The Intercollegiate basketball schedule of Medical Colleges for the past season (1946-47) included the following teams:—Long Island City, Physicians and Surgeons, New York University and the New York Medical College. Cornell Medical College did not enter due to the accelerated program. This was the first full schedule played in the Medical College league since the beginning of the war. Each of the four classes were represented on our College team, who wore Maroon and grey uniforms. In addition to playing the Intercollegiate schedule, an intramural schedule made up of teams of the freshman, sophomore, junior and senior classes, was played.

ALUMNI DAY

The 1947 Alumni Day was celebrated on Tuesday, June 10th in the College Auditorium. While a number of out-of-town graduates were present as usual, we missed two of our regular "old timers" who were unable to make it this year, they are: Dr. Frank F. Williams, of Canton, N. Y., and Dr. Charles E. Lane of Poughkeepsie, N. Y. Both these Doctors are of the class of 1883, and both are still practicing medicine. The group began gathering about noon, and at one o'clock entered the Auditorium, where a very excellent luncheon was served. There were over one hundred present. Dr. Beeler, Hospital Administrator, and Miss Byrnes, Dietician, are to be congratulated for their part in the selection and the service given at the luncheon. The Alumni Association also wish to thank the Board of Trustees of the College and Hospital for their generosity in providing this luncheon, which everyone present regarded as par excellence.

ANNUAL BUSINESS MEETING

After the luncheon the annual business meeting got under way, also in the Auditorium. The meeting was called to order at 2:25 p.m., Dr. Frank J. Borrelli, president, presiding. Members present 20. A motion was made seconded and passed that the minutes of last year's annual meeting be accepted as read.

President's Address:—Dr. Borrelli, in addressing the meeting, thanked them for the honor of being accepted for three terms as president of the Alumni Association. He said he enjoyed every minute of his service in that capacity, and that he will be only too happy to cooperate with his successor in anyway he can. He spoke of the increased operating expenses incurred during the past three years, which meant that we must have a larger paid up membership. We have been accomplishing this with fair success, however, there is room for further improvement, and he hoped that sometime in the future the large majority of our alumni will become active members, and, in that way build up a large alumni fund. In order to have a strong Alumni Association, our members should be active and interested in their Alma Mater.

OFFICERS REPORTS

The Recording Secretary, Dr. Lawrence B. Slobody, reports: There were two meetings of the Board of Directors held during the year, both in Dr. Borrelli's office.

Doctor's Sick Benefit Fund—which the Woman's Auxiliary of the Hospital asked the Alumni Association to keep in trust for them, and which was accepted at last year's annual meeting, has been deposited in the Bowery Savings Bank, New York, N. Y. The amount of this Fund is \$6,000.

Incorporation—The Alumni Association was incorporated under the laws of the State of New York on October 25th, 1946, and our official title now is: The Alumni Association of the New York Medical College, Flower and Fifth Avenue Hospitals, Inc.

Deposit Box—In March of 1947 we obtained a deposit box at the National City Bank, 96th Street and Park Avenue, New York City. The Treasurer of the Association, and the lay secretary, have access to the box.

Questionnaire—In the latter part of 1946 a questionnaire was sent to all alumni — about 40% of our graduates have returned their filled-in forms. Those who did not return them are asked to do so at their early convenience.

In Service—At the present time our records show that 953 of our graduates have served, and some are still in service, in the armed forces of our Country.

Alumni Memorial Fund—Two of our alumni, Dr. Arthur L. Rich, class of 1942, and Dr. Louis Kasman, class of 1928, were killed in action during the past war. The members of the classes of 1928 and 1942 appointed a committee to obtain funds to perpetuate the memory of these two Doctors who gave their lives to their Country, and to our freedom. This committee consists of Alan B. Cantwell, '28, Chairman, Julius Blankfein, '28, Irving M. Rollins, '42, and Jacob L. Oberman, '42. With the receipts a beautiful bronze plaque was erected in a wall on the main floor of the College Building. The plaque was unveiled and dedicated today (Alumni Day). Dr. Cantwell made the dedicating address. He said he knew both these men very well, and both had very bright futures before them. When they were called to the service, they answered unstintingly, and gave everything they had for their Country. To our regret they gave the supreme sacrifice. Dr. Rollins, who supervised receipts for this fund, reported a balance after the plaque was paid for. At a meeting of the committee, it was decided to further commemorate the memory of Drs. Kasman and Rich, by donating books to the College Library for the balance of the money received. Each of these

will contain a book plate, the inscription on which will be similar to that on the plaque.

