 John F. MacGuigan, 3/43
 William B. Greenberg, 12/43

COLLEGE OPENING

The College opened its 93rd year on Monday, September 15, 1952, with classes at the main building on Fifth Avenue at 106th Street. The Freshmen Class, consisting of 121 men and 8 women students, met on September 12th in the College Auditorium for a Welcome Program, during which they were greeted by Dean Hetrick and Presidents of the various student organizations. Dean Hetrick outlined briefly the history, philosophy and objectives of the College and stressed the importance of the responsibilities which medical students take upon themselves for the rest of their lives, and which are now more strongly accentuated than ever in the present time of crisis.

With the present freshmen class, the total enrollment of the College is now 493 students, which represents a continued increase. Among the members of the freshmen class, 13 different states and 86 different undergraduate colleges are represented.

Among the members of the freshmen class this year are Miss Naomi Goldstein, daughter of Eli Goldstein, M.D., Associate Clinical Professor of Medicine; Mr. Louis J. DiLorenzo, son of Louis J. DiLorenzo, M.D., '24, Associate in Obstetrics and Gynecology; Mr. David I. Stein, brother of Julius J. Stein, M.D., '46; and Mr. Alvin R. Tarlov, nephew of I. M. Tarlov, M.D., Director of the Department of Neurology and Neurosurgery.

FRESHMAN CLASS LIST 1952 - 1953

Allen, Harry	Devlin, John
Almquist, Henry	DiLorenzo, Louis
Andersen, Martin	Doheny, James
Armstrong, James	Donoghue, John

AMERICAN COLLEGE OF SURGEONS

The following members of the Alumni and (or) Faculty took part in the program of the recent New York City Congress:

Alfred Angrist	Sigmund Lasker
Irving Ariel	Wilfred Ruggiero
Charles L. Fox	Preston A. Wade
Irving Innerfield, '36	James M. Winfield

The following received the Fellowship:

Merrill Grayson, '41	New London, Conn.
Milton F. Weingarten, '41	Washington, D. C.
Joseph Andronaco, '42	New York, N. Y.
Charles J. Basile, '37	Hempstead, N. Y.
Malcolm L. Colmer, '38	New York, N. Y.
Joseph A. Mellow, '38	Port Washington, N. Y.
Vincent J. Merendino, '42	New York, N. Y.
Joseph B. Shapse, '42	New York, N. Y.
Martin L. Stone, '44	New York, N. Y.
Abraham L. Umansky, '42	New York, N. Y.
Melvin E. Lee, '42	Greensburg, N. C.
Otis John Fronek, '36	Cleveland Heights, Ohio
Richard G. Day, '3/43	Sayre, Pa.

FELLOWS OF GRADUATE SURGERY

Sydney Bressler, Graduate Class May '46-'47, New York, N. Y.
 Malcolm L. Colmer, '38, Graduate Class, Oct. '39-'40, New York, N. Y. Doctor of Medical Science (Surgery).
 Richard G. Day, '3/43, Graduated Class, March '47-'48, Sayre, Penna. Doctor of Medical Science, (Surgery).
 Victor C. De Luccia, Graduate Class, 1949-50, New York, N. Y.
 Abba A. Messe, Graduate Class, 1946-'47, New York, N. Y.
 Raymond A. Morris, Graduate Class, 1947-'48, Reading, Penna. Doctor of Medical Science, (Surgery).
 Lorne M. Phillips, Graduate Class 1948-'49, Henderson, Nevada.

FELLOW OF GRADUATE OBS. and GYN
 Martin L. Stone, '44, Graduate School, '46, New York, N. Y.

FACULTY MEMBERS

Irving Ariel	New York, N. Y.
Louis J. Salerno	New York, N. Y.
Anthony N. Spinelli	New York, N. Y.

The annual meeting of the Uncle Joe Fobes Surgical Club was held on September 26th, at the Waldorf Astoria. This club is limited to those who have taken the course in Graduate Basic Surgery.

The following officers were elected:

Professor Joseph H. Fobes, '01	President
Frederick Menick, Jr., '42	Secretary
Frank De Furio	Treasurer

Those present were as follows:

Bokhair, Labeeh N.	Baltimore, Md.
Bressler, Sydney	New York, N. Y.
Brochu, Paul	Brooklyn, N. Y.

DEPARTMENT OF UROLOGY HONORED

At a recent meeting, Professor Thomas J. Kirwin, Director of the Department of Urology of the New York Medical College, Flower and Fifth Avenue Hospitals, was elected to Honorary Fellowship in the Japanese Urological Society, for outstanding original contributions to Urology.

At about the same time Leonard Paul Wer-shub, '27, Associate Professor of Urology of the New York Medical College, Flower and Fifth Avenue Hospitals, received Honorary Fellowship in the Surgical Academy of Madrid, Spain.

Colmer, Malcolm L., '38	New York, N. Y.
Coppolla, Santos, '39	New York, N. Y.
Day, Richard G., '43	Sayre, Pa.
DiGiacomo, Michael	New York, N. Y.
De Furio, Frank	Auburn, N. Y.
Gormley, James B.	Hazleton, Pa.
Guthorn, Peter J., '43	Asbury Park, N. J.
Hoffman, William	Brooklyn, N. Y.
Kapp, Robert W.	Lakewood, Ohio
Manganaro, Jos. A., '43	Brooklyn, N. Y.
McCarthy, John	Lakewood, Ohio
Menick, Frederick, Jr., '42	Portchester, N. Y.
Morris, Raymond A.	Reading, Pa.
Mule, Joseph E.	Brooklyn, N. Y.
Pellicane, Andrew J.	New Brunswick, N. J.
Phillips, Lorne M.	Henderson, Nevada
Ratanakanaka, Osoth	Flushing, N. Y.
Reidy, Maurice J.	Winsted, Conn.
Ricketts, Edwin T.	Brooklyn, N. Y.
Rivkin, Lawrence	Brooklyn, N. Y.
Robertson, James	Atlanta, Ga.
Rockey, Ernest E.	U. S. Army
Schwartz, David	New York, N. Y.
Schwartz, Harry A.	Brooklyn, N. Y.
Smithy, George, '45	New York, N. Y.
Thorne, Irving J.	New York, N. Y.
Wattiker, Bernard, '44	New York, N. Y.
Wiener, David	Newark, N. J.

