## MESSAGE FROM THE DEAN

A law school's newspaper plays a critical role in disseminating information throughout the school and informing the outside world of what is happening there. It is important to our development that we have a newspaper that comprehensively reports on activities within the School.

We cannot have an effective newspaper unless the newspaper has an adequate staff. Unfortunately, especially this year, there have been very few students willing to serve on the staff of the newspaper. One or two people have been carrying the major burden. Covering events at the Law School for the newspaper is not onerous. Serving as a reporter is one way to develop writing skills. I urge you to give consideration to working with the RESTATEMENT. It is important for the Law School and will be a good experience for you.