Banquet—Dr. Leonard P. Wershup, chairman of the Banquet Committee reported that a very good attendance was expected at the annual banquet.

Re-location—Dr. Lawrence B. Slobody who is acting as a committee to re-locate veterans, reported that he has a number of placements out-of-town, and also in New York City, but that the rents asked here in the city are exorbitant, and applicants cannot pay the high rates.

Treasury—Dr. Leonard P. Wershup, Treasurer, reports a balance on April 30th, 1947 of \$1,972.88.

Necrologist—Dr. Joseph H. Fobes reported the death of 32 of our alumni during the past year, all of which have appeared in the Chironian.

Chironian—As Editor, Dr. Joseph H. Fobes reported that the cost of issuing the Chironian has raised slightly for the year 1946 over the year 1945. However, when we hear from so many of our graduates, especially those who were in the service, how much they appreciated the Chironian somewhere in China, Africa, Germany or wherever they were, we cannot but feel that our graduates look forward to it with approval. He also said he has had some outside comment on the Chironian which was very favorable. KEEP ON SENDING IN YOUR PERSONALS.

NEW BUSINESS

A motion was made, seconded and passed that—"A vote of thanks be given to Dr. Frank J. Borrelli for his fine services as president of the Alumni Association for the past three years."

Meeting adjourned.

Respectfully submitted,

LAWRENCE B. SLOBODY, M.D.

Recording Secretary

BANQUET

The Banquet was held in the evening of Alumni Day, at the Colonnades of the Essex House on Central Park South. Over Three hundred were present. There was a special table for the class of 1897—the "Golden Grad" class. Of the six living graduates of the fifty year class, five were present at the Banquet, they were: Dr. Alonzo E. Austin, New York, N. Y.; Dr. Robert F. Hovey, Springfield, Mass.; Dr. Horatio R. Marsh, Long Beach, State of Washington; Dr. C. A. Peterson, Hoboken, N. J., and Dr. Clarence A. Potter, Goshen, N. Y. Dr. Peterson, representing the 1897 class, gave some impressions of a Doctor after practicing for fifty years. As he finished his address, the class was given a wonderful ovation. At another table the class of 1907, the forty year class, had a very fine representation. Of the fourteen living members of the '07 class, ten were present. They, too, were given a very good ovation. Dr. Borrelli then introduced Jerrold L. Wheaton, Jr., '47, Editor-in-Chief of the 1947 Fleur-o-scope. Dr. Wheaton, speaking for the editorial staff of the year book said the staff had met to decide who this year's Fleur-o-scope should be dedicated to. After some discussion it was decided that someone who understood student problems should be the choice, so, who better than the Dean? Therefore the 1947 year book was respectfully dedicated to Dean J. A. W. Hetrick. Dr. Hetrick was very much surprised, and responded by saying how much he appreciated this honor. Dr. Borrelli then announced that we would next be entertained by members of the Student Body in an original musical comedy entitled: "Is There a Doctor in the House?" The play consisted of a series of original skits, lyrics and music, produced and performed by the student body, and portrayed the impressions of four years at Medical School. The production was under the supervision of Ian Thompson and Herbert Eskwitt, and the musical score by Richard Segel. The play was very well received, and at times the laughter and applause was deafening.