THE SOCIETY OF THE NEW YORK MEDICAL COLLEGE

The first Fall meeting of the Society of the New York Medical College will be held on October 21st, at 8:30 P.M. in the College Auditorium. Doctor A. A. Lombardi, Chairman of the Program Committee has arranged the following program:

- 1 Circulatory Effects of Exercise ...20 min.
Dr. Karl Harpuder
Clinical Professor of Physical Medicine and Rehabilitation, New York Medical College
Senior Consultant at Bronx Veterans Administration 'Hospital Director, Physical Medicine and Rehabilitation, Montefiore Hospital.
Discussant: Dr. David Scherf5 min.
- 2 Rehabilitation of the Amputee ...20 min.
Dr. Henry Kessler
Clinical Professor of Rehabilitation, New York Medical College Director, Kessler Institute of Rehabilitation
- 3 Organization and Plans of the New Department of Physical Medicine and Rehabilitation, New York Medical College 10 min.
Dr. Jerome Tobis
Associate Professor and Director of the Department of Physical Medicine and Rehabilitation, New York Medical College.

The success of the Society depends on YOU!
RALPH E. SNYDER, M.D.

Corresponding Secretary

DEPARTMENT OF PHYSICAL MEDICINE AND REHABILITATION

The community is an important part of the team working to rehabilitate the physically handicapped and must be psychologically prepared to help, Dr. Henry H. Kessler told members of the Society of the New York Medical College at a meeting Tuesday night, October 21st, at the main college building, Fifth Avenue and 106th Street.

Dr. Kessler recently was awarded a citation by President Truman's committee on employment of the physically handicapped for his work in rehabilitating the physically handicapped for employment. He is clinical professor of rehabilitation at New York Medical College, and director of the Kessler Institute of Rehabilitation, Newark, N. J.

Dr. Jerome S. Tobis, director of the newly formed Department of Physical Medicine and Rehabilitation at New York Medical College, Flower-Fifth Avenue Hospital, discussed the objectives of his department. Dr. Karl Harpuder, clinical professor in the new department, talked on "Circulatory Effects of Exercise."

Dr. Kessler pointed out that the wide variety of artificial parts available today to suit most any need of the patient from that of white collar worker to farmer, make it possible for the amputee to return to a normal and satisfying life. The community, as well as the patient, must be educated to this fact and encouraged to hire the handicapped, he emphasized.

"Proper management of the amputee patient demands more of the physician than surgery alone," Dr. Kessler said. "The amputee patient has a psychological problem which, if allowed to go unrecognized and untreated, may become more disabling than the amputation itself. It is part of the physician's responsibility to assuage fears and anxieties. The patient must be treated as a highly individualized complex of traits, interests, and requirements, not just a pathological entity. The newly amputated patient must be assured that his disability will not prevent him from becoming a happy and productive unit of the society to which he must return.

"Demonstrations by other amputees who are already successfully adjusted, and who are accomplished in the use of their prostheses, are extremely valuable for this purpose. Films, slides, and lectures are valuable when it is not,

possible to have him meet such amputees personally. Occasionally the hospital's social worker will be called in to assist with a specific personal or financial problem. Perhaps the patient will be encouraged to use the time spent in the hospital to explore educational or vocational opportunities. Whatever the means employed, psychological adjustment of the amputee should be considered throughout his entire rehabilitation program.

"One of the major aims of rehabilitation is education of the public to the potentialities of the amputee; in a sense the public must also receive psychological preparation."

He gave case histories and discussed various aspects of technical care.

Dr. Tobis pointed out that the new Department of Physical Medicine and Rehabilitation was formed at New York Medical College to meet the acute need of caring for the severely disabled and chronically ill, and to help them create a socially useful life. The department is in charge of the 400-bed rehabilitation program at the Bird S. Coler Hospital, operates a 30-bed ward at Metropolitan, and a clinic at Welfare Island Dispensary. Plans are underway to open a sheltered work shop at Coler Hospital, where the disabled can learn trades. They will make articles of commercial value and be paid for their labor.

The new department now has a staff of seventeen doctors distinguished in this field, who instruct students at New York Medical College. A new Physical Therapy School, with both graduate and undergraduate training, will be opened as part of the New York Medical College, Dr. Tobis said.

"Another plan of the new department is to create a full-day, out-patient activity program for the severely disabled child in the New York area," Dr. Tobis announced. "This will include educational and therapeutic activities, which at the present time are seriously limited for the young patient. Such severe disabilities would include poliomyelitis, cerebral palsy, and muscular dystrophy. It is planned that the children would be brought on a daily basis to a center to be set up.

"Rehabilitation of the physically handicapped demands true cooperation of a large team consisting of the doctor, the physical therapist, occupational therapist, corrective therapist, speech therapist, psychologist, vocational counselor, and social worker," Dr. Tobis concluded.

Dr. A. A. Lombardi, chairman of the program committee, presided.

PERSONALS

Please send personal items to the News
 Editor, 1 East 105th Street, N.Y.C. 29.

1893

Harry R. Sackett, M.D. advises that he is a proud Great Grandfather. George L. Sackett, III, was born on January 2, 1952. The boy has an interesting background. His Father is a doctor, his two Grandfathers are doctors, and two of his four Great Grandparents are doctors, all five being M.D.'s. My correct address is:—H. R. Sackett, M.D. 309—16th Avenue, N.E., St. Petersburg 4, Florida.

William H. Marcy, M.D., formerly of Buffalo, N. Y., is now residing at 4471 Baywood Point, St. Petersburg, Florida.

1905

Charles A. Croissant, M.D., Worcester, Mass., reports that his son, Raymond B. Croissant, M.D. (Hahnemann of Phila.) was recently appointed Lt. Colonel, U.S.M. Corps, West Point, N. Y.

1928

Solomon S. Tarter, M.D., graduated from our college in 1928. After internship he became associated in the practice of medicine with Dr. William L. Love, New York Medical College, 1894. He served in the armed forces overseas from 1942 to 1946 in the Salerno and Anzio Campaigns, and left the service with the rank of Major. Now he is in general practice at the Hotel St. George in Brooklyn. Dr. and Mrs. Tarter have a son, Warren, age 21, who is in his senior year in college (Pre-Med) and hopes to follow in his father's footsteps.

Arthur Steindler, M.D., has written a book entitled "Post Graduate Lectures on Orthopedic Diagnosis and Indications." Vol. III.—Section A: Tuberculosis of the Skeletal System. Section B: Osteomyelitis. This represents the third and last volume in this series.

1929

Philip Polatin, M.D., and his wife, the novelist, Ellen C. Philtine, have written another book entitled, "The Well-Adjusted Personality"—Preventive Psychiatry for Everyday Use; published by Lippincott. This is a helpful, hopeful book on emotional problems in adults, a thoroughly practical guide addressed to the layman in language which lays aside the usual psychiatric gobbledegook. It offers sound, professional advice on ways to achieve a balanced personality—that harmonious inner adjustment which is the basis of contentment and well-being.

