Brown and Mrs. Robert Marshall of Colrain, Mass., and Miss Sue Taylor of Maplewood; a brother, William Taylor of New York, and a sister, Mrs. Thomas Barclay, of Washington.

CARBERRY, Edward T., '23, Wharton, N. J. Dr. Carberry was born in Wharton. He graduated from the New York University and from the New York Homeopathic Medical College in 1923. He served his internship at the Fifth Avenue Hospital. He practiced medicine in Wharton for nineteen years and was head of the Maternity Service and on the Surgical Staff of the Dover General Hospital. He also was school physician in Wharton. He was a member of the Morris County and the New Jersey State Medical Societies, American Legion, Holy Name Society of St. Mary's Church, and Dover Lodges of Elks and Eagles. Dr. Carberry died on September 20, 1943 of a heart attack. His age was forty-four. He is survived by his wife, Mrs. Loretta Carberry; two daughters, Misses Elizabeth and Jane, and a brother, John Carberry of Morristown, N. J.

## PERSONALS

Please send personal items to the News  
Editor, 1 East 105th Street, N. Y. C.

FOSTER, Herbert W., '91, of Montclair, N. J., reports his son Frank P. Foster, M.D., to be in medical aviation at Buckley Field in Denver, Colo.

FOSTER, William E., '91, of Babylon, L. I., was one of five members of the Suffolk County Medical Society who had completed a half century of practice. A special program honoring the "Jubillarians" was held recently at the quarterly meeting of the Society at Kings Park State Hospital. Dr. Thomas A. McGoldrick, president of the Medical Society of the State of New York, praised the "Jubillarians", and paid tribute to their achievements.

LOVE, William Lathrop, '94, for many years on the consulting staff of the Brooklyn Nursery and Infants' Hospital, and the Cumberland Hospital, is now located at 31 Hunting Lane, East Hampton, L. I., N. Y., where he is specializing in chronic diseases.

RABE, Rudolph F., '96, formerly of Basking Ridge, N. J., is now located at 26 Armstrong Road, Morristown, N. J.

FOBES, Joseph H., '01, Lt. Col. U.S.A. (inactive) is the Senior Surgeon U.S. P.H.S., in charge of the Affiliated Hospital Unit at the New York Medical College, Flower and Fifth Ave. Hospitals.

HULETT, Albert G., '12, Lieut. Col., M.C., U.S.A., advises that he has again been transferred to a new station. His address is: Hospital Inspector; Chief of the Laboratory Branch and Claims office of the Oakland Area Station Hospital, Oakland, 14, Calif.

FAMA, Charles, '14, is chairman of the medical board of the New York City Retirement System and also a member of the recently formed American Committee for Italian Democracy, which is headed by Justice Ferdinand Pecora of the Supreme Court.

MORRIS, William A., '21, Lieut. Comdr. M.C., U.S.N.R., formerly Medical Director at the Yonkers General Hospital, New York, reported for duty in June at the Naval Air Technical Training Center, Chicago, Ill.

TARTER, Solomon S., '28, of 124 Remsen St., Brooklyn, for ten years associated in practice with Dr. Wm. Lathrop Love, former New York State Senator, is now a Captain in the Medical Corps of the United States Army. Station unknown.

FIERRO, Eugene A., '28, Capt. M.C., U.S.A., advises that his correct address now is: Captain Eugene A. Fierro, 303rd Station Hospital, 0-1689786, A.P.O. 4716, % Postmaster, N.Y.C.

COLONNELL, William J., '29, Lieut. Commdr., M.C., U.S.N.R., has been serving as Allergist at the National Naval Academy Center since 1942. He has recently been assigned to Pearl Harbor Hospital, Hawaii.

LUBOWE, Irwin I., '30, Capt. M.C., U.S.A., writes from Tunisia that things are keeping him busy, and that he is now in charge of Urology at his station hospital.

KAPLOWE, Joseph L., '30, New Haven, Conn. Dr. and Mrs. Kaplowe announce the birth of a daughter, December 23, 1942. This is their third daughter.

BOCHOW, George A., '30, advises that his present address is as follows: Captain George A. Bochow, M.C., 1st Aux. Surg. Gp. 0-1,689487, A.P.O. 4834, % Postmaster, New York, N.Y.

GLICK, Jacob J., '31, joined the armed forces in November, 1942, with the title of Captain. He has recently received his commission as Major, and is stationed at the 1st Convalescent Hospital, A.P.O. 402, % Postmaster, Nashville, Tenn.