COMMENCEMENT EXERCISES

The Eighty-eighth Commencement Exercises of the New York Medical College, Flower and Fifth Avenue Hospitals was held at Hosac Hall, New York Academy of Medicine, on Wednesday afternoon, June 11th, 1947 at 3:30 p.m. the Program was as follows:—After the Processional March, the Star Spangled Banner was played. The Right Reverend John Insley Blair Larned, D.D., LL. D. Suffran Bishop of Long Island officiated at the Invocation. The Invocation was followed by the introductory Address by J. A. W. Hetrick, M.D., F.A.C.S., President and Dean of the College. The Address to the Graduating Class was made by Edward M. Bernecker, M.D., Commissioner, Department of Hospitals, City of New York. The Administration of the Hippocratic Oath was made by Joseph H. Fobes, M.D., F.A.C.S., Professor of the Department of Graduate Surgery. The Conferment of Degrees was made by Mr. Charles D. Halsey, Chairman of the Board of Trustees. The Post-Doctorate Degrees were presented to Frank Richard Cole, B.S., M.D. in Surgery, and to Robert Tinkham Crowley, M.D., also in Surgery. Then followed the Award of Gold Diplomas to the members of the class of 1897, they were: Alonzo Eugene Austin, New York, N. Y.; Howard P. Deady, El Paso, Texas; Robert F. Hovey, Springfield, Mass.; Horatio Richmond Marsh, Long Beach, Washington; Charles A. Peterson, Hoboken, N. J.; and Clarence A. Potter, Goshen, N. Y., and then followed the Medical Doctor Degrees to the one hundred and eleven graduates of our College. (the names are listed below). Mr. James M. Hills, Secretary of the Board of Trustees made the following awards: The William Cullen Bryant Award was presented to Peter Laderman and the Conrad Engerud Tharaldsen Award presented to Esther Haar and Burton Louis Wise. The Right Reverend John Insley Blair Larned officiated at the Benediction—Recessional—Soldiers Chorus, C. A. J. Parmentier, Mus.D., A.G.O.

RESIDENCIES IN PSYCHIATRY

The following letter dated May 26th, 1947 is from Walter A. Schmitz, M.D., Senior Director, Department of Mental Hygiene, Middletown State Homeopathic Hospital, Middletown, N. Y.

I am writing to call your attention to the fact that the hospitals in the Department of Mental Hygiene, State of New York, of which this Hospital is one, are now able to offer Residencies in Psychiatry to recent graduates. These Residencies make available an exceptional opportunity for post-graduate training in psychiatry and consist of a course of 48 weeks of instruction and clinical work.

Instruction is under the direction of the New York State Psychiatric Institute, which is the research division of the Department of Mental Hygiene, in association with the teaching staff of Columbia University. Residents receive \$2,700. per year gross salary, from which deductions of about \$600. per year are made for room, meals and laundry. Residents who are veterans receive special consideration from the Veterans' Administration, in view of the fact that this is an approved educational course.

Those wishing further details may address, Dr. Walter A. Schmitz, c/o The Middletown State Homeopathic Hospital, Middletown, N. Y.

IN MEMORIAN

LINQUIST, MAURICE F., New Haven, Conn., was graduated from the New York Homeopathic Medical College in 1891, and joined his father, who was also a physician. Together, their services covered an uninterrupted span of one hundred and eight years. He was the oldest practicing physician in New Haven. He was on the staff of Grace Hospital and the Hospital of St. Raphael. He was a member of the New Haven Medical Association. The Connecticut Homeopathic Medical Society and the

Quinnipiack Club. Dr. Linquist died on June 26th, 1947, aged eighty. His wife, Mrs Anna. Ayers Linquist, died in 1937.

CONKLIN, CHARLES RODGERS, New York, N. Y., was born in Albany on February 28th, 1874. He attended the Albany Public Schools. He received his M. D. degree from two medical colleges. In 1899 he graduated from the Albany Medical College, Union University, and in 1901 from the New York Homeopathic Medical College. He interned at the Albany Hospital and the Flower Hospital. He took a post graduate course at the New York Post Graduate Hospital. He was a specialist in Children's Diseases, and until he retired in 1940, was the medical director of the Children's Aid Society for forty years, beginning this work even before his completed his medical education. He was very much impressed with the number of malnutrition cases that came under his care at the Society. In his battle against malnutrition, Dr. Conklin organized country vacations for underprivileged mothers and children from the Harlem areas and other tenement sections of the city. About this time he wrote "Some Problems in Convalescence" to assist in his drive, and which was later incorporated in Billings-Forchheimer "System of Therapeutics." He was lecturer on physical diagnosis at the New York Homeopathic Medical College; attending physician and secretary of the Medical Board of Laura Franklin Hospital; assistant physician at the Metropolitan Hospital and clinical physician at the Vanderbilt Clinic. He was physician to the Baptist Home for the Aged; the Five Points House of Industry; the New York Association for the Improvement of the Condition of the Poor, and was consulting physician to the Kips Bay Boys' Club. He was an Honorary Member of the Homeopathic Medical Society of the County of New York, and a member of the Medical Society of the State of New York, and the Medical Society of the County of New York. He was Treasurer of the Riverside Civic Council; a member of the Grand Lodge of Masons and the Riverside Baptist Church. Dr. Conklin died at his home on July 7th, 1947, after a long illness—aged seventy three. Surviving are two daughters:—Mrs. Ruth Syer, Esther Virginia Conklin, and one sister, Sarah M. Conklin.