Dr. Polatin has been in psychiatry twenty years, is now Chief of Female Service, New York Psychiatric Institute and Assistant Professor of Psychiatry at the College of Physicians and Surgeons, Columbia University. The previous book by Polatin and Philtine entitled "How Psychiatry Helps" and published by Harper in 1949 has sold very well, and has become almost a manual in many colleges for understanding simply all methods of psychiatric treatment.

1930

Henry L. Wollenweber, M.D., clinical pathologist, Baltimore, Md., has been elected to the Board of Governors, College of American Pathologists, Chicago, Illinois.

REPRINTS RECENTLY RECEIVED

"*Testicular Tumors: Summarized Data and Suggested Plan of Treatment.*" by Wyland F. Leadbetter, M.D., J. Robert Feeley, M.D., and John S. Wheeler, M.D., class of '46.

"*Recurrent Thrombophlebitis in Obscure Malignant Tumor of the Lung,*" by Martin M. Fisher, M.D., '35, Lew A. Hochberg, M.D., and Nathan D. Wilensky, M.D., '31.

"*Amnesia—Its Integrative Analysis in Psychopathological Orientation,*" by Lewis J. Siegal, M.D., '15.

"*Fulminating Eosinophilic Pneumonitis,*" by David R. Capson, M.D., '32, and Emanuel W. Lipshutz, M.D. '21.

RE-UNION—CLASS 1932

The 20 year reunion of the Class of 1932 was held at Whythe's Restaurant in Manhattan on May 27th, 1952. 51 of the 78 graduates still living attended. Our star graduate was Jacob J. Horowitz who came all the way from Kankakee, Illinois.

A delicious steak dinner was preceded by cocktails and followed by a short talk by each man. To those of us who attended and saw classmates for the first time in twenty years, it left a memory never to be erased. It is the sincere hope of the reunion committee that at our next get-together we will have every living member of the class of '32 present.

SOL GURSHMAN
 RICK GORBEE
 LEE PARIS

1930

I. Paul Train, M.D., D.S., F.A.C.S. was recently promoted to the ranks of Associate Professor of Surgery and to Attending Surgeon at the New York Medical College and Flower Fifth Avenue Hospitals. He is also Associate Surgeon at Kings County Hospital and Assistant Surgeon at Brooklyn Jewish Hospital. Dr. Train has recently moved his Brooklyn office to 45 Plaza Street. His Manhattan office is still at 7 West 81st Street.

1931

Morris W. Greenberg, M.D., writes: "At the Convention of the International College of Surgeons, held in Chicago on September 5th, 1952, I received my fellowship in that organization. Tom Davis my classmate in Graduate Surgery (May 1946) was also a recipient of an F.I.C.S."

1932

Elias D. Padernacht, M.D., announces the removal of his New York Office from 50 Park Avenue to 245 East 17th Street for the practice of Peripheral Vascular Diseases.

Dr. Simon Dack, New York, N. Y., has written an article entitled: "Newer Graphic Methods in the Diagnosis of Heart Disease," which appears in the October, 1952, issue of the New York State Journal of Medicine.

Maurice M. Davidson, who is now located at 12307 Ventura Boulevard, Studio City, Calif., sent us a reprint of an article written by him, and which appeared in the Annals of Western Medicine and Surgery, August, 1952 issue, entitled "Strangulated Umbilical Hernia and Chyloperitoneum in a Child with Nephrosis: Case Report."

1933

Alan A. Kane, M.D. advises that the following of his papers were published in the Medical Journals as shown below:

New York State Journal of Medicine, Vol 51, No. 9, 5/1/51. "A Complication of Anticoagulant Therapy Simulating An Acute Surgical Abdomen."

From Surgery, Gynecology and Obstetrics, 4/52, Vol. No. 94, 426-432. "The Double Onlay Bone Graft In the Treatment of Delayed Union and Non-union."

New York State Journal of Medicine, Vol 51, No. 22, 11/15/51. "A Proctoscopic Table."

New York State Journal of Medicine, Vol 52, No. 10, 4/15/52. "Plasmacytoma of the Lip."

1934

Irving Rapfogel, M.D., retired a year ago from general practice in New York, and is now doing Proctology at 660—5th Avenue, Fort Worth, Texas. His avocation is the oil business. He would like very much to hear from his classmates and friends.

1935

Edward E. Feleppa, M.D., writes: "I have practiced in Summit, N. J., ever since my graduation and internship at Flower and Fifth Avenue Hospitals. I have been president of the Medical Staff at Overlook Hospital. My son, Edward, Jr., who was born while I was at medical school is graduating from Brown University, and is applying at our medical school for the year 1953. I wish my classmates will remember that I have not forgotten the lovely gift they

gave to me for my son. I hope that some arrangements can be made for a class reunion sometime this year. Your former president, Edward E. Feleppa, M.D. Address: Office, 618 Springfield Ave., Summit, N. J.; Home: 10 Oaklawn Road, Short Hills, N. J.

1937

Lydia L. Verbarq, M.D., medical officer in Santa Clara County Health Department, (California), has been appointed to Palo Alto area and is Deputy Health Officer in Palo Alto, California. Any classmates coming this way—please call and meet the Shaughnessy family (my married name). We will be glad to see and visit with you.

1938

Sidney L. Green, M.D., has been appointed Chief Consultant Psychiatrist to the Community Service Society of New York, effective September 1, 1952.

1939

Bruno Riemer, M.D., writes: "I am practicing General Medicine and Surgery at my office located in the town of Romulus, New York, and my home on the shore of Cayuga Lake. We now have two sons, Kenneth, 7 years old, and Douglas, 4 years old. I am on the Board of Directors and the Advisory Committee of the Genesee Valley Medical Care, Rochester, New York."

1940

Bernard Levowitz, M.D., writes: "Have recently been separated from the Navy and am now engaged in a three year surgical residency at the Ellis Hospital Schenectady, N. Y."

1942

Melvin E. Lea, M.D., who for the past several years served on the regular staff of the Gorgas Hospital, Panama Canal Zone, has returned to the United States, and is now located in Greensburg, No. Carolina.

MARCH, 1943

John F. MacGuigan, M.D., has moved his office to 525 Park Avenue, New York 21, N. Y. He was also certified by the American Board of Obstetrics and Gynecology in June.