SCHWEIZER, Herman W., '31, writes as follows: "After thirteen months of service on the American mainland, principally in the medical service of the Station Hospital, Fort Worden, Wash., I was hurriedly and unceremoniously ordered to a large staging area in California; and within four hours after I arrived there, was literally pirouetted on a big transport somewhere-bound. That was early in July. The voyage across the blue Pacific was divine. Captain Matilsky and I recognized each other aboard ship. Shortly afterward we docked in one of the Hawaiian Islands. And after duty hours I can bend an elbow and say "okole maluna." I wish we can have a real reunion when Victory comes." Address: Captain Herman W. Schweizer, M.C., Clearing Co., 108th Med. Bn., A.P.O. 33, % Postmaster, San Francisco.

SILVER, Irving, '31, writes that he has been at Camp Lee, Virginia since Oct. 1942. He missed his Captaincy by two months; and is still a First Lieutenant, which rating may continue indefinitely in view of the dearth of promotions. This is one of the largest and best of the Quartermaster Training Camps.

RICHTER, Edward R., '31, is now located at 21 Broadway., Lawrence, L.I., N.Y.

HOROWITZ, Jack J., '32, was promoted to the rank of Captain on July 19, 1943. He is at present on detached service from the Bruns General Hospital, Santa Fe, New Mexico, and stationed with Provisional Medical Detachment No. 1, Box 527, Santa Fe, New Mexico.

WEISMAN, Abner I., '32, has recently become a diplomate in the American Board of Obstetrics and Gynecology, May, 1943.

LOGAN, Myra, '33. Dr. Logan was recently appointed a member of Governor Dewey's New State War Council Committee on Discrimination.

GALLO, Frank A. R., '34, writes that by the time this is received he will be overseas somewhere. His address is: Major Frank A. R. Gallo, M.C., A.P.O. 4819, % Postmaster, New York, N. Y.

PADDEN, Aloysius F., '36. Capt. M.C., U.S.A., entered the armed forces on August 14, 1942. On April 19, 1943 he left for overseas duty. His present address is: Captain Aloysius F. Padden, 0-1692206, Medical Detachment, 74th C.A.A.A., A.P.O. 512, % Postmaster, New York, N. Y. On July 9, a second son was born to Captain and Mrs. Padden at Hackensack Hospital, Hackensack, N. J. The new arrival has been named Aloysius, Jr., and joins a brother Carl now five years old.

SAVEL, Lewis E., '36, has recently been promoted to Captain, M.C., U.S.A., and is now located at Moore General Hospital, Swannanoa, No. Car.

MASCARA, Gaetano A., '37, has been in the armed forces since August 27, 1942, and at present is stationed somewhere in North Africa. His address is: 1st Lieut. G. A. Mascara, 111th Medical Batt. A.P.O. 36, % Postmaster, New York, N. Y.

RE, N. Maurice, '37, writes that he received an honorable discharge from the United States Army, and is now in private practice at 1003 Dearborn Road Palisade, N. J.

GIORGIO, Douglas J., '37. Lieut. M.C., U.S.N.R. and Mrs. Giorgio announce the birth of a son, August 16, 1943.

MELLOW, Joseph A., '38, Captain, M.C., U.S.A., who saw service in the South Pacific Theatre of Operation has been stationed in the Letterman General Hospital, San Francisco. He expects to be transferred to a Hospital inland.

BAGNER, Alan B., '38, writes that he has been promoted to Captain. His present address is: Capt. Alan B. Bagner, 0401114 Co. D., 107th Medical Bn. A.P.O. 32, % Postmaster, San Francisco, Calif.

McKAY, Robert D., '38, writes: "After doing duty at Camps Forrest, Shelby and Beauregard through the deep South I have now progressed to Sunny Calif. At present my rank is Lieut. Col. and my job is Assistant Surgeon of Desert Training Center Headquarters." Address: Lieut. Col. Robert D. McKay, Surgeons Office, H. Q. XV Corps, 0-367676, A.P.O. 436, Desert Training Center, Camp Young, Calif.

RUBIN, Myron M., '38, Major M.C., U.S.A., in service since July 1, 1940, has been stationed in Hawaii since November, 1940, and his present address is: Major Myron M. Rubin, M.C., North Sector General Hospital, A.P.O. 957, % Postmaster, San Francisco, Calif.

PLASS, John B., '38, advises that his present address is: Capt. M.C., 11th Recn. Squad. 0-473152 Morris Field, Charlotte, No. Car.

GAGLIARDI, Francis A., '39, Captain, M.C., U.S.A., writes: "It is certainly gratifying to read about our old friends, and our Alma Mater, in the Chironian. I have been in the service twenty-three months; for the first year as a battalion surgeon with an armored outfit of tanks. Following this came my promotion to Captain and my marriage to Miss Sherril Carroll, a nurse from Mary Immaculate Hospital. Then I was relieved from the armored force and sent to O'Reilly General Hospital for a three months course in surgery, at the end of which I was transferred to Camp Upton Stat. Hospital as assistant in surgery. In January, '43, I was ordered to Plattsburg Barracks, N. Y., as chief of the surgi-

cal service, and executive officer of the station hospital, a job I am thoroughly enjoying. Am now awaiting orders to attend the post-graduate surgical course at Columbia University under the auspices of the army, at the end of which should come my promotion to Major and long awaited assignment overseas."