FRANKLIN, LE ROY ERNEST, New York, N. Y.—graduated from the New York Homeopathic Medical College in 1902. Dr. Franklin died suddenly on May 4th, 1947.

PEARSE, RICHARD S., Brooklyn, N. Y., was graduated from the New York Homeopathic Medical College in 1902. Dr. Pearse died on April 19th, 1947.

DE PUY, THOMAS LLOYD, Jamestown, No. Dakota, was graduated from the New York Homeopathic Medical College in 1912. He died on October 24th, 1946 of coronary occlusion. Aged 59.

DUNNIGAN, JOSEPH J., Syracuse, N. Y., was graduated from the New York Homeopathic Medical College in 1917. He served in the United States Army in World War I. He practiced medicine and surgery in Syracuse for the past twenty-seven years. He was a member of the American Medical Association. For many years he was a member, and a past president of the staff of the General Hospital of Syracuse, where he died on March 16th, 1947 of a cerebral hemorrhage, aged fifty-five.

LYMAN, HAROLD C., Utica, N. Y., was born in Utica on July 5th, 1892. He attended the Utica schools and in his second year in High School, left to work as a clothing cutter. Later, he returned to complete his studies in Utica, and in 1917 graduated from the New York Medical College. He interned at the old Flower Hospital. Returning to Utica, he joined the staff of the Homeopathic Hospital, now known as the Memorial Hospital. He worked in close association for many years with the late Dr. Arthur R. Grant. In 1924 he succeeded the late Dr. Charles T. Haines as medical director of the Memorial Hospital, and was a member of the staff for 27 years. He specialized in obstetrics. Dr. Lyman was active for almost 20 years as counselor and medical adviser to the blind, centering his work around the Central Association for the Blind, of which he was president, and the Lion's Club, of which he was past president. He was a director of the State Society of Industrial Medicine. He was a member of the Utica Lodge 33, BPOE, and Utica Post 229, American Legion. He was a member of Grace Church. In 1914 he married Jessie Starbuck, who died in 1930. In 1933 he married Ada King. Dr. Lyman died in Memorial Hospital on May 20th, 1947, after an illness of several weeks. Death was due to a heart and kidney ailment, his condition becoming serious only five days before he died. He was 54 years old. Among his survivors are two sisters, Mrs. Clarence Hisgen, Pasadena, Calif., and the former Emily Lyman, Rosenberg, Oregon, and several nieces and nephews.

"THE PEARL OF THE ORIENT"

Elizabeth Wakefield Shepard of Scarsdale, N. Y., who at present is a member of the Social Service Department of our Hospital, served overseas with the Red Cross during the war. Mrs. Shepard arrived in Manila in January, 1946, spending about one year there, tells some of the things she saw.

"The Pearl of the Orient" they called Manila before the war. It was a beautiful city. Demolished by the war, the only section not touched is Chinatown, which still operates in the same squalid wooden buildings. Dewey boulevard, once the pride of Manila, lined with palm trees, beautiful homes and modern apartments on one side, and Manila Bay on the other, is now completely stripped of trees, the homes and apartments crumbling or demolished. The Japanese had used the Boulevard for a landing strip hence the mowing down of all the trees. Driving southward toward Paranaque there were stairways leading to— nothing. Tiny shacks, built of scraps of wood and metal, crouched against the walls of former estates. The two lane highway was a series of craters, making any kind of travel more like a trip on a roller coaster. Beautiful public buildings, as impressive as the Federal buildings in Washington, and built before the war, were ruined, almost without exception, mostly by shell fire from the Americans when the Japanese refused to surrender. Still standing is the 300 year old church of St. Augustine. Here the Japanese herded the women and children. The Americans did not bomb the church. Here are buried 80 priests who were killed by the Japanese.