Dr. and Mrs. J. Robert Martin, '3/43 (Adeline Weierich, '12/43) announce the birth of their fourth child and first son, John Robert, Jr. on April 9th, 1952 in New Rochelle, N. Y.

DECEMBER, 1943

Dr. and Mrs. Thomas Madden (Margaret Harte, '12/43) had a second son on August 21st. They are living in New Britain, Conn.

Dr. and Mrs. Thomas J. Sheehy, Jr. (Adelaide T. Scanlon, '12/43) announce the birth of their fifth child and first daughter, Marie Adelaide, on May 23, 1952. Dr. Scanlon is a pediatrician in Roslyn, L. I.

Martin Ackerman, M.D., announces the opening of his office at 30 East 40th Street, New York 16, N. Y., with practice limited to Diseases and Surgery of the Eye and Refractions. He has the following hospital appointments. Clinical Assistant in Ophthalmology at the New York Eye and Ear Infirmary; Assistant in Ophthalmology at the Jewish Hospital of Brooklyn; Assistant Visiting in Ophthalmology at the Bird S. Coler Memorial Hospital.

Howard A. Winkler, Pardeeville, Wis., reports on birth of first daughter, Margaret Muir, December 22, 1951. Two sons, John, 7, and Tom, 4, doing well. Have lost practically all contact with classmates and am surprised at dearth of news of class of December 1943. Open invitation still holds—fishing good—hunting good—in Wisconsin Vacationland.

1944

Ralph Keen, M.D., has been certified as a diplomate of the American Board of Dermatology and Syphilology, and has recently attended the International Congress of Dermatology in London. He is practicing in Manhattan and in Jamaica, New York, and is also associated with the New York Skin and Cancer Hospital.

David B. Horner, M.D., is in the practice of Orthopedic Surgery, and located at 20 Fourth Avenue, S.W., Minot, North Dakota.

1945

Dr. and Mrs. Arnold Salzberg announce the birth of their second child, a daughter, Bambi Lee, born on September 2, 1952. She joins a brother, Harry Lee, who is almost four years old.

Paul H. Stillman, M.D. The activities of Dr. Stillman from the time he graduated in June, 1945, are as follows: From July, 1945 to April, 1946, Surgical Internship at Kings County Hospital. From April 1, 1946 to December 30, 1947, stationed at the Port of Embarkation—transport surgeon. January, 1948 to June, 1948, surgical interne at Kings County Hospital. June 4, 1948 to October 1, 1948, Formal Intensive course under the Ophthalmological Study Council at Westbrook Junior College, Portland, Maine. October 1, 1948 to April 1, 1949—Post Graduate at Harvard Medical in Ophthalmology. April 1, 1949 to July 1, 1949—Externe in Eye at Long Island Medical College, July 1, 1949 to January 1952, Resident in Ophthalmology at Goldwater Memorial Hospital. He has appointments to the Brooklyn Eye and Ear Hospital, and to the Coney Island Hospital. He is at present in practice at 470 Ocean Avenue, Brooklyn, N. Y. He is anxious to hear from all his friends.

Dr. and Mrs. Charles F. Naegele announce the arrival of Charles Joseph on October 13th, 1952, weight 7 lbs. 5 oz.

1947

Bernard B. Wetchler, 1st Lieut. M.C., U.S.A.F.—In a letter addressed to Dr. Fobes, Dr. Wetchler advises that he is now attached to the 31st Fighter-Escort Wing in Japan. He says—"You may have noticed the news report about the entire wing flying the Pacific Ocean within a weeks time. The astounding part of the entire movement is that it was done on only four days notice, and the movement was complete including the doctors. We are now stationed at Misawa Air Force Base which is located on the northern part of the largest of the Japanese Islands, Honshu. There is a 75-bed hospital with approximately 40 to 50 surgical beds. I am chief of surgery and have two other general surgeons assigned to my service. I brought the anesthetist from Turner Air Force Base along, and we have some good nurses over here. Prior to my coming here they scheduled surgery only two days a week but now it is working full blast, at least five days a week. Incidentally, I am on flying status as I was when stationed at the School of Aviation Medicine at Randolph Air Force

Base for three months prior to this movement. Please extend my fondest regards to all." Address—Bernard B. Wetchler, 1st Lieut. M.C., U.S.A.F., 31st Medical Group, 31st Fighter-Escort Wing, A.P.O. 919—% P.M. San Francisco, Calif.

John M. Rehberger, M.D., has successfully passed the American Boards in Otolaryngology. Formerly on the faculty of the University of Pennsylvania Medical School, he is now on the faculty of the University of Maryland Medical School as instructor in Ear, Nose and Throat and Bronco-esophagology. For the past year and one-half, he has been associated with Dr. Waitmann Zinn with offices in the Medical Arts Building in Baltimore.

1948

Arthur J. Fusco, M.D., has completed two years as Medical Officer of an L.S.D. Division, on tour of duty in the Atlantic. He was released as a Lieutenant in the Naval Reserve. At present he is Assistant Resident in Surgery at City Hospital on Welfare Island, New York.

Arthur S. Kaplan, M.D., writes: "After 15 months have left the Naval Hospital at Jacksonville, N. C., and after a rugged month in the Marine Field Medical Service School, am attached to the 1st Battalion 8th Marines at Camp LeJeune, North Carolina. Hope to be out March 15, 1953."

1949

S. Burton Covert, M.D., advises that he is now in General Practice in Kingfield, Maine. Dr. and Mrs. Covert advise that their second son, Peter Lambright Covert, was born on July 2, 1952.

Sumner Goldstein, Captain, M.C., writes: "I entered active duty with the United States Air Force in June, 1951 and reported to Mitchell AFB for my first assignment. Following this I took a course at Tulane University Graduate School of Medicine sponsored by the Air Force and was transferred to Wolters Air Force Base, Texas, where I have been Chief of Internal Medicine since October, 1951. My tour of duty should end in March, 1953, at which time I expect to commence a residency in psychiatry." 1316 NW First Avenue, Mineral Wells, Texas.

Ed Kushner, M.D., is in his third year of psychiatric residency at the Menninger Clinic. The Kishners are expecting their first child around the first of the year. We would like to hear from any of the "old gang". Our address is:—2424 Mission Street, Topeka, Kansas.

John G. Loeffler, M.D., has been released from the Navy on June 30, and is now serving as assistant resident in pediatrics at Kings County Hospital, Brooklyn, N. Y.

Vincent J. Navarre, M.D.—The Silver Star for gallantry in action was recently presented to a former army medical officer now a resident physician at Hines Veterans Administration hospital.