Di GIACOMO, Michael, '40, is a Lieut. j.g. U.S.P.H.S., and assigned since Pearl Harbor (Dec. 7, 1941) at the U. S. Coast Guard Receiving Station on Ellis Island.

BORNEMANN, Carl, '40, Lieut. j.g., M.C., U.S.N.R., recently paid a visit at the College. He has been in the service since November, 1942, and at present is on sea duty attached to the amphibious forces of the Atlantic Fleet.

MOORE, Samuel B., Jr., '40, Lieut. M. C., U.S.A., has recently been attached to the 92nd Station Hospital, A.P.O. 610 in Iceland. At the same station hospital are Dr. M. A. J. Mondelli, '39 and Miss Finlay, a former nurse at the Flower-Fifth Ave. Hospital.

TYBURCZY Joseph A., '40, Lieut. M.C., U.S.N., writes that he has been in the Navy since August, 1941, and on active duty on a destroyer since February, 1942 in the South Pacific, where he met two of his classmates, Lieut. j.g. L. W. Potter, on a destroyer, and Lieut. j.g. J. J. Reilly, on an A.K. At the time he wrote, September 20, 1943, he was on a seven day leave to report to the Naval Air Training Center, Pensacola, Fla., for instruction in Flight Surgery.

ANCONA, Vito C., '41, has a "Fellowship" in Internal Medicine at the Cleveland Clinic (Crile Clinic) Cleveland, Ohio. He was married to Miss Irma B. Peterson on May 1, 1943.

BIVONA, Charles J., '41, Lieut. M.C., U.S.A., is now with the 34th Bomb. Gp. A.A.B., Salinas, Calif., as 4th Squadron Flight Surgeon. He writes that army life really agrees with him and that he is very happy. He is home on his first leave of absence to see his daughter, Charline Elizabeth, born June 24, 1943.

BALDWIN, Howard, '41. After graduating, Dr. Baldwin completed his one year's internship at St. Elizabeth's Hospital, Lincoln, Nebr. Since that time he has been with the armed forces in Penna., and Calif. At the present time he is-somewhere in North Africa, with the 378th Eng. Battn. as 1st Lieut. in the Medical Corps.

SILVER, Albert M., '42, Lieut., M.C. U.S.A., was married to Lola Galvin on December 24, 1942. He is assigned to the Carlisle Barracks, Penna.

TOKAR, V. Raymond, '42, Lieut. M.C., U.S.A., served internship at St. Catherine's Hospital in Brooklyn for one year, and was ordered to active duty on July 28, 1943 at the Torney General Hospital, Palm Springs, Calif.

FORCE, Berwin, '42, Lieut. j.g., U.S. N.R. writes: "After an excellent month at the St. Alban's Naval Hospital on G.C. and skin under a Dr. Tolman of Harvard, I was very lucky indeed to receive an appointment on a battleship, the U.S.S. South Dakota. I am to assist and will be trained by an internist and a surgeon, both of whom

are excellent professionally and humanly. Would appreciate any news and also the Chironian."

SAMOWITZ, Stanley, '42, has a fellowship in Radiology at the Michael Reese Hospital, Chicago, instead of being Ass't. Resident, as announced in the last issue of the Chironian.

ZELMAN, Morris, '42, is assistant resident in Surgery at the Michael Reese Hospital, Chicago, and will be until January 1st, when he will have a full residency in Obstetrics and Gynecology.

SCIORSCI, Mario, '43. Dr. Sciorsci was married on June 16, 1943. He is interning at Christ Hospital, Jersey City, N. J.

TARTAGLIONE, Ciro S., '43, advises that his name has been legally changed to Ciro S. Tarta. Dr. Tarta was married on May 1, 1943, and is now interning at Christ Hospital, Jersey City, N. J.

SCHEIN, Arnold Harold. Dr. Schein, appointed instructor in Biochemistry of this College on March 1, 1943, has recently received the degree of Doctor of Philosophy from the University of Iowa.

ALUMNI ARE URGED TO PATRONIZE OUR ADVERTISERS

*Remember*

in 1932 we brought out Pablum?  
A new concept of cereal nutrition, easy of preparation,  
nonwasteful, fore-runner of present-day widely prac-  
tised principles of food fortification—remember?

*Now* we have gone a step further in  
Pabena, similar in nutritional and convenient features  
to its father-product, Pablum, different in flavor be-  
cause of its oatmeal base. If our pioneer work and  
ethical conduct meet with your approbation, remem-  
ber, please, to specify Pablum and Pabena.