Manila, Pearl of the Orient, with its Chinese, Siamese, British and American trade, and its American veneer, is making a brave effort to rehabilitate itself from the damage brought on by World War II. Many changes have been made during the year since January, 1946. Rizal Avenue, the main thoroughfare through the city, acquired permanent store facades, neon signs sprouted, the famous Manila Hotel opened for business again, restaurants opened where Americans could eat without too much fear of dysentery, bus lines came into being, stores offered all kinds of goods, many of which are still scarce in the United States. Here the Filipino people after hundreds of years of Spanish domination, forty-eight years of American protection and sponsorship, are rebuilding the capital city of what is now their own country.

PERSONALS

Please send personal items to the News
Editor, 1 East 105th St., N.Y.C. 29.

1886

Dr. J. Henry Hallock of Saranac Lake, N. Y. writes: "I graduated at the New York Homeopathic Medical College in 1886 and now lack six months of being ninety years old. I wonder if I am not the oldest practicing Homeopathic physician. I can drive my own Buick car and get about quite well but being hard of hearing cuts me out of a lot. I cannot attend lectures or medical societies."

1890

Dr. Joseph H. Bryan of Asbury Park, N. J., is still enjoying an active practice, which he hasn't yet allowed to interfere with an occasional game of tennis, in which pastime he has long been considered an expert.

1894

Dr. William Lathrop Love of Three Mile Harbor, East Hampton, L. I., N. Y., was recently rewarded by the Department of Hospitals of New York City, a certificate for "distinguished and exceptional public service." A cordial personal card from Commissioner E. M. Bernecker accompanied it with the information that he had been awarded the Honor of Consultant for Life. In the ten years that Dr. Love served in the Legislature, he was a member of the Senate Committee of Public Health, and also of the Committee of Penal Institutions of which he was chairman.

1895

Dr. J. Ivimey Dowling, a leading Eye specialist of Albany, N. Y., who has had most of the Governors of the State, or their families under his Professional Care for the last three decades, is another of the "Golden Grads of our College" to whom the Fascination of Special Practice still appeals.

Dr. Nathaniel H. Ives, active for many years in Civic Affairs in Mount Vernon, New York, in addition to his fifty years of Service to the Hospital there, was recently tendered a Community Dinner in his honor which was crowded to capacity by his patients and friends of the County. As Guest Speaker, Dr. William Lathrop Love, (a room-mate of his when they were at College) came up from East Hampton, L. I., to recall some of those days of yore, and characterized Dr. Ives as the "Ideal Family Physician" whose life of unselfish service was an asset to our Alma Mater.

Edwin M. Schultz of Middletown, N. Y. writes: "As an 'Old Timer' will say that I entered the medical college in 1892, when 26 years of age, at the old college near the East River and 69th Street after being a railroad man and telegraph operator on five different railroads from Texas to Long Island, Erie Ry. Ontario & Western, Fort Worth and Denver. Served Erie R.R. as surgeon for 32 years here in Middletown and also the M. and U. Ry., and am now trying to retire; but old patients still come in and want something done to keep up their 'Pep' so I'm not lonely—read the New York Times and local papers, and do some tinkering about the house and Old Curiosity Shop as I call my collection of old tools in

the barn, where me and my pipe are to be found when needed. Am in my 81st year and still—Yours Truly."

1896

Ralph I. Lloyd was a guest lecturer before the Georgia Eye, Ear, Nose and Throat Society in Atlanta, April 11 - 13.

1898

Stanley W. Pallister, formerly of Brooklyn, N. Y., has announced his retirement from practice as of June 30th, 1947. His residence is Woodstock, Ulster County, New York.

1903

Dr. Frank P. Ekins of 221 Broadway, Paterson, N. J., and one of our graduates, class of 1903, is about to voluntarily retire from active practice. Dr. Ekins has a fully equipped office and a very fine general practice. The office set-up consists of seven rooms, and three smaller rooms, (Lavatory, Laboratory and Drug-room) The office is very well arranged for a specialty or group practice. In the apartment above the office there are seven rooms and bath. This house is centrally located in the downtown section of Paterson. * If interested contact Dr. Frank P. Ekins at the above address or phone—Sherwood 2-2450 or Sherwood 2-2890.