Captain Vincent J. Navarre, former medical corps captain, won the award in Korea. Presentation was made at Hines hospital, where the doctor is still treating Korean war wounded, by Colonel Arthur C. Timboe of Fifth Army Headquarters.

A graduate of New York Medical College in 1949, Captain Navarre served as a battalion surgeon of the 7th Infantry division in Japan and Korea.

Captain Navarre was cited for gallantry against the enemy near the Chosin reservoir from November 26 to December 2, 1950. He was wounded three times before being evacuated, was still able to treat patients in the ambulance.

The doctor was a medical patient at Camp Atterbury, Indiana, and Hines hospital, where he is now practicing. He is a native of Milwaukee, Wisconsin, the son of E. J. Navarre, 2800 North Fourth Street, Milwaukee.

Captain Navarre also holds the Bronze Star and Purple Heart awards.

Dr. and Mrs. Francis Robert Beegan are now residing in a new home in Cresskill, New Jersey, 45 Margie Avenue. Dr. Beegan will begin a G. U. residency on January 1st at St. Clare's Hospital, New York.

Dr. Robert L. Massonneau, Denver, Col., writes: "After I returned from Korea in May, my wife and I came out to Fitzsimons Army Hospital where I embarked upon a residency in Internal Medicine in July. We saw Burt and Lynn Covert, '49, "et el" in June when we were in Maine. Burt is now a civilian and has started general practice in Kingfield, Maine. I see Hal Carlson, '49, often now since he is a resident with the Radiology Department. He and Myrt Beeler, '49, who is now on leave, were both patients here, as you remember, and are now doing well. Margaret La Tourette, '49, is with the Medical Clinic here, and Vinnie deCiutiis, '48, is finishing his residency in Anesthesiology. Paul Murphy is in San Francisco and has eight months to go on his psychiatry residency at the Langley Porter Clinic. I was glad to see Dave Chafey's item in the last Chironian, but do not know the whereabouts of most of 'the boys'. particularly 'Boo' Hidey, '48. I've probably forgotten someone, but that's all I can remember now. Our address is Box 1689, Fitzsimons Army Hospital, Denver 8, Colorado."

(Editor's Note—In reference to Dr. Hidey's address, several years ago we had mail returned from Dr. Hidey's home address in Cleveland, Ohio, and to date have no record. Kindly let us know if you hear of same.)

1950

David D. Giardina, M.D., writes: "Charlotte and I would like to announce the arrival of our first child, David Vincent, on July 11, 1952. Having been born in Richmond, Virginia, he's the first Rebel in our family tree. One of the previous issues of the Chironian had my name erroneously listed as being in the Armed Forces. My Army career ended in 1946. At the present time I'm in my second year of Residency in Radiology at the Veterans Administration Hospital in Richmond, Virginia. All my best to the Faculty and Staff."

John Palmer Miller, Captain, M.C., U.S.A., is stationed at the Evacuation Hospital in Teajon, Korea. His address is 0541414, 701 Evac. Hospital, A.P.O. 301, c/o P.M. San Francisco. His wife and two children, Celia and Bill, are living in Seattle during his absence overseas.

Ralph Eugene Snyder, M.D., was married to Miss Jacqueline Beekman Tallman on Saturday, October 4th, 1952, in the Church of the Heavenly Rest, New York, N. Y.

1951

Walter M. Chemris, M.D., was married to Miss Rose M. Colford of Manchester, N. H., on April 26th, 1952, at Baltimore, Md. He completed a rotating internship at Baltimore City Hospital in June, '52, and began residency in Pediatrics at Babies Hospital, New York City, July 1, 1952. The couple will be living at 3001 Edwin Avenue, Apt. 4B, Fort Lee, N. J., through June, 1954.

Rita A. Medico reports: "Many of you would be glad to know that our fourth year has been incorporated into a junior internship. Part of our seniors are here at Flower and part at the Metropolitan.

"Yes the new boys are in the swing." The greatest thing yet, however, is that Warren Cagney is enjoying Pediatrics. I must admit it has since been difficult to suppress our children from telling jokes in the far corners of the ward.

I met one neophyte in the rotunda the other day and to my amazement he said he had enjoyed his fourth assist on a staff appendectomy. I found out later that he had slept through the entire operation, and was grateful for the opportunity to nap!!

One interne will never forget the days and nights he prayed that the Miller Abbott tube he passed would come out—either end.

If any of you should happen to go by 2A, we are not running a race track; that is our new bulletin board for recording the progress of our labor patients.

If by chance you should go by the Emergency Room, don't worry, that "fractured Spanish" you hear is only coming from one of our interns.

Despite Uncle Sam's effort to pull some of us away, we are trying to work together as before. Yes, Bob Greenwald, the house staff misses you.

Our chief resident, John Suidmak, was blessed with the cutest little boy in town. He and Paul Tucci spend most of lunch time comparing photos of their sons."

Ray Foley, M.D., "finished a Rotating Internship at Mary Immaculate Hospital, Jamaica, N. Y. In June he married the former Miss Jean Cavanaugh, a graduate of Mount St. Vincent's College School of Nursing, who is at present a member of the faculty of the Flower and Fifth Avenue School of Nursing. Ray is engaged in General Practice at 201-18 35th Avenue, Bayside, L. I. and is on the Obstetrical Staff at Mary Immaculate Hospital, Jamaica, L. I."

Dr. and Mrs. John McCormack announce the arrival of Janice Theresa on December 22, 1951. Am associated with Dr. Dan Bradley in General Practice in Amityville, L. I. Don Delehanty, Bill Mooney and I completed our Internship at Flushing Hospital. Don is going in for Orthopedics and Bill for Obs.-Gyn.

Gertrude M. Novak, M.D., advises that she has a fellowship for study at the University of Berne for the academic year 1952-53.

Marie Dorothy Pulda, M.D., of 175 Lakeview Avenue, Lake Erskine, N. J., was married to Dr. James J. Fox, at Pompton, N. J., on September 27, 1952. The couple will live in Arlington, N. J.

Charles A. Robbins, Jr., writes: "After completing my internship in Cleveland, the Public Health Service has stationed me here in Philadelphia at 2nd and Chestnut at the O.P.D. Would be glad to see anyone in the area."

1952

Dr. and Mrs. Robert P. Bowen announce the birth of a third child and first daughter, Carla, on October 24th, 1952 at Middlesex Memorial Hospital, Middletown, Conn., where Dr. Bowen is interning.

FACULTY PERSONALS

Maxine Ann Weiss, Librarian at the Medical College, was married to Dr. S. Thomas Glasser, Assistant Professor at the Hospital, on Thursday, August 28, 1952.

Samuel J. Prigal, M.D., Assistant Professor of Medicine, and Chief of the Allergy Clinic, was recently awarded the second prize in an essay contest sponsored by the Mississippi Valley Medical Society. His topic was "The Interrelationship between Blepharo-Conjunctivitis and Sino-Respiratory Infections."

Dr. Irving Innerfield, Class of 1936, an assistant physiology professor, has conceived the idea of using a digestive chemical on blood ailments, treating 78 patients satisfactorily. Dr. Innerfield was assisted in this work by Drs. Wilfred Ruggiero, Alfred W. Schwartz and Alfred A. Angrist. The animal experiments were reported as successful. Report was made at the American College of Surgeons meeting.

Dr. John O. Vieta and J. E. Mule have recently reported the value of combined operations in the management of carcinoma in the head and neck.

Dr. Carl Neuberg, a member of the faculty under Professor Kleiner, has recently received a medal in biochemistry from the Societe de Chimie Biologique de France. At the same time he has received an honorary degree from the Free University of Berlin and was also made the first honorary member of the Japanese Society of Biochemistry.

His project dealt with the discovery of the method by which seemingly insoluble matter is made soluble and carried through the bodies of plants and animals, then redeposited again in the form of insoluble matter.

POST-GRADUATE SURGERY PERSONALS

Lieut. William J. A. Ford, Class of '47, and Graduate Fellow in Surgery, '48, who is now in the Marine Corps at Camp Lejeune, N. C., will be married on Saturday, November 8th, 1952, to Eileen Rita Mara Johnson, in Saint Francis Xavier Chapel, Camp Lejeune.

Dr. Frederick J. Kardys, Graduate Surgery Class 1946, is resident at St. Francis Hospital, Hartford, Conn.

Dr. George P. B. Lanfranchi, '42, Graduate Surgery Class of 1947, writes: "Dear Uncle Joe: Unable to attend the reunion—am attending course at Walter Reed Army Medical Center on Exfoliative Cytology and Detection of Cancer. Hope to see you soon. Your Nephew."

Dr. Edgar L. Latimer, Graduate Surgery Class of 1950, Salisbury, N. C., writes: "Dear Dr. Fobes: I meant to write you before but with all the things I had to do trying to get started in my practice, I sort of let letter writing slip. My practice got started about August 1st, and it has been going very well. I average between two and four major cases a week, usually with some lesser things besides, such as traumatics, D & C's, etc. Of course I could gladly handle much more, but I think it's a pretty good start. We have a nice 225-bed hospital. Salisbury is only a little over twenty thousand, but the hospital services a population of almost eighty thousand. There are four general surgeons including myself. It is a very nice place to live. The people are very friendly and cooperative. The only thing that seems troublesome is the possibility of my going into the Service. I've had twenty months service, which apparently isn't quite enough. I was hoping to get to the American College of Surgeons Meeting in New York this September, but I guess that when you're in practice for less than two months, it is good sense to keep yourself available. I just got an application from the College of Surgeons and am going to apply soon. I hope that you are feeling well. I couldn't quite get over your playing 18 holes that unbearably hot day last June. You're probably in better condition than I am. I trust that your daughter is continuing to do well. Say hello to Elaine for me and I'll certainly call in to see you folks when I'm in New York again. Sincerely, Ed Latimer."

Dr. Elias D. Lawrence, Graduate Fellow in Graduate Surgery, Class of 1940-41. Dr. and Mrs. Elias D. Lawrence announce the arrival of Daniel Mark, on September 19th, 1952.

Dr. Norman H. LeTourneau, 1893 Wilshire Blvd., Los Angeles, Calif., Surgical Graduate Class of 1940-41, Degree 1943, Doctor of Medical Science (Surgery), writes: "I have received your gracious invitation to the Annual Luncheon of the Uncle Joe Surgical Club, and I wholeheartedly wish I might attend. However, the three thousand miles between New York and California make it impossible. I send you my best wishes for the success of your Luncheon. I hope that when I make my trip back East next year I will have the pleasure of seeing you. With kindest regards, Yours very sincerely."

Dr. Eugene J. Lusardi, '12/43, Graduate Surgery Class of March '47. "Dear Dr. Fobes: My brother, Dr. Eugene J. Lusardi, asked me to write to you regarding the Luncheon to be held at the Waldorf on September 26th. He is sorry to say he will be unable to attend due to the fact that he is practicing out of town, and would find it impossible to be there on time. He asked me to tell you that his office is now located in Cold Spring (on Hudson) N. Y. Please be assured he wishes he could be with you all on that day. Sincerely, Ada Lusardi."

Dr. Samuel G. Reisman, Detroit, Michigan, writes: "I deeply regret that I will be unable to attend the Annual Luncheon of the Uncle Joe Surgical Club on Friday, September 26th, as my schedule for that week is quite stiff. However, I will be thinking of you and the rest of the boys, and wishing I were there. I am receiving the current doctors reports, and am able to keep up on the happenings. My practice is advancing very well. The three daughters are growing up fast, and there is another heir or heiress on the way. Again, let me express my regret at not being able to attend this year, and I will most

certainly try to make it next year, if at all possible. With best wishes to you and all the boys, I remain, Sincerely. PS.—You will be interested to know that I passed the second part of the boards in October of last year."

* * * *

Dr. James Gregory Robertson, Carrolton, Georgia, Graduate Surgery, Class of 1949-50, has finished his residencies at Coney Island and in Plastic Surgery at New York Hospital. Jim and his nice young wife have been catching swordfish at Miami, and have sent a picture to prove it.

* * * *

Dr. Joseph Sarullo, Class of '41, and Graduate Surgery '46, was unable to attend this year's Annual Luncheon, as he is still in active duty with the United States Army, stationed at present in Camp Roberts, Calif.

* * * *

Dr. Harry Schwartz, Graduate Surgery '50, resident at Greenpoint Hospital, Brooklyn, is taking frozen Sections for Vitamin content Analyses in Evisceration Cases. He is going to take cultures of stomach also.

* * * *

Dr. Benjamin J. Steinberg, Gadsden, Alabama, Graduate Class of '51. "Dear Uncle Joe: Received your note about dinner at the Waldorf, but I am very sorry, the distance is too great. I have been as busy as can be getting my office set up and the million and one things I don't know about, straightened out. However, they are now falling into line. I opened "semi" officially on September 1st and already have some major surgical procedures under my belt. I haven't had a chance to let you know, but you were right. I did pass my Board. Please give my best to Elaine and all the doctors from whom I learned so much. Please let me hear from you. As ever, respectfully yours, Ben."