1905

Charles A. Croissant of Worcester, Mass., advises that his son, Dr. Raymond B. Croissant, Major in the Regular Army, with his wife and four children, have been stationed since January, 1947, at the Letterman Hospital, San Francisco, Calif.

1907

E. Wallace MacAdam attended the Convention of the American Institute of Homeopathy at Swampscott, Mass., June 23rd to the 26th.

1908

Ralph Waldo Thompson of Cornwall-on-Hudson has recently finished two important presidencies:
A—President of the Past District Deputies of the Orange-Rockland Masonic District, and
B—President of the Orange County Medical Society.

1919

Ernest R. Eaton recently gave a radio address on "The Problems of Chronic Arthritis" over Station WNYC, under the auspices of the Medical Society, of the County of New York.

1927

As Dr. Borak expected to be terminated from military service in June, 1947, he is probably in civies by this time. Dr. Borak was married to Millicent S. Wygant on March 31st, 1945. They have one son, Peter P. Borak, 17 months of age.

Frederick B. Clark writes the following: "It was wonderful to receive the Chironian and hear about all of my fellow alumni. Since my graduation in September, 1944, I have served an internship in the Genesee Hospital, Rochester, N. Y., and a surgical residency in the Maine General Hospital, Portland, Me. Since induction in the Army in April '46, I

have served 2 months at Camp Kilmer, N. J., 2 months at the A.M.D.S. in Ft. Sam Houston, Tex., 2 months at Ft. McClellan, Alabama, and the remainder of the time in the U. S. Disciplinary Barracks at Camp Gordon, Ga. I was recently alerted for overseas shipment somewhere in the Pacific, in June. I hope to make the June 10th Alumni Banquet, and introduce my bride to my friends."

Consuelo Ives has opened an office for the practice medicine at 50 East 64th Street, New York, 21, N. Y. Dr. Ives is also examining physician for the American T. & T. Co.—Long Lines—at 32 Sixth Avenue, N. Y. C.

Nicholas J. De Vito, at present, is serving with the armed forces somewhere in Japan.

J. Conrad Greenwald writes: "Following a rather pleasant five week assignment at Percy Jones General Hospital back in April and May, 1946, I went to the A.M.D.S. down at Fort Sam Houston, Texas. July 1946 found me at Fort Lawton, Seattle, awaiting shipment to Yokohama, while early August will ever be remembered as the time of my arrival in Japan. Rapid assignment brought me down to the 52nd F. A. Bn. here in Kyushu, the southernmost island in this Country. Until December, 1946, I remained the battalion surgeon busily engaged with such tasks as sick call, mess inspection, maneuvers, etc. The dawn of the new year brought me into a new position, namely, Surgeon for the 24th Division Artillery. As is typical with the Army, relative rise in position brought forth more administrative work. Promotion to Captaincy came in May, and so the present finds me involved in numerous reports, boards, conferences and the like with relatively little medicine. Have not seen any folks from the College since coming overseas. Suffice to say I am eagerly awaiting the opportunity to return to the States, in order to renew old friendships and to see the College. Thanks a million for the Chironian."

Robert E. Kahn, Captain A.U.S., is now located somewhere in Japan.

Charles F. Naegel, Assistant Surgeon, P.H.S., at

the U.S. Marine Hospital, Staten Island 4, N. Y. writes: "I have had the exceptional good fortune to thus far have combined my military service with accredited Residency training, in the U. S. Public Health Service. I expect to continue a Residency at the U. S. Marine Hospital, Staten Island until July 1st, 1948. Carl Boswell, '45, is also on the Medical Service here, in similar station. Blaise Pasquarelli '45 is stationed at the Marine Hospital, Ellis Island, N. Y. My regards to all my classmates."

John R. O'Brien reports that he is stationed at the Veteran's Hospital, Bath, N. Y. Dr. and Mrs. O'Brien announce the birth of a daughter, Mary Winifred, on January 11th, 1947. Best regards to all of '45.