* * * *

Dr. Ernest A. Sinclair, City Hospital, Akron, Ohio, Graduate Surgery Class of 1949, writes: "My wife and I just returned to Akron after a fourteen day vacation, during which we drove about 4,000 miles and had a wonderful time, and are indeed very pleased at being able to see the richness of the land and the beauty of this vast country. It was a great experience. We spent three days in Chicago with a Dr. and Mrs. Rice. Mrs. Rice is the sister of the Drs. Arthur and Carl Compton of world fame. We visited the Arts and Science Museum, the Planetarium, Aquarium, and the show "Guys and Dolls." Then we went to Rochester, Minn., and spent three days with Smithy (Lowell Smith, M.D., Graduate Surgical Class '49) and visited the Mayo Clinic. Smithy is doing very well indeed. The surgeons are very impressed with his work, and he has been given a first assistantship over fellows from other parts of the country. They appeared to be very impressed with his Basic Science Course training, and this probably was mainly responsible for giving him an advantage over others. Mrs. Smith (Rusty) and the baby were not with Smithy because of the Polio Epidemic in Rochester, and were on her father's farm in Iowa. We were very lucky to be there at that time because Eisenhower and Stevenson both spoke at the plowing contest nearby, and we saw and heard them. Smithy insisted on cooking a couple of meals for us, and I'll give you a good tip for when you are up there—he is a good cook. From there we went and spent one night on Smithy's wife's farm in Iowa. They are wonderful people and we enjoyed our stay. We then left for Colorado and spent one day traveling

atop the Rocky Mountains—It was like a dream—like being up in Kashmir or in the Swiss Alps. We spent another two days at Colorado Springs and felt like resigning the residency here and staying on!!! But alas! had to come back. While at the Mayo Clinic after talking to various Surgeons, etc., I decided to apply for a three year residency in Neuro Surgery for next year ie after I finish my training here. Dr. Craig, the chief of Neuro Surgery seems to think that I could get a fellowship and was quite impressed with my having taken the Basic Science Course. My wife will take the three year fellowship in Pediatrics there, if we can get in. I understand that your daughter was not too well. I do hope she is better now. I shall stop now with best regards to 'Uncle Joe' and thank you for all the kindness you have shown me. Yours sincerely,"
(Dr. Sinclair comes from Lehare in Pakistan, India, where his father is Dean of the Medical School.)

IN MEMORIAM

COLLINS, DR. PAUL A., New York, N. Y., was Chief Optomologist at the Harlem Hospital, N.Y.C., for many years, and at the time of his death he was Consultant, Department of Ophthalmology. Dr. Collins died on August 12, 1952 at the age of 67.

He was born in Oakland, Calif., and moved East with his parents at an early age. He attended school in Princeton, N. J. After graduation from High School he entered Lincoln University, Pennsylvania, graduating in 1908. He then entered New York Medical College and Flower Hospital, 1909, and was graduated M.D. in 1913.

He began the practice of medicine in Trenton, N. J. While there he served as Public School physician and as Medical Officer for the Bordentown Manuel Training School, Bordentown. He was a member of the McKinley Hospital staff, Trenton.

In 1920 Dr. Collins moved to New York City to continue his study of Eye, Ear, Nose and Throat at the New York Ophthalmic Hospital, under the direct and close association of Dr. Ralph I. Lloyd, to whom he owed much for the success of his specialization. He was a member of the staffs of New York Ophthalmic and Flower Hospitals, and later became associated with the Harlem Hospital, N.Y.C., where he served until his death. He was a member of the New York State Medical Society, a Mason, Elk, and a member of Alpha Phi Alpha and Chi Delta Mu Fraternities.

Surviving are his wife, Margaret; two daughters, Margaret and Patricia; a son, Paul, Jr.; and a grand daughter, Paula, and many other relatives.

A familiar and beloved citizen of his im-

mediate locality, Dr. Collins was active in social and political work for years. His interest in young physicians was manifest, and to him many are indebted.

CLIFFORD E. TERRY, M.D., '13

DOWKONTT, GEORGE, H., M.D. and Rev., Brooklyn, N. Y., was born in England, and was brought to this country when he was ten years old. He attended elementary school in Philadelphia, studied at Princeton University, and received his M.D. degree from our College in 1896. For the next three years he lived in Angola, West Africa, where he worked with missionaries and tended the sick. It was there he decided to enter the ministry and, returning to the United States he was ordained a Baptist minister in 1903. For several years he was minister of the Memorial Baptist Church, Brooklyn, and for thirty-three years minister of the South Brooklyn Baptist Church, and for many years superintendent of the Fulton Street Noon Prayer Meeting in Manhattan. Rev. Dowkontt died after an illness of seven months, at the age of 83. Surviving are his widow, Mrs. Eleanor Putnam Dowkntt; a daughter, Mrs. Albert H. Favre, and a son, George H. Dowkntt, Jr.

YOUNG, DR. WILLIAM DICKSON, Buffalo, N. Y., was born in Buffalo, N. Y. on March 1, 1872. He graduated from the State Normal School, Buffalo, and received his M.D. degree from our College in 1894. He interned at the Buffalo Homeopathic Hospital. Dr. Young was out of active practice for many years. He was a member of the National Boy Scout Council from 1929 to 1937, and in 1931 received the Silver Beaver Award for his "distinguished service to boyhood." Dr. Young died on March 21, 1952, aged 80.

MacMILLAN, DR. JOHN W., Maplewood, N. J., was born in Glasgow, Scotland, on July 25, 1863, and came to New York about the age of five. He received his M. D. degree from our College in 1886. Dr. MacMillan died of Acute Myocardial Infarction on July 8, 1952 at the age of 88.

REED, DR. MARK EUGENE, '98, Tonawanda, N. Y., died on July 6th, 1952, aged 76, of chronic myocarditis.

YAROW, DR. FANNIE H., New York, N. Y. received her M.D. degree from our College in 1922. Dr. Yarow died on May 8th, 1952 of cerebral accident, aged 62.

WHAT HAS HAPPENED?

Dignity was a part of the Medical Profession. Here was quiet controlled behavior that commanded respect. Without realizing it, it was this intangible that drew many young men to want to be doctors.