Philip J. Palazzo writes: "I would appreciate your sending me the Chironian to my service address below. Really look forward to reading them. I Thank you." Address: Lieut. j.g. P. J. Palazzo, M.C., U.S.N.R. 215 U. S. Court House, Portland, Oregon.

Herbert S. Terry advises that he is in the Army and stationed at the Veteran's Administration Hospital, Muskogee, Oklahoma.

Director of Nursing

INTERNATIONAL PHYSIOLOGICAL CONGRESS

Dr. Charles Haig, accompanied by Mrs. Haig, are making a trip through the British Isles. He writes as follows:

"Mrs. Haig and I are visiting the principal English, Scottish and Irish Universities, and will attend the 17th International Physiological Congress in Oxford on the 21st of July. We are reporting to the Congress the results of our studies of the correlation of the histology of the normal retina with its sensitivity to light. After a short stay in Paris, we return to New York in mid-August."

VITAMIN ADVERTISING AND THE MEAD JOHNSON POLICY

The present spectacle of vitamin advertising running riot in newspapers and magazines and via radio emphasizes the importance of the physician as a controlling agent in the use of vitamin products. Mead Johnson & Company feel that vitamin therapy, like infant feeding, should be in the hands of the medical profession, and consequently refrain from exploiting vitamins to the public.

STUDENT ACTIVITIES

The College Ball was held on June the 6th at the Plaza Hotel. Warren Kelley, senior, was Chairman of the Ball. Two bands played dance music continuously all evening until two o'clock. The favors were cigarette cases.

The Senior Class presented a show entitled: "Is There a Doctor in the House?" on Alumni night at the Essex House. Ian Thompson and Herbert Eskwitt, seniors, wrote and directed the show. Edward Bowen, junior, was stage manager and Miss Baker was advisor.

Interclass softball games were played during the latter part of May and June for the championship of the school, the sophomore class team winning the title. The usual game between the Faculty team and the team who won the championship had to be called off due to the heavy rainy season.

The Junior Class held its beer party at Hans Jaeger's on the last night of National Boards. The class gave Freddie Tanz and George Di Rienzo gifts for the contribution of time they

gave their class this year. Among the faculty who came to the party were:—Dr. and Mrs. Speer, Dr. Benjamin, Dr. Turtz, Dr. Lillick, Dr. Hirschhorn and Dr. Stark, who came back for a surprise visit.

Stanley Covert has been named chairman of the Hobby Show to be held next year. The new Editor-in-Chief of the Fleur-o-scope is Paul Hidey. The 1947 Fleur-o-scope was dedicated to Dean Hetrick and presented by Jerfold Wheaton, its editor.

The Junior Class held its elections for the Senior year. Lewis Murdock was elected President, Freddie Tanz, Vice-president, Alice Brown, Secretary and Paul Murphy, Treasurer.

The Student Activities had a meeting and drew up board plans for the next year's program. The Student Government Association plans to continue the hobby show, carnival, informal dances, basketball games, a series of lectures, a school paper, the year book, the annual ball, Christmas party, glee club and psychiatry club.

However, the plan is for us all to meet here at the American College of Surgeons meeting in September. So we wish the boys will keep that plan in mind. Communicate with us in August as to where we will be able to reach you.

Uncle Joe!

Helen Louise Baker, Director of Student Personnel in the New York Medical College since 1942, has resigned from the College to be married in the Autumn to William E. Silverthorne, Jr. Miss Baker stated that her resignation is effective in August and the move is with mixed feelings. The five years spent in close work with the student body has produced a fine program of student activities unknown in other medical colleges. She leaves a large number of people who had whole heartedly aided in the creation of the student activities and she wishes good fortune and success to the students' activities in the years to come.

"OUR GOLDEN GRADS"

In going over our records we find that there are eighty-seven of our graduates, known to be alive, who have received their Gold Diploma in recognition of fifty years of service in the medical profession. These names are listed below. Also; a general letter mailed in the latter part of 1946 to all our alumni included the sixteen names of golden grads shown below, and returned by the post office, stamped "cannot locate". Any information regarding the latter list will be greatly appreciated. Address the News Editor, The Chironian, 1 East 105th Street, New York 29, N. Y.