Since the war it has been in the air to break traditions, this in some instances has been good but breaking traditions of value means a loss. Young people delight in breaking traditions, it is natural to adolescence that does not yet know that man does not live long enough to start at the beginning. As we grow older and know more we feel the want of some of the things that we as youth trampled upon. It is the duty of those who are older to preserve things of value for the maturing generation. Dignity has many values and is historically not safe in the hands of freshmen or even sophomore wisdom. It is a responsibility of the more mature in control to pass on the benefits of past experience.

SPRAGUE CARLETON, M.D., '06

FACULTY AND ALUMNI PERSONNEL AT THE GRADUATE FORTNIGHT

Among those taking part in the Graduate Fortnight under the auspices of the New York Academy of Medicine—October 6th to 17th, 1952 were the following.

At The New York Medical College

Maurice M. Black	Walter Mersheimer
Claire E. Folsome	David Scherf
Alphonse Lombardi	William Silberblatt
Harry Loree	Francis D. Speer
Sidney Pearson	Martin Stone
Thomas H. McGavack	Jonas Weissberg

At Morrisania Hospital

D. Arbuse	E. Rubin
S. Gross	Wm. Schoenfeld
R. Greenberg	David Sternberg
P. Cohen	F. Williams
R. Kurznok	L. Nelson

Exhibits

Thomas H. McGavack	Ruth Strang
Sidney Pearson	Jonas Weissburg
R. G. Addison	J. H. Morton
J. J. Sullivan	L. Hunt
Kurt Lange	R. Weisman
F. Craig	Lawrence Slobody

Jacob Oberman

DR. FOBES ENTERTAINS DR. WARFIELD M. FIROR

Recently Dr. Fobes had the pleasure of entertaining Dr. Warfield M. Firor, Professor of

Surgery of Johns Hopkins Medical School. Professor Firor made an inspection of the College and was much interested in our Institution. Professor Firor had just finished a term as chairman of the American Board of Surgery. He presented a talk at the American College meeting on the Halsted operation for Breast Cancer. At present, Dr. Firor has one of our Graduate Fellows as resident in the Maryland General Hospital. He is Dr. Labeen N. Bokhair. Dr. Firor asked Dr. Fobes to send him another man like Dr. Bokhair.

Balance at present time, September	
19th, 1952	\$9,146.19
Respectfully submitted	
WALTER L. MERSHEIMER, M.D.	
Treasurer	

MR. EVERSLEY CHILDS, Jr.

Mr. Eversley Childs, Jr. died suddenly on October 29th, 1952 at the Flower and Fifth Avenue Hospitals.

The Board of Trustees and Officers of the New York Medical College, Flower and Fifth Avenue Hospitals note with deep sorrow the passing of Eversley Childs, Jr. As Trustee, Treasurer and Chairman of the Finance Committee, he played an important part in the advancement of the building, financial, educational and humanitarian objectives of the College and Hospital. Many have and will benefit by his work, for which he will always be remembered. The Trustees and Officers extend to the members of his family their deepest sympathy.

GEORGE LINK, JR.
Assistant Secretary

A. E. Greenwald, M.D., Newark City Hospital, Resident Staff

H. Schreck, M.D., Newark City Hospital, Surgical Staff

N. Manowitz, M.D., Newark City Hospital, Resident Staff

0:45—*Panel Discussion*

Moderator: J. H. Fobes, M.D., Professor and Director, Graduate Surgery, New York Medical College

Panel 1—J. W. Winfield, M.D., Professor and Director of Surgery, New York Medical College.

2—W. L. Mersheimer, M.D., Associate Professor of Surgery, New York Medical College.

3—Charles E. Rich, M.D., Director of Surgery, Newark City Hospital.

4—William D. Crecca, M.D., Attending Surgeon, Newark City Hospital.

5—C. Mac Arthur, M.D., Attending Surgeon, Newark City Hospital.

IN MEMORIAM

EVANS, DR. GEORGE E., was born in Rochester, New Hampshire on September 4, 1868. He graduated from the Rochester, N. H. High School, and received his M.D. degree from our College in 1896. Dr. Evans interned at Grace Hospital, New Haven, Conn., and later took a post-graduate course. He was a specialist in Nose and Throat and Anesthesia. He was a member of the Connecticut State Homeopathic Medical Society and the American Institute of Homeopathy. Dr. Evans died on August 24th, 1952, aged 83.

STUDENT LOAN FUND CARNIVAL

The 1952 Student Loan Fund Carnival which was held on Friday evening, October 24, 1952 transformed the New York Medical College into a replica of Shubert Alley with "Whoopie" as the theme of this year's Carnival. The entire lobby was artistically decorated with murals and playbills representing show business. "South Pacific" was the theme

SURGICAL INSTRUMENTS

carried out in the Auditorium. The highlight of the evening came when Anne Hogan, Miss Rheingold of 1952, crowned Miss Vera Ignatieff, Graduate of the Class of March 1951, of the Flower-Fifth Avenue School of Nursing, the Carnival Queen. Miss Rheingold then drew for the winner of the 1952 DeLuxe Ford Sedan. Although he was not present to receive it, Dr. Louis Huttner of Jamaica, Long Island, Class of 1934, is now the proud owner of a new Ford Sedan. The Carnival spirit prevailed throughout the College as crowds went from booth to booth attracted by many new and fascinating carnival games, and by the lively notes from the New York Medical College Dixieland Band. This extravaganza is held annually for the benefit of the Student Loan Fund which has been rapidly growing each year. The final tally for this year has not been completed but the proceeds, after meeting all costs, will be approximately seven thousand dollars.

William R. Flynn, Chairman of the 1952 Carnival Committee and John N. Rizzi, Subscriptions Chairman wish to thank alumni and faculty for their contributions and their support of the 1952 Carnival.

KATHLEEN C. MacGRADY,
Director of Student Personnel

On every count... *superior*
vitamin supplements for infants

*the
versatile
"Vi-Sols"*

3 water-soluble
vitamin
preparations
for drop
dosage

acceptability

The superior flavor of all three
"Vi-Sols" assures patient
acceptance. Mothers appreciate
their convenience too.

dispersibility

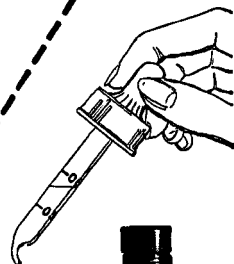

With their clear, non-sticky tex-
ture, the "Vi-Sols" disperse
instantly in fruit juice or water;
mix readily with formula.

hypallergenicity

Since all their vitamins are in
synthetic form, the "Vi-Sols"
are well tolerated even by allergic
patients.

stability

Stable at room temperature, the
"Vi-Sols" require no refrigera-
tion. They may safely be auto-
claved with the formula.
